### Investment Policy and Principal Investment Strategy

The Fund will invest at least 70% of its NAV (both inclusive) in equities that are listed on the Shanghai Stock Exchange or the Shenzhen Stock Exchange ("China A-Shares") directly via RQFII quota. Under general market conditions, the Fund will seek opportunities within the China A-Shares universe by focusing mainly in mid-capitalization and/or small-capitalization companies which we believe will exhibit good growth potential when compared against its peers or the overall market. The Fund may also opt to seek investment exposure via CIS that is in line with the Fund's objective, subject to the requirements of the SC Guidelines. The Fund may invest the remaining of its NAV in liquid assets, i.e. Deposits and money market instruments for liquidity purpose.

We have appointed CCB Principal Asset Management Co. Ltd. ("CCBPAM"), a company incorporated in China, as the Sub-Adviser of the Fund ("Sub-Adviser"). CCBPAM will provide investment research and stock recommendation to us in accordance with the investment objective and within the investment restrictions of the Fund. The Sub-Adviser utilizes CCBPAM's in-house developed proprietary multi-factor model as a tool for the stock selection and portfolio construction. The multiple factors embedded within the model act as the criteria in the stock selection and portfolio construction by taking into account the elements that will affect the investment returns, ranging from fundamental, technical to sentimental aspect. The factors are actively revised, where they can be adjusted continuously in accordance with changes in the market.

We will adopt an active investment strategy with frequency that will depend on the market conditions and the market outlook. Risk management, with an emphasis on portfolio diversification, will form an integral part of the investment process. The Fund is constructed and managed within guidelines including risk returns trade-off, which will be monitored and reviewed regularly by the investment management team. The risk management strategies and techniques employed include diversification of the Fund's asset allocation in terms of its exposure to various sectors, industries and companies. In times of adversity in equity markets and as part of its risk management strategy, we may take temporary defensive positions that may detract from the

Fund's prescribed asset allocation. We may from time to time reduce the proportion of equities and increase the asset allocation to liquid assets such as money market instruments and/or Deposits to safeguard the investment portfolio of the Fund.

When deemed necessary, we may also utilize derivatives instruments, subject to the SC Guidelines, for purpose of hedging. In the event of a downgrade of a counter-party of an OTC derivative below the minimum long-term rating as per the SC Guidelines, we reserve the right to deal with the OTC derivative in the best interest of the Unit holders.

#### **1.7. RISK FACTORS**

##### **1.7.1. GENERAL RISKS OF INVESTING IN A UNIT TRUST FUND**

Any investment carries with it an element of risk. Therefore, prior to making an investment, you should consider the following risk factors in addition to the other information set out in this Prospectus.

##### **Returns not guaranteed**

The investment of the fund is subject to market fluctuations and its inherent risk. There is **NO GUARANTEE** on the investment returns, nor any assurance that the Fund's investment objective will be achieved.

##### **General market environment risk**

Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the fund's NAV.

##### **Inflation risk**

This is the risk that your investment in the unit trust fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce your purchasing power even though the value of the investment in monetary terms has increased.

##### **Manager's risk**

This risk refers to the day-to-day management of the fund by the manager which will impact the performance of the fund. For example, investment decisions undertaken by the manager, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the fund.

##### **Loan financing risk**

This risk occurs when you take a loan/financing to finance your investment. The inherent risk of investing with borrowed money includes you being unable to service the loan repayments. In the event units are used as collateral, you may be required to top-up your existing installment if the price of units fall below a certain level due to market conditions. Failing which, the units may be sold at a lower NAV per unit as compared to the NAV per unit at the point of purchase towards settling the loan.

##### **1.7.2. SPECIFIC RISKS ASSOCIATED WITH THE INVESTMENT PORTFOLIO OF THE FUND**

There are specific risks associated with the investment portfolio of the Fund, which include but are not limited, to the following:

##### **Stock specific risk**

Prices of a particular stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such stock will adversely affect the Fund's NAV.

**Country risk**

Investments of the Fund may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of China. For example, if the economic condition of China deteriorates, it may adversely affect the value of the investments undertaken by the Fund in China. This in turn may cause the NAV of the Fund or prices of units to fall.

**Credit and default risk**

Investment of the Fund may involve a certain degree of credit and default risk when the Fund invests in money market instruments and/or place Deposits. Generally, credit and default risk is the risk of loss due to the counterparty's and/or issuer's non-payment or untimely payment of the investment amount as well as the returns on investment.

**Liquidity risk**

Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.

**Currency risk**

There are 2 levels of currency risk associated with the investment of this Fund:

- **Currency risk at the Fund level**

The Fund will invest primarily in the mainland China market that is denominated in RMB. You should note that the RMB is currently not a freely convertible currency as it is subject to foreign exchange control policies and restrictions of the Chinese government. Trading in the RMB may be subject to possible delay in the settlement process. Any devaluation of the RMB could adversely affect the value of your investments in the Fund.

- **Currency risk at the Class level**

You should also be aware that currency risk is applicable to Class(es) which is in a different currency than the base currency of the Fund. The impact of the exchange rate movement between the base currency of the Fund and the currency denomination of the respective Class(es) may result in a depreciation of the value of your holdings as expressed in the currency denomination of the respective Class(es).

**RQFII regime risk**

- **RQFII quota**

Under prevailing regulations in mainland China, foreign investors who wish to invest directly in the mainland China domestic securities market may obtain the RQFII license approved by the China Securities Regulatory Commission ("CSRC") and obtain investment quota approved by the State Administration of Foreign Exchange ("SAFE").

Principal Malaysia have been granted the RQFII license with a preliminary investment limit of RMB1.6 billion. Subject to the utilisation of the quota and the requirements of SAFE, Principal Malaysia may apply to increase its investment quota, of which is at the discretion of SAFE. You should note that, the Fund's ability to invest directly in China A-Shares through RQFII regime is subject to the RQFII quota of Principal Malaysia. As such, as part of the RQFII investment quota management, we have absolute discretion to suspend the application of units of the Fund when we deem necessary, such as when the utilisation of RQFII quota is approaching its approved quota limit.

If the sale is suspended, applications for subscription of units will not be processed and monies received will be returned to you. There may also be circumstances where only partial subscriptions for the day can be accepted for processing due to the availability of quota. In such circumstances, we have the absolute discretion to select applications for processing based on our internal practice subject to such application transaction forms being completed. For avoidance of doubt, please note that your submission for application of units through the distributors may not indicate the acceptance for processing by us. For confirmation, you are advised to seek confirmation of transactions through their distributors on the business day after the application is submitted.

- **RQFII regulation**

Any changes to the relevant rules and regulations pertaining to the RQFII regime may have an adverse impact on investments made by the Fund. The current RQFII rules and regulations are subject to change from time to time. In the worst case, the RQFII License of Principal Malaysia may be retracted. Under such circumstance, we will seek alternative methods to access the China markets, such as through Stock Connect. Alternatively, if we are of the opinion that this affects the operational efficiency of the Fund, we may deem it no longer viable to operate the Fund, and hence terminate the Fund.

**The above summary of risks does not purport to be an exhaustive list of all the risk factors relating to investments in the Fund and are not set out in any particular order of priority. You should be aware that an investment in a unit trust fund may be exposed to other risks from time to time. If in doubt, you should consult professional advisers for a better understanding of the risks.**

## 2. FEES, CHARGES AND EXPENSES

### 2.1. CHARGES

The following describes the charges that you may incur **directly** when you buy or withdraw units of the Classes.

#### 2.1.1. Application Fee

When applying for unit of a Class, you may be charged an Application Fee based on the NAV per unit of the respective Class. Please refer to the Annexure of the respective Class for further information. If you invest via EPF-MIS (where available), you may be charged an Application Fee of up to 3.00% of the NAV per unit, or such other rate as may be determined by the EPF.

Below is an illustration on how the Application Fee is calculated:-

	Class ABC (Denominated in MYR)	Class XYZ (Denominated in USD)
Investment amount	MYR 10,000	USD 10,000
NAV per unit	MYR 1.0000	USD 1.0000
Application Fee (NAV per unit)	5.50%	5.50%
Units issued to Unit holder = $\frac{\text{Investment amount}}{\text{NAV per unit}}$	= $\frac{\text{MYR } 10,000.00}{\text{MYR } 1.0000}$ = 10,000 units	= $\frac{\text{USD } 10,000.00}{\text{USD } 1.0000}$ = 10,000 units
Total Application Fee = Units issued to Unit holder x NAV per unit x Application Fee (%)	= 10,000 units x MYR 1.0000 x 5.5% = MYR 550.00	= 10,000.00 units x USD 1.0000 x 5.5% = USD 550.00

**Note:** Please note that the above example is for illustration purpose only. The Application Fee imposed will be rounded to two (2) decimal places.

#### 2.1.2. Withdrawal Penalty

Nil.

#### 2.1.3. Switching Fee

Switching is treated as a withdrawal from a Class and an investment into another Class or Principal Malaysia's fund (or its class). As such, you may be charged a Switching Fee equal to the difference (if any) between the Application Fee of the Class and the Application Fee of the other Class or Principal Malaysia's fund (or its class). Switching Fee will not be charged if the Class or Principal Malaysia's fund (or its class) to be switched into has a lower Application Fee. In addition, you may be charged administrative fee for each switch. Please refer to the Annexure of the respective Class for further information.

#### 2.1.4. Transfer Fee

You may be charged Transfer Fee for each transfer. Please refer to the Annexure of the respective Class for further information.

## 2.2. FEES AND EXPENSES

All expenses of the Fund will generally be apportioned to each Class currently available for sale based on the MCR except for Management Fee, and those that are related to the specific Class only, such as, the cost of Unit holders meeting held in relation to the respective Class. If in doubt, you should consult professional advisers for better understanding.

The following describes the fees that you may incur **indirectly** when you invest in a Class.

### 2.2.1. Management Fee

Please note that the Management Fee is charged to the respective Class at the Class level, based on the NAV of the Class. Please refer to the Annexure of the respective Class for further information. The Management Fee shall be accrued daily and paid monthly.

Below is an illustration on how the Management Fee is calculated, assuming Management Fee of 1.80% per annum and RMB 150 million each for both Class ABC and Class XYZ:-

	Class ABC (Denominated in MYR) (RMB)	Class XYZ (Denominated in USD) (RMB)
Management Fee	1.80% per annum	1.80% per annum
NAV of the Class	RMB 150 million	RMB 150 million
Management Fee for the day = NAV of the Class x Management Fee rate for the Class (%) /365 days	= RMB 150 million x 1.80% / 365 = RMB 7,397.26	= RMB 150 million x 1.80% / 365 = RMB 7,397.26

**Note:** In the event of a leap year, the computation will be based on 366 calendar days.

### 2.2.2. Trustee Fee

Please note that the Trustee Fee (including local custodian fee but excluding foreign sub-custodian fees and charges) charged to the Fund is based on the NAV of the Fund. The Trustee Fee shall be accrued daily and paid monthly.

The Trustee Fee is up to 0.06% per annum for the Fund.

Below is an illustration on how the Trustee Fee is calculated, assuming the NAV of the Fund is RMB 150 million:-

$$\begin{aligned}
 \text{Trustee Fee for the day} &= \text{NAV of the Fund} \times \text{annual Trustee Fee rate for the Fund (\%)} / 365 \text{ days} \\
 &= \text{RMB } 150 \text{ million} \times 0.06\% \text{ per annum} / 365 \text{ days} \\
 &= \text{RMB } 246.58
 \end{aligned}$$

**Note:** In the event of a leap year, the computation will be based on 366 calendar days.

### 2.2.3. Other Expenses

The Deed also provides for payment of other expenses. The major expenses recoverable directly from the Fund include:

- expenses incurred in the sale, purchase, insurance, custody and any other dealings of investments including commissions/fees paid to brokers;
- costs involved with external specialists approved by the Trustee in investigating and evaluating any proposed investment;
- (where the foreign custodial function is delegated by the Trustee for foreign investment), charges and/or fees paid to the sub-custodian;
- expenses incurred in preparation and audit of the taxation returns and accounts of the Fund, including the printing of, purchasing of stationery and postage for the annual and interim (if any) reports;
- remuneration and out of pocket expenses of the independent members of the investment committee unless we decide to bear the same;
- tax and other duties imposed by the government and other authorities, and bank fees;
- the fees and other expenses properly incurred by the auditor of the Fund and tax agent;
- fees for valuation of any investment of the Fund paid to independent valuers for the benefit of the Fund;
- costs incurred for the modification of the Deed for the benefit of Unit holders;
- costs incurred for any meeting of Unit holders other than those convened for our benefit or Trustee's; and
- all costs and/or expenses associated with the distributions declared pursuant to this Deed and the payment of such distribution including without limitation fees, costs and/or expenses for the revalidation or reissuance of any distribution cheque or distribution warrant or telegraphic transfer.

Expenses not authorised by the Deed must be paid by us or the Trustee out of our own respective funds if incurred for our own respective benefit.

**2.2.4.** We and the Trustee are required to ensure that any fees or charges payable are reasonable and in accordance with the Deed which stipulates the maximum rate in percentage terms that can be charged. Should the Fund invest into units of other CIS that are managed by us or our related corporation, we will ensure that all initial charges are waived and there is no double charging of management fees. All expenses of the Fund will generally be apportioned to each Class currently available for sale based on the MCR except for Management Fee and those that is related to the specific Class only, such as, the cost of Unit holders meeting held in relation to the respective Class. If in doubt, you should consult professional advisers for better understanding.

You should note that we may alter the fees and charges (other than the Trustee Fee) within such limits, and subject to such provisions, as set out in the Deed and the SC Guidelines.

You should note that we may, for any reason at any time, where applicable, waive or reduce the amount of any fees (except the Trustee Fee) or other charges payable by you in respect of the Fund, either generally (for all investors) or specifically (for any particular investor, a group of investors or investments made via digital platform) and for any period or periods of time at our absolute discretion.

### **2.3. REBATES AND SOFT COMMISSIONS**

We and the Trustee will not retain any form of rebate or soft commission from, or otherwise share in any commission with, any broker in consideration for directing dealings in the investments of the Fund unless the soft commission received is retained in the form of goods and services such as research and advisory services that assist in the decision making process relating to the Fund's investments. All dealings with brokers are executed on most favourable terms available for the Fund. Any rebates will be directed to the account of the Fund.

**There are fees and charges involved and you are advised to consider them before investing in the Fund.**

**All fees and charges payable by you and/or the Fund are subject to any applicable taxes and/or duties as may be imposed by the government or other authorities (if any) from time to time. As a result of changes in any rule, regulation, directive, notice and/or law issued by the government or relevant authority, there may be additional cost to the fees, expenses, charges and/or taxes payable to and/or by the Fund or you as disclosed or illustrated in the Prospectus.**

**We have the discretion to amend the amount, rate and/or terms and conditions for the above-mentioned fees, charges and expenses from time to time, subject to the requirements stipulated in the Deed. Where necessary, we will notify the Trustee and communicate to you or seek your approval on the amendments to the fees and charges.**

## 3. TRANSACTION INFORMATION

### 3.1. VALUATION OF INVESTMENTS PERMITTED BY THE FUND

We will carry out the valuation of the Fund in a fair manner in accordance with applicable law and guidelines. The valuation bases for the investment permitted by the Fund are as below:

- **Listed securities**  
The value of any permitted investments, which are quoted on an exchange, shall be calculated daily by reference to the last transacted price on that exchange. If the last transacted price does not represent the fair value of the securities, then the securities should be valued at fair price as determined in good faith by us, based on the methods or bases approved by the Trustee after appropriate technical consultation, such as the mean of bid and offer prices at the close of trading. Suspended securities will be valued at their last done price unless there is conclusive evidence to show that the value has gone below the suspended price or where the quotation of the securities has been suspended for a period exceeding fourteen (14) days or such shorter period as agreed by the Trustee, whereupon their fair value will be determined in good faith by us based on the methods or bases approved by the Trustee after appropriate technical consultation.
- **Unlisted securities**  
The valuation of equities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing or quotation and are offered directly to the Fund by the issuer shall be valued daily at the issue price of such equities. The value will be determined by the financial institution that issued the instrument.
- **Collective investment schemes**  
The value of any investment in CIS which are quoted on an approved exchange shall be calculated daily in the same manner as other listed securities described above. When investing in unlisted CIS, the value shall be determined by reference to the last published repurchase/redemption NAV per unit for that CIS.
- **Money market instruments**  
Money market instruments such as negotiable instrument of deposits and commercial papers shall be valued by reference to the quotes provided by independent and reputable pricing source(s), which is deemed fair value, includes but not limited to Bond Pricing Agency (“BPA”) registered by the SC. Where the quotes are provided by financial institutions, the valuation of the money market instruments will be based on the average of bid and offer prices quoted by three (3) independent and reputable financial institutions of similar standing at the close of trading, based on the methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.
- **Deposits**  
The value of Deposits shall be determined each day by reference to the principal value of such permitted investments and the accrued income thereon for the relevant period.

If the value of the Fund’s assets is denominated in a currency other than RMB, the assets are translated on a daily basis to RMB based on the bid foreign exchange rate quoted by either Bloomberg or Reuters at UK time 4:00 p.m. on the same day (Malaysian time 11:00 p.m. or 12:00 a.m.), or such other time as stipulated in the IMS.

### 3.2. UNIT PRICING

We adopt a single pricing method for any transactions (i.e. applications, withdrawals, switches and/or transfers) based on forward prices. This means that we will process your transactions request based on the NAV per unit at the next valuation point after we receive the completed relevant transaction forms from you.

If the transactions are made by 4:00 p.m. on a Business Day, we will process the transactions using the NAV per unit for that Business Day. For transactions made after 4:00 p.m. on a Business Day, we will process the transactions using the NAV per unit on the next Business Day. However, you should note that we have the discretion to suspend the sale of units of the Fund if we deem the total direct investment in Mainland China via the RQFII quota is reaching to its approved quota limit. If the sale is suspended, applications for subscription of units will not be processed and monies received will be returned to investors. Please refer to the “Risk Factors” section commencing on page 4 for more information.

We will carry out valuation of the Classes for each Business Day on the next Business Day (T+1) by 4:00 p.m. This is to cater for the currency translation of the foreign securities or instruments to the Fund’s base currency based on the bid exchange rate quoted by Bloomberg or Reuters at UK time 4:00 p.m. on the same day (Malaysian time 11:00 p.m. or 12:00 a.m.), or such other time as stipulated in the IMS. The NAV per unit for a Business Day is available on our website at <http://www.principal.com.my> after 5:30 p.m. on the following Business Day (T+1).

#### **Illustration:**

*For transaction request received by us by 4:00 p.m. on a Business Day*

*At the end of the Business Day on 6 August 2019, your units will be based on the NAV per unit on 6 August 2019, which will be calculated on 7 August 2019. The NAV per unit will be made known on our website after 5:30 p.m. on 7 August 2019.*

For transaction request received by us after 4:00 p.m. on a Business Day

At the end of the Business Day on 6 August 2019, your units will be based on the NAV per unit on 7 August 2019, which will be calculated on 8 August 2019. The NAV per unit will be made known on our website after 5:30 p.m. on 8 August 2019.

The Fund must be valued at least once every Business Day. The method of determining NAV per unit is calculated as follows:

$$\text{NAV per unit} = \frac{\text{NAV of the Class}}{\text{Number of units in issue of the Class}}$$

The NAV of the Fund is the sum of the value of all investments and cash held by the Fund (calculated in accordance with the Deed) including income derived by the Fund which has not been distributed to you, less all amounts owing or payable in respect of the Fund which also includes any provisions that may be made by us and the Trustee. For example, a provision may be made for possible future losses on an investment which cannot be fairly determined.

The valuation of the Fund is in the base currency i.e. RMB. As such, all the assets and liabilities of each Class will be translated into RMB for valuation purposes. The foreign exchange rate used for this purpose shall be the bid exchange rate quoted by Bloomberg or Reuters at UK time 4:00 p.m. (Malaysian time 11:00 p.m. or 12:00 a.m.), or such other time as stipulated in the IMS. The NAV per unit of each Class will be the NAV of the Fund attributable to each Class divided by the number of units in circulation of that Class, at the same valuation point.

**Note:** We will ensure the accuracy of the prices submitted to the Federation of Investment Managers Malaysia - Funds Malaysia System.

### 3.2.1. Multi-class Ratio (MCR)

MCR is the apportionment of the NAV of each Class over the Fund's NAV based on the size of each Class. The MCR is calculated by dividing the NAV (in RMB) of the respective Class by the NAV of the Fund before income and expenses for the day. The apportionment is expressed as a ratio and calculated as a percentage.

Below is an illustration on computation of the NAV of the Fund:

	Fund (RMB)	Class ABC (Denominated in USD) (RMB)	Class XYZ (Denominated in MYR) (RMB)
NAV of the Fund before income and expenses	185,942,897	173,342,897	12,600,000

<sup>(1)</sup> MCR computation

	Class ABC (Denominated in USD) (RMB)	Class XYZ (Denominated in MYR) (RMB)
<u>NAV of the Class x 100</u>	<u>173,342,897 x 100</u>	<u>12,600,000 x 100</u>
NAV of the Fund before income and expenses	185,942,897	185,942,897
	= 93.22%	= 6.78%

<sup>(2)</sup> Apportionment based on MCR is as follows:

	(RMB)	Class ABC (Denominated in USD) (RMB)	Class XYZ (Denominated in MYR) (RMB)
Add: Income	30,000	MCR x Income = Income for Class ABC = 93.22% x RMB 30,000 = RMB 27,967	MCR x Income = Income for Class XYZ = 6.78% x RMB 30,000 = RMB 2,033
Less: Expenses	(10,000)	MCR x Expenses = Expenses for Class ABC = 93.22% x RMB 10,000 = RMB 9,322	MCR x Expenses = Expenses for Class XYZ = 6.78% x RMB 10,000 = RMB 678

Creation of units	RMB 654,450.26	RMB 160,436.39

**Note:** Please note that the above is for illustration purpose only. NAV per unit is truncated to four (4) decimal places.

**3.2.2. Calculation of investment amount and units entitlement**

The calculation below is for illustration only and does not represent the actual percentage or amount that you may incur for in each Class. Please refer to the Annexure of the respective Class for the actual percentage or amount of charges.

**Illustrations:**

**Calculation of number of units received, Application Fee and total amount payable by you**

**Assumptions:**

NAV per unit of Class XYZ denominated in MYR = RM1.0000 (truncated to 4 decimal places)  
 Application Fee = 5.50%  
 You wish to invest RM10,000 in the Fund.

Calculation of number of units that you will receive\*

= Investment amount / NAV per unit of Class XYZ  
= RM10,000.00 / RM1.0000  
= 10,000 units

Calculation of Application Fee that you will incur (payable in addition to the amount invested)

= NAV per unit of Class XYZ x number of units received x Application Fee rate  
= RM1.0000 x 10,000 units x 5.50%  
= RM550.00

Calculation of total amount that you will have to pay

= Investment amount + Application Fee paid  
= RM10,000.00 + RM550.00  
= RM10,550.00

\* The number of units you will receive will be rounded down to two (2) decimal places.

**Calculation of investment value**

Assuming you have 40,000 units Class XYZ of the Fund and the NAV per unit of Class XYZ for the Business Day is RM1.0240 (truncated to 4 decimal places).

Calculation of investment value

= Number of units x NAV per unit of Class XYZ  
= 40,000 units x RM1.0240  
= RM40,960.00

**Calculation of withdrawal value and amount payable to you**

Assuming you request for a 10,000 units withdrawal from your investment. Your withdrawal request is received by us by 4:00 p.m. on a Business Day. The NAV per unit of Class XYZ for that Business Day is RM1.0240 (truncated to 4 decimal places).

Calculation of amount payable to you

= Number of units withdrawn x NAV per unit of Class XYZ  
= 10,000 units x RM1.0240  
= RM10,240.00

\* There is no Withdrawal Penalty for Class XYZ of the Fund. Hence, the amount payable to you is the withdrawal value.

### 3.3. INCORRECT PRICING

We shall take immediate remedial action to rectify any incorrect valuation and/or pricing of the Fund or units of the Fund. Where such error has occurred, we shall reimburse the money in the following manner:

- (a) in the event of over valuation and/or pricing, we shall reimburse:
  - i. the Fund for any withdrawal of units; and/or
  - ii. you, if you have purchase units of the Fund at a higher price; or
- (b) in the event of under valuation and/or pricing, we shall reimburse:
  - i. the Fund for any subscription of units; and/or
  - ii. you, if you have withdrawn units of the Fund at a lower price.

Notwithstanding the above, unless the Trustee otherwise directs, we shall make the reimbursement as per the IMS, only where an incorrect pricing:

- (i) is equal or more than 0.50% of the NAV per unit; and
- (ii) results in a sum total of RM10.00 or more to be reimbursed to a Unit holder for each sale or repurchase transaction.

We shall have the right to amend, vary or revise the above said limits or threshold from time to time, subject to any regulatory or governing body's requirements.

### 3.4. INVESTING

**You are advised not to make payment in cash to any individual agent when purchasing units of a fund.**

- 3.4.6.** Please take note that if your investments are made through an IUTA via a nominee system of ownership, you would not be deemed as a Unit holder under the Deed and as a result, you may not exercise all the rights ordinarily conferred to a Unit holder (e.g. the right to call for Unit holders' meetings and the right to vote at a Unit holders' meeting).

### 3.5. MINIMUM INVESTMENTS

The minimum initial and additional investment for each Class may differ and may be determined by us from time to time. Please refer to the Annexure of the respective Class for further information.

#### 3.5.1. Processing an application

If we receive a complete application by 4:00 p.m. on a Business Day, we will process it using the NAV per unit for that Business Day. If we receive the application after 4:00 p.m. on a Business Day, we will process it using the NAV per unit for the next Business Day. We will only process the completed applications with all the necessary information. The number of units you receive will be rounded down to two (2) decimal places.

**Note:** You should note that we have the discretion to suspend the sale of units of the Fund if we deem the total direct investment in Mainland China via the RQFII quota is reaching to its approved quota limit. If the sale is suspended, applications for subscription of units will not be processed and monies received will be returned to you. Please refer to the "Risk Factors" section commencing on page 4 for more information.

### 3.6. MINIMUM WITHDRAWALS

The minimum withdrawal amount for each Class may differ and may be determined by us from time to time, unless you are withdrawing your entire investment. #### 3.6.1. Processing a withdrawal

If we receive a complete withdrawal request by 4:00 p.m. on a Business Day, we will process it using the NAV per unit for that Business Day. If we receive the withdrawal request after 4:00 p.m. on a Business Day, we will process it using the NAV per unit for the next Business Day (T+1). The amount that you will receive is calculated by the withdrawal value less the Withdrawal Penalty, if any. You will be paid in the currency of the Class (e.g. Class MYR will be paid in MYR) within ten (10) days of receipt of the complete withdrawal request. You will have to bear the applicable bank fees and charges, if any.

**Note:** Currently, repatriations of funds out of China by open-ended funds are not subjected to repatriation restrictions. However, there is no guarantee that repatriation restrictions will not be imposed in the future. You should note that should there be restrictions imposed on repatriation of funds out of China, it may impact the Fund's ability to meet withdrawal requests on a timely basis. Please refer to the "Risk Factors" section commencing on page 4 for more information.

### 3.7. MINIMUM BALANCE

The minimum balance that must be retained in your account for each Class may differ and may be determined by us from time to time. Please refer to the Annexure of the respective Class for further information. If the balance (i.e. number of units) of an investment drops below the minimum balance units, further investment will be required until the balance of the investment is restored to at least the stipulated minimum balance. Otherwise, we can withdraw the entire investment and forward the proceeds to you.

### 3.8. COOLING-OFF PERIOD

You have six (6) Business Days after your initial investment (i.e. the date the complete application form is received and accepted by us or our Distributors) to reconsider its appropriateness and suitability for your investment needs. Within this period, you may withdraw your investment at the same NAV per unit when the units were purchased. We will refund the investment amount including Application Fee (if any) to you in the currency of the respective Class within ten (10) days, from the date we receive the complete documentations. Please note that the cooling-off right is only given to first time investor investing with us or our Distributors. However, Principal Malaysia's staff and person(s) registered to deal in unit trust of Principal Malaysia or any of our Distributors are not entitled to the cooling-off right.

In addition, if you have invested via the EPF-MIS (where available), your cooling-off right is subject to EPF's terms and conditions.

### 3.9. SWITCHING

Switching is available between the Classes of the Fund or between a Class and other Principal Malaysia's funds (or its classes), which should be denominated in the same currency. You may contact our **Customer Care Centre** at (03) 7718 3000 for more information on the availability of switching. Please also refer to the Annexure of the respective Class for further information.

To switch, simply complete a switch request form and send to the relevant Distributor or our head office. Currently, there is no restriction on the frequency of switches. However, we have the discretion to allow or to reject any switching into (or out of) the Fund or Class, either generally (for all investors) or specifically (for any particular investor, a group of investors or investments made via any digital platform).

### 3.9.1. Processing a switch

We process a switch as a withdrawal from one fund or class and an investment into another fund or class within Principal Malaysia's funds. If we receive a complete switch request by 4:00 p.m. on a Business Day, we will process the switch-out using the NAV per unit for that Business Day. If we receive the request after 4:00 p.m. on a Business Day, the switch-out will be processed using the NAV per unit for the next Business Day.

However, you should note that switch-in may be processed at a later Business Day, generally within one (1) to four (4) Business Days.

## 3.10. TRANSFER FACILITY

You may transfer your units to another investor subject to such terms and conditions as may be stipulated in the Deed. You may be charged a Transfer Fee for each transfer. However, we may refuse to register any transfer of unit at our absolute discretion. Please refer to the Annexure of the respective Class for further information.

## 3.11. TEMPORARY SUSPENSION

We and the Trustee may temporarily suspend the dealing in units of the Class or Fund, subject to the requirements in the SC Guidelines and/or the Deed. Please note that during the suspension period, there will be no NAV per unit available and hence, we will not accept any transactions for the applications, withdrawals, switches and/or transfers of units. If we have earlier accepted your request for withdrawals and switches of units, please note that there may be delay in processing those transactions and you will be notified accordingly. You will also be notified once the suspension is lifted.

## 3.12. DISTRIBUTION PAYMENT

Depending on the distribution policy of the respective Class, distribution (if any) will be made at the end of each distribution period to the Class(es) according to its distribution policy. Each unit of the Class will receive the same distribution for a distribution period regardless of when those units were purchased. The distribution amount you will receive is calculated by multiplying the total number of units held by you in the Class with the distribution amount in cent per unit. On the distribution date, the NAV per unit will adjust accordingly. For information on the distribution policy of each Class, please see Annexure of the respective Class.

All distributions (if any) will be automatically reinvested into additional units in the Class at the NAV per unit on the distribution date (the number of units will be rounded down to two (2) decimal places), unless written instructions to the contrary are communicated to us, in which case you should have first furnished us with details of your bank account in the currency denomination of that Class, which all distribution payment shall be paid into (the cost and expense will be borne by you). No Application Fee is payable for the reinvestment.

If units are issued as a result of the reinvestment of a distribution or other circumstance after you have withdrawn your investment from the Class, those additional units will then be withdrawn and the proceeds will be paid to you.

You should note that distribution payments, if any, will be made in the respective currency for the Class(es). As such, the distribution amount may be different for each Class as a result of exchange rate movement between the base currency of the Fund and the denominated currency of the Class(es). The distribution will be paid into your bank account (which shall be in the respective currency of the Class(es)) in our records (at your cost and expense).

**Note:** Please note that for Class(es) that provide distribution, we have the right to make provisions for reserves in respect of distribution of the Class. If the income available is too small or insignificant, any distribution may not be of benefit to you as the total cost to be incurred in any such distribution may be higher than the amount for distribution. We have the discretion to decide on the amount to be distributed to you. We also have the discretion to make income distribution on an ad-hoc basis, taking into consideration the level of its realised income and/or realised gains, as well as the performance of the Fund.

## 3.13. UNCLAIMED MONEYS

Any moneys payable to you which remain unclaimed after twelve (12) months as prescribed by Unclaimed Moneys Act 1965 ("UMA"), will be surrendered to the Registrar of Unclaimed Moneys by us in accordance with the requirements of the UMA. Thereafter, all claims need to be made by you with the Registrar of Unclaimed Moneys.

However, for income distribution payout to you by cheque, if any, which remain unclaimed for six (6) months will be reinvested into the Class within thirty (30) Business Days after the expiry of the cheque's validity period based on the prevailing NAV per

unit on the day of the reinvestment in circumstances where you still hold units of the Class. As for income distribution payout by bank transfer, if any, shall be transmitted to your valid and active bank account. If the bank transfer remained unsuccessful and unclaimed for six (6) months, it will be reinvested into the Class within thirty (30) Business Days after the six (6) months period based on the prevailing NAV per unit on the day of the reinvestment in circumstances where you still hold units of the Class. No Application Fee is payable for the reinvestment. In the event that you no longer hold any unit in the Class, the distribution money would be subject to the treatment mentioned in the above paragraph as prescribed by the UMA.

**Unit prices and distributions payable, if any, may go down as well as up.**

**We have the discretion to amend the amount, rate and/or terms and conditions of the transaction information herein, subject to the requirements stipulated in the Deed. Where necessary, we will notify the Trustee and communicate to you on the amendments to the transaction information.**

Dear Sirs,

## **TAXATION OF THE TRUST OFFERED UNDER THE PRINCIPAL CHINA DIRECT OPPORTUNITIES FUND (FORMERLY KNOWN AS CIMB-PRINCIPAL CHINA DIRECT OPPORTUNITIES FUND) AND UNIT HOLDERS**

This letter has been prepared for inclusion in the Prospectus Issue No. 2 (“hereinafter referred to as “the Prospectus”) in connection with the offer of units in the Principal China Direct Opportunities Fund (formerly known as CIMB-Principal China Direct Opportunities Fund (“the Trust”).

The taxation of income for both the Trust and the unit holders are subject to the provisions of the Malaysian Income Tax Act, 1967 (“the Act”). The applicable provisions are contained in Section 61 of the Act, which deals specifically with the taxation of trust bodies in Malaysia.

## **TAXATION OF THE FUND**

The Trust will be regarded as resident for Malaysian tax purposes since the trustee of the Trust is resident in Malaysia.

### **(1) Foreign Investments**

Income of the Trust in respect of overseas investment is exempt from Malaysian tax by virtue of Paragraph 28 of Schedule 6 of the Act and distributions from such income will be tax exempt in the hands of the unit holders. Such income from foreign investments may be subject to taxes or withholding taxes in the specific foreign country. However, any foreign tax suffered on the income in respect of overseas investment is not tax refundable to the Trust in Malaysia.

The foreign income exempted from Malaysian tax at the Trust level will also be exempted from tax upon distribution to the unit holders.

### **(2) Domestic Investments**

#### **(i) General taxation**

The income of the Trust consisting of dividends, interest (other than interest which is exempt from tax) and other investment income derived from or accruing in Malaysia, after deducting tax allowable expenses, is liable to Malaysian income tax at the rate of 24 per cent.

#### **(ii) Dividend and other exempt income**

All companies would adopt the single-tier system. Hence, dividends received would be exempted from tax and the deductibility of expenses incurred against such dividend income would be disregarded. There will no longer be any tax refunds available for single-tier dividends received. Dividends received from companies under the single-tier system would be exempted.

The Trust may receive Malaysian dividends which are tax exempt. The exempt dividends may be received from investments in companies which had previously enjoyed or are currently enjoying the various tax incentives provided under the law. The Trust will not be taxable on such exempt income.

Interest income or discount income derived from the following investments are exempt from tax:

- a) Securities or bonds issued or guaranteed by the Government of Malaysia;

With effect from 1 January 2019, the exemption shall not apply to interest income paid or credited to a unit trust that is a wholesale fund which is a money market fund.

The interest or discount income exempted from tax at the Trust’s level will also be exempted from tax upon distribution to the unit holders.

### **(3) Hedging Instruments**

The tax treatment of hedging instruments would depend on the particular hedging instruments entered into.

Generally, any gain / loss relating to the principal portion will be treated as capital gain / loss. Gains / losses relating to the income portion would normally be treated as revenue gains / losses. The gain / loss on revaluation will only be taxed or claimed upon realisation. Any gain / loss on foreign exchange is treated as capital gain / loss if it arises from the revaluation of the principal portion of the investment.

### **(4) Securities Borrowing and Lending Transaction (“SBL”)**

The following is a summary of tax treatment of SBL transactions in Malaysia and the Malaysian securities listed on Bursa Malaysia Berhad (“Bursa”).

Pursuant to Income Tax (Exemption) (No. 30) Order 1995 - Revised 2008, the authorised borrower or lender in a SBL approved by SC will qualify for tax exemption on any income (other than dividends, manufactured payments, lending fees and interest earned on collateral) arising from loan of securities listed under Bursa. The same exemption also applies on the return of the same or equivalent securities and the corresponding exchange of collateral.

Lending fees are taxable when received by the lender. Withholding tax of 10 percent is also applicable if the borrower pays lending fees to a non-resident lender.

---

<sup>1</sup> Pursuant to the letters from Ministry of Finance Malaysia dated 11 June 2015 and 16 June 2015 with effect from year of assessment (“YA”) 2015.

#### **(5) Other Income**

The Trust may be receiving income such as exit fee which will be subject to tax at the rate of 24 per cent.

#### **(6) Tax Deductible Expenses**

Expenses wholly and exclusively incurred in the production of gross income are allowable as deductions under Section 33(1) of the Act. In addition, Section 63B of the Act provides for tax deduction in respect of managers' remuneration, expenses on maintenance of the register of unit holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postages. The rates for sales tax are nil, 5 per cent, 10 per cent or a specific rate whereas the rate for service tax is at 6 per cent.

Sales tax will be chargeable on taxable goods manufactured in or imported into Malaysia, unless specifically exempted by the Minister. Whereas, only specific taxable services provided by specific taxable persons will be subject to service tax. Sales tax and service tax are single stage taxes. As such, SST incurred would generally form an irrecoverable costs to the business.

Generally, the Trust, being a collective investment vehicle, should not be caught under the service tax regime. Certain brokerage, professional, consultancy or management services paid by the Trust may be subject to service tax at 6 per cent including services acquired from a foreign service provider.

#### **TAXATION OF UNIT HOLDERS**

Unit holders will be taxed on an amount equivalent to their share of the total taxable income of the Trust to the extent of the distributions received from the Trust. The income distribution from the Trust will carry a tax credit in respect of the Malaysian tax paid by the Trust. Unit holders will be entitled to utilise the tax credit against the tax payable on the income distribution received by them. No additional withholding tax will be imposed on the income distribution from the Trust.

Non-resident unit holders may also be subject to tax in their respective jurisdictions. Depending on the provisions of the relevant country's tax legislation and any double tax treaty with Malaysia, the Malaysian tax suffered may be creditable against the relevant foreign tax.
