If we receive a complete withdrawal request by 4:00 p.m. on a Business day, we will process it using the NAV per unit for that Business Day, which will only be known on the following Business Day. The amount that you will receive is calculated by the withdrawal value less the Withdrawal Fee, if any. Under normal circumstances, you will be paid in the currency of the Class (e.g. Class USD will be paid in USD) within seven (7) Business Days, upon our receipt of the complete withdrawal request. You will have to bear the applicable bank fees and charges, if any.

You should note that the time taken to pay the redemption proceeds to you (i.e. seven (7) Business days) may be extended/delayed if:

- (i) The Target Fund is suspended ^{Note 1}; or
- (ii) The redemption request of the Target Fund is deferred ^{Note 2}.

Should any of the above events occur, we may not be able to pay the redemption proceeds to you within seven (7) Business Days. However, we will pay the withdrawal proceeds to you within five (5) Business Days subsequent to the receipt of redemption proceeds from the Target Fund Investment Manager.

Note 1: During the period when the Target Fund is suspended, the Target Fund Investment Manager will not accept any subscriptions and/or redemptions and the calculation of the Target Fund’s NAV will be suspended.

Note 2: The Target Fund Investment Manager may limit the redemption of shares of the Target Fund if the Target Fund receives as of any business day, requests to redeem more than 10% of the shares of the Target Fund. In such event, shares of the Target Fund may be redeemed on a pro rata basis and any part of a redemption request to which affect is not given by reason of this will be treated as if a request has been made in respect of the next business day and all following business days until the original request has been satisfied in full.

Please refer to the “Suspension of issue, redemption and exchange of shares and calculation of NAV” section for more information. If in doubt, please consult your professional advisers.

Please note that the cooling-off right is only given to first time investor investing with us or our Distributors. However, corporations or institutions, Principal Malaysia’s staff and person(s) registered with a body approved by the SC to deal in unit trust funds are not entitled to the cooling-off right.

5.6. The following paragraphs have been inserted immediately after the fourth paragraph under the section of “Distribution Payment” at page 38:

The Fund may distribute from realised income, realised capital gains, unrealised income, unrealised capital gains, capital or combination of any of the above. Distributions are at our discretion and are not guaranteed, and the making of any distribution does not imply that further distributions will be made and we reserve the right to vary the frequency and/or amount of distributions. Distribution out of capital is to allow the Fund the ability to distribute income according with the Fund’s defined frequency or to pursue the investment objective of the Fund. The effects of making distribution out of capital has a risk of eroding the capital of the Fund.

After taking into consideration the level of capital and performance of the Fund and subject to healthy cash flow of the Fund, any distribution out of capital we make, we will ensure that proper decisions can be made in reducing cost and to ensure stability and sustainability of distribution of income for the Fund without generating any additional risk to the Fund.

Distribution out of capital represent a return or withdrawal of part of the amount of your original investment and/or capital gains attributable to the original investment and will result in a reduction in the NAV per unit of the Classes and reduce the capital available for future investment and capital growth. Future capital growth may therefore be constrained and the value of future returns would be diminished.

Note: Please note that for Class(es) that provide distribution, we have the right to make provisions for reserves in respect of distribution of the Class. If the income available is too small or insignificant, any distribution may not be of benefit to you as the total cost to be incurred in any such distribution may be higher than the amount for distribution. We have the discretion to decide on the amount to be distributed to you. We also have the discretion to make income distribution on an ad-hoc basis, taking into consideration the level of its realised income, realised gains and/or capital, as well as the performance of the Fund.
