1. FUNDS INFORMATION

1.1. FUNDS DETAILS

1.1.1. PRINCIPAL ISLAMIC GLOBAL SELECTION MODERATE CONSERVATIVE FUND

Fund Category/Type	: Mixed Asset (Shariah-compliant) / Income & Growth.
Fund Objective	: Aims to provide long term capital appreciation and income through Shariah-compliant investments that invests in the global markets within the Target Risk range of the Fund. <i>We will require your approval if there is any material change to the Fund's objective.</i>
Benchmark	: The Fund is actively managed and does not refer to any specific benchmark, however the Fund will be managed within the Target Risk range of 3% to 5% per annum.
Distribution Policy	: The distribution policy of each Class may differ. Please refer to the Annexure of the respective Class for more information. You may also refer to Section 3.12 for information on the distribution payment.
Base currency	: USD

Investment Policy and Strategy

The Fund will be actively managed with the aim of maximizing the Fund's investment return relative to its Target Risk. To achieve this, the Fund will invest in a diversified mix of asset classes such as Shariah-compliant equities, Sukuk, Islamic gold ETF, Islamic money market instruments and Islamic Deposit. The allocation into each asset class is determined by selecting an optimal portfolio i.e. a portfolio of asset mix that generate the highest expected return for the prescribed Target Risk. For example, the higher the Target Risk, the higher the allocation into higher risk assets such as Shariah-compliant equities or Islamic gold ETF and hence higher potential returns. On the contrary, a low Target Risk will allocate its investment mainly in lower risk assets such as Islamic Deposit and Sukuk and hence generating a lower and more stable potential returns.

The Fund will be continuously monitored to ensure that its overall risk level remains align with its prescribed Target Risk range. This is facilitated through rebalancing and/or optimizing the Fund if the current allocation of a particular asset deviates substantially from its optimal allocation; or if there are significant changes in valuations of the assets and market circumstances.

The Fund invests in assets that comply to Shariah rules, which includes but not limited to Shariah-compliant equities, Sukuk, Islamic gold ETF, Islamic money market instruments and Islamic Deposit. The Fund may also seek investment exposure via Islamic CIS that is in line with the Fund's objective, subject to the requirements of the GUTF.

The Fund's investment in Sukuk will generally be restricted to Sukuk rated at least a minimum credit rating of "BBB-" by S&P or its equivalent rating by other international rating agencies and/or at least "A3" by RAM or equivalent rating by MARC or by local rating agency(ies) of the country ("**Investment Grade Sukuk**"). Nonetheless, up to 20% of the Fund's NAV may be invested in non-investment grade and/or unrated Sukuk.

The asset allocation for the Fund is as follows:

- Up to 40% of the Fund's NAV may be invested in Shariah-compliant equities;
- Up to 60% of the Fund's NAV may be invested in Sukuk, out of which:
 - up to 60% of the Fund's NAV may be invested in Investment Grade Sukuk; and/or
 - up to 20% of the Fund's NAV may be invested in non-investment grade and/or unrated Sukuk;
- Up to 60% of the Fund's NAV may be invested in Islamic money market instruments;
- Up to 20% of the Fund's NAV may be invested in Islamic gold ETF; and
- At least 2% of the Fund's NAV will be invested in Islamic Deposit.

Investment universe of the Fund will be in Eligible Markets globally. Where necessary, we will apply for licenses or permits to invest in these countries. If the licenses or permits are revoked or not renewed (as the case may be), we will seek to invest in other accessible market.

The Fund will be constructed and managed with low to moderate risk strategy whereby the risk level of the Fund will be monitored and reviewed regularly. The Fund may also take temporary defensive positions during adverse market conditions such as excessive volatility in the market or prolonged declines by gradually reducing its allocation in higher risk assets, such as Shariah-compliant equities and increase its allocation in lower risk investments such as Islamic Deposit to safeguard the Fund.

The Fund adopts a liquidity risk management framework which sets out the governance standards, methodology and process for the oversight and management of liquidity risk. The framework outlines the responsibilities to assess and monitor liquidity risk of the Fund, and to ensure appropriate measures are taken to mitigate the risk. The liquidity risk management framework that we have put in place is as follows:

- Regular review by the designated fund manager on the Fund's investment portfolio to maintain its liquidity level.
- Periodic assessments are carried out on the Fund's liquidity profile (under both normal and stress market conditions) and on the concentration of unitholders. These assessments allow the Fund to be proactively managed to mitigate liquidity concerns that may arise in the ordinary course of portfolio management as well as in relation to the Fund's ability to meet unitholders' withdrawal requests.

- Suspension of withdrawal requests due to exceptional circumstances. During the suspension period, withdrawal requests will not be accepted and in the event we have earlier accepted the withdrawal requests prior to the suspension is declared, the withdrawal requests will be dealt on the next Business Day once the suspension is lifted. The action to suspend withdrawal requests from Unit holders shall be exercised only as a last resort by the Manager.

Note: Please refer to Section 3.11 for more information.

We may utilize Islamic derivative instruments for hedging purposes and in the event of a rating downgrade of a counterparty of an OTC Islamic derivative below the rating prescribed in GUTF, we reserve the right to deal with the OTC Islamic derivative in the best interest of the Unit holders.

If the Fund is an EPF-MIS approved fund, the investments made by the Fund will be subject to EPF's requirements. Please note there may be changes to the status of the Fund and you may refer to our website at www.principal.com.my or www.kwsp.gov.my for updated information.

The action to suspend withdrawal requests from Unit holders shall be exercised only as a last resort by the Manager.

Note: Please refer to Section 3.11 for more information.

We may utilize Islamic derivative instruments for hedging purposes and in the event of a rating downgrade of a counterparty of an OTC Islamic derivative below the rating prescribed in GUTF, we reserve the right to deal with the OTC Islamic derivative in the best interest of the Unit holders.

If the Fund is an EPF-MIS approved fund, the investments made by the Fund will be subject to EPF's requirements. Please note there may be changes to the status of the Fund and you may refer to our website at www.principal.com.my or www.kwsp.gov.my for updated information.

1.2. CLASSES OF THE FUNDS

1.2.1. Multi-class Structure

Please note that the Funds are established as a multi-class fund where the Deed allows for the establishment of more than one (1) Class with similar interests in the assets of the Funds, i.e. the Funds are allowed to establish new Class(es) from time to time without your prior consent. Under the Deed, Unit holders of each Class shall have the same rights and obligations. Each Class may be different in terms of currency denomination, fees and charges, type of eligible investor, transaction methods and/or distribution policy and hence, will have its respective NAV per unit, denominated in its respective currency taking into account the aforementioned features. Although each of the Funds has multiple Classes, Unit holders should note that the assets of the Fund are pooled for investment purpose.

Currently, the Classes below are available for sale. Please refer to the Annexure for further details on the Classes. You should note that we have the discretion to decide on the offering of other Classes for sale in the future and a supplemental or replacement prospectus will be issued. This information will be communicated to you via our website at www.principal.com.my. You should consult your professional advisers for a better understanding of the multi-class structure before investing in the Fund.

In determining the single issuer aggregate limit, the value of the Fund's investments in instruments in (1) issued by the same issuer must be included in the calculation;
- (6) The value of the Fund's investment in units/shares of an Islamic CIS must not exceed 20% of the Fund's NAV, provided that the Islamic CIS complies with the following conditions:
 - (a) An Islamic CIS authorised or recognised by the SC; or

 - (i) The Islamic CIS is constituted and regulated in a jurisdiction where the laws and practices provide the level of investor protection that is at least equivalent to that offered in Malaysia;
 - (ii) The rules on investments, borrowing and lending are substantially similar to the requirements in the GUTF. This would exclude hedge funds;
 - (iii) The assets of the Islamic CIS are managed by an entity which is approved, authorised or licensed by a securities regulator to conduct fund management activities; and

In determining the group limit, the value of the Fund's investments in instruments in (1) issued by the issuers within the same group of companies must be included in the calculation.
- (9) For investments in Islamic derivatives (including for hedging purpose):
 - the Fund's global exposure from Islamic derivatives positions should not exceed the Fund's NAV;
 - the exposure to the underlying assets must not exceed the investment spread limits stipulated in the GUTF;
 - the maximum exposure of the Fund's OTC Islamic derivative transaction with the counterparty, calculated based on the method below must not exceed 10% of the Fund's NAV;
 - the counterparty of an OTC Islamic derivative is a financial institution with a minimum long-term credit rating of investment grade (including gradation and subcategories); and
 - Where the underlying instrument of an Islamic derivative is a commodity, such Islamic derivative must be settled in cash at all times.

Calculation of exposure to counterparty of OTC Islamic derivatives

- (a) The exposure to a counterparty of an OTC Islamic derivative must be measured based on the maximum potential loss that may be incurred by the Fund if the counterparty defaults and not on the basis of the notional value of the OTC Islamic derivative.
- (b) The total exposure to a single counterparty is calculated by summing the exposure arising from all OTC Islamic derivative transactions entered into with the same counterparty.

The global exposure of the Funds is calculated based on the following:

Commitment approach

The global exposure of the Funds to Islamic derivatives is calculated as the sum of the:

- absolute value of the exposure of each individual Islamic derivative not involved in netting or hedging arrangements;
- absolute value of the net exposure of each individual Islamic derivative after netting or hedging arrangement; and
- the values of cash collateral received pursuant to:
 - (i) the reduction of exposure to counterparties of OTC Islamic derivatives; and
 - (ii) efficient portfolio management techniques relating to Shariah-compliant securities lending (if applicable).

Netting arrangements

Netting arrangements may be taken into account to reduce the Fund's exposure to Islamic derivatives.

The Fund may net positions between:

- (a) Islamic derivatives on the same underlying constituents, even if the maturity dates are different; or
- (b) Islamic derivatives and the same corresponding underlying constituents, if those underlying constituents are Shariah-compliant transferable securities, Islamic money market instruments, or units or shares in Islamic CIS.

Hedging arrangements

Hedging arrangements may be taken into account to reduce the Fund's exposure to Islamic derivatives.

The marked-to-market value of Shariah-compliant transferable securities, Islamic money market instruments, or units or shares in Islamic CIS involved in hedging arrangements may be taken into account to reduce the exposure of the Fund to Islamic derivatives.

The hedging arrangement must:

- (a) not be aimed at generating a return;
- (b) result in an overall verifiable reduction of the risk of the Funds;
- (c) offset the general and specific risks linked to the underlying constituent being hedged;
- (d) relate to the same asset class being hedged; and
- (e) be able to meet its hedging objective in all market conditions.

Exceptions to investment spread limits

Government and other public Shariah-compliant securities or Islamic money market instruments

- (10) The single issuer limit in (3) may be raised to 35% of the Fund's NAV if the issuing entity is, or the issue is guaranteed by, either a foreign government, foreign government agency, foreign central bank or supranational, that has a minimum long-term credit rating of investment grade (including gradation and subcategories) by an international rating agency.
- (11) Where the single issuer limit is increased to 35% of the Fund's NAV, the single issuer aggregate limit in (5) may be raised, subject to the group limit in (8) not exceeding 35% of the Fund's NAV.

Islamic Deposit

- (12) The single financial institution limit in (4) does not apply to placements of Islamic Deposits arising from:
 - (a) subscription monies received prior to the commencement of investment by the Fund;
 - (b) liquidation of investments prior to the termination of the Fund, where the placement of Islamic Deposits with various financial institutions would not be in the best interests of Unit holders; or
 - (c) monies held for the settlement of redemption or other payment obligations, where the placement of Islamic Deposits with various financial institutions would not be in the best interests of Unit holders.

Investment concentration limits

- (13) The Fund's investments in Shariah-compliant shares or Shariah-compliant securities equivalent to shares must not exceed 10% of the Shariah-compliant shares or Shariah-compliant securities equivalent to shares issued by any single issuer;
- (14) The Fund's investments in Sukuk must not exceed 20% of the Sukuk issued by any single issuer. This limit may be disregarded at the time of acquisition if at that time of acquisition the gross amount of Sukuk in issue cannot be determined;
- (15) The Fund's investments in Islamic money market instruments must not exceed 10% of the instruments issued by any single issuer. This limit does not apply to Islamic money market instruments that do not have a pre-determined issue size;
- (16) The Fund's investments in Islamic CIS must not exceed 25% of the units/shares in the Islamic CIS.

Please note that the above restrictions and limits do not apply to Shariah-compliant securities or Shariah-compliant instruments issued or guaranteed by the Malaysian government or BNM.

In respect of any restrictions and limits, the GUTF provides that any breach of the restrictions and limits due to appreciation or depreciation in value of the Fund's investments, repurchase of units or payment made out of the Fund, change in capital of a

corporation in which the Fund has invested in, or downgrade in or cessation of a credit rating need not be reported to the SC but we must rectify as soon as practicable within three (3) months from the date of breach unless stated otherwise in the GUTF. However, the three-month period may be extended if it is in the best interest of Unit holders and Trustee's consent is obtained. Such extension must be subject to at least a monthly review by the trustee.

1.5. APPROVALS AND CONDITIONS

On 22 June 2021, we have obtained an approval from the SC for an exemption to comply with Schedule C: Valuation of other unlisted bonds of the GUTF ("Requirement") which allow us to obtain the price of unlisted non MYR-denominated bonds from ICE, Refinitiv, IHS Markit and Bloomberg for valuation purpose. Exemption required for ICE, Refinitiv, IHS Markit and Bloomberg is subject to the following conditions:

1. We are to keep abreast of the development of ICE, Refinitiv, IHS Markit and Bloomberg's pricing methodology; and
2. We are to continuously keep track on the acceptability of ICE's, Refinitiv's, IHS Markit's and Bloomberg's prices in the marketplace.

Based on the revised Schedule C: Valuation of other unlisted bonds in the GUTF dated 21 December 2021, the Requirement has been removed and amended to provide for a principle-based approach to prescription of requirement. Hence, the variation is no longer applicable.

The Fund(s) will only invest in Sukuk which is approved by the SAC of the SC, Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI) and/or other Shariah boards/standards acceptable to the Shariah Adviser. 1.6.2. Rules of Divestment of Shariah non-compliant securities

(a) Wrong Investment

This refers to Shariah non-compliant investment made by the Manager and the external investment manager, if applicable. The said investment will be disposed of or withdrawn with immediate effect or within a month of knowing the status of the investment. In the event of the investment resulted in gain (through capital gain and/or dividend and/or profit) received before or after the disposal of the investment, the gain is to be channeled to baitulmal and/or any other charitable bodies as advised by the Shariah Adviser. If the disposal of the investment resulted in losses to the Fund(s), the losses are to be borne by the Manager.

(b) Reclassification of Shariah status of the Fund's investment

These refer to securities which were earlier classified as Shariah-compliant but due to certain factors such as changes in the companies' business operations and financial positions, are subsequently reclassified as Shariah non-compliant.

In this regard, if on the date an updated list/review of Shariah-compliant securities takes effect, the respective market price of Shariah non-compliant securities exceeds or is equal to the investment cost, the Fund who hold such securities must dispose them off. Any dividends received up to the date of the announcement/review and capital gains arising from the disposal of Shariah non-compliant securities on the date of the announcement/review can be kept by the Fund. However, any dividends received and excess capital gain from the disposal of Shariah non-compliant securities after the date of the announcement/review should be channelled to baitulmal and/or charitable bodies as advised by the Shariah Adviser.

On the other hand, the Fund is allowed to hold its investment in the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible for the Fund to keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, they are advised to dispose of their holding.

In addition, during the holding period, Fund is allowed to subscribe to:

- (a) any issue of new Shariah-compliant securities by a company whose Shariah non-compliant securities are held by the Fund, for example rights issues, bonus issues, special issues and warrants (excluding Shariah-compliant securities whose nature is Shariah non-compliant e.g. loan stocks); and
- (b) Shariah-compliant securities of other companies offered by the company whose Shariah non-compliant securities are held by the Fund,

on condition that the Fund expedite the disposal of the Shariah non-compliant securities.

Where the Fund invests in securities (save for Sukuk, money market instruments, deposit, liquid assets and equities or equities related i.e. warrants, right issue etc) earlier classified as Shariah-compliant but considered to have become Shariah non-compliant (by the Shariah adviser appointed by the issuer of that security) then guidance from the Shariah Adviser should be obtained.

Where the Fund invests in Sukuk, money market instruments, deposits, or liquid assets earlier classified as Shariah-compliant that are subsequently determined, regarded or deemed to be Shariah non-compliant as a result of a new or previously unknown fatwa/ruling and/or upon advice by the Shariah Adviser, the Manager would be required to sell such sukuk, money market instruments, withdraw such deposits, or liquid assets, as soon as practicable of having notice, knowledge or advice of the status of the money market instruments or deposits. Any profit received from such sukuk, money market instruments, liquid assets or such deposits prior to the occurrence of the aforesaid event shall be retained by the Fund. Any profit received subsequent to the occurrence of the aforesaid event shall be channelled to baitulmal and/or charitable bodies, as endorsed by the Shariah Adviser.

1.6.3. Payment of Zakat

This refers to the purification by way of payment of zakat by Muslims. The Funds do not pay zakat on behalf of Muslim Unit holders. Thus, Muslim Unit holders are advised to pay zakat on their own.

1.6.4. Periodic review

The Shariah Adviser will review the Fund on monthly basis to ensure the Fund's operating procedures and investments comply with the Shariah principles. Upon completion of each review, the Shariah Adviser will deliver its opinion on the Shariah compliancy.

1.6.5. The Funds' Compliance to the Shariah principles

The Shariah Adviser is of the view that, given the prevailing circumstances, the Funds and their respective investments as disclosed and presented is acceptable and within the principles of Shariah, subject to proper execution of the legal documents and other transactions related to the Funds.

The investment portfolio of the Funds comprises instruments which have been classified as Shariah-compliant by the SAC of the SC and, where applicable the SAC of the BNM. For instruments that are not classified as Shariah-compliant by the SAC of the SC and, where applicable the SAC of BNM, the status of the instruments will be determined in accordance with the ruling of the Shariah Adviser and Shariah Investment Guidelines.

1.7. FINANCING

The Funds may not obtain cash financing or borrow other assets in connection with its activities. However, the Funds may obtain financing for the purpose of meeting withdrawal requests for units and for short-term bridging requirements provided always that all the financing complied with the Shariah requirements.

1.8. SECURITIES LENDING

Subject to Shariah Adviser's approval, and where practicable, the Funds may participate in the lending of securities under the Securities Borrowing and Lending Guidelines issued by the SC when we find it appropriate to do so with a view of generating additional income for the Funds with an acceptable degree of risk.

The lending of securities is permitted under the Deeds and must comply with the above mentioned as well as with the relevant rules and/or directives issued by Bursa Malaysia Securities Berhad, Bursa Malaysia Depository Sdn. Bhd., Bursa Malaysia Securities Clearing Sdn. Bhd., SC guidelines and any other relevant authority.

1.9. RISK FACTORS

1.9.1. GENERAL RISKS OF INVESTING IN A FUND

Any investment carries with it an element of risk. Therefore, prior to making an investment, you should consider the following risk factors in addition to the other information set out in this Prospectus.

Returns and capital not guaranteed

The investment of the fund is subject to market fluctuations and its inherent risk. There is **NO GUARANTEE** on the investment which includes your investment capital and returns, nor any assurance that the fund's objective will be achieved. You should also note that the fund is neither a capital guaranteed fund nor a capital protected fund. However, we reduce this risk by ensuring diligent management of the assets of the fund based on a structured investment process.

Market risk

This risk refers to the possibility that an investment will lose value because of a general decline in financial markets due to economic, political and/or other factors, which will result in a decline in the fund's NAV.

Inflation risk

This is the risk that your investment in the fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce your purchasing power even though the value of the investment in monetary terms has increased.

Financing risk

This risk occurs when you obtain financing to finance your investment. The inherent risk of investing with money obtained from financing includes you being unable to service the financing payments. In the event units are used as collateral and if the prices of units fall below a certain level due to market conditions, you may be required to pay additional amount on top of your existing instalment. If you fail to do so within the time prescribed, your units may be sold at an unfavourable price and the proceeds thereof will be used towards the settlement of your financing.

Manager risk

This risk refers to the day-to-day management of the fund by the manager which will impact the performance of the fund. For example, investment decisions undertaken by the manager, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the fund.

Liquidity risk

Liquidity risk refers to the ease of liquidating an asset without causing market dislocation. This depends on the supply and demand as well as the asset's volume or amount traded in the market. If the fund holds assets that are illiquid or difficult to dispose of, or due to liquidity policy applied by the CIS (e.g. suspension of the CIS), the value of the fund and consequently the value of unit holders' investment in the fund, will be negatively affected.

Shariah non-compliance risk

This refers to the risk of the fund not conforming to Shariah Investment Guidelines due to investment in Shariah non-compliant instrument or reclassification of Shariah status. In the event that the manager is required to rectify any Shariah non-compliance by disposing the related instrument, any losses from disposal due to investment in Shariah non-compliant instrument will be borne by the manager whereas any losses from disposal due to reclassification of Shariah status will be borne by the fund. In any

circumstances, gain received from disposal shall be channeled to baitulmal and/or charitable bodies as approved by the Shariah Adviser.

Please refer to section 1.6 for more information on Shariah Investment Guidelines.

1.9.2. SPECIFIC RISKS ASSOCIATED WITH THE INVESTMENT PORTFOLIO OF THE FUNDS

There are specific risks associated with the investment portfolio of the Funds which include but are not limited to the following:

Stock specific risk

Prices of a particular stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such stock will adversely affect the Fund's NAV.

Country risk

Investments of the Fund in any country may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the NAV of the Fund to fall.

Risk of investing in emerging markets

In comparison with investments in the developed markets, investments in emerging markets may involve a higher degree of risk due to the greater possibility of political or economic instability and societal tensions. Emerging markets are markets that are, by definition, "in a state of transition" and are therefore exposed to rapid political change and economic declines. The Shariah-compliant securities in the emerging markets may face a higher risk of price drop while the exchange rates in these emerging markets are generally more volatile than those of developed markets. As such, you should be aware that investments in emerging markets may be subjected to higher price volatility and therefore will tend to have a higher investment risk that will affect the Fund's growth. We attempt to mitigate these risks through active asset allocation management and diversification across different countries and sectors, in addition to our continuous bottom-up and top-down research and analysis.

Currency risk

There are 2 levels of currency risk associated with the investment of the Funds:

- **Currency risk at the Fund's portfolio level**

As the investments of the Fund may be denominated in currencies other than the base currency of the Fund, any fluctuation in the exchange rate between the base currency of the Fund and the currencies in which the investments are denominated may have an impact on the value of these investments. You should be aware that if the currencies in which the investments are denominated depreciate against the base currency of the Fund, this will have an adverse effect on the NAV of the Fund and vice versa. You should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

- **Currency risk at the Class level**

You should be aware that the currency risk is applicable to Class(es) which is denominated in a different currency other than the base currency of the Fund. The impact of the exchange rate movement between the base currency of the Fund and the currency denomination of the respective Class(es) may result in a depreciation of the value of your holdings as expressed in the currency denomination of the respective Class(es).

You should realise that currency risk is considered as one of the major risks due to the volatile nature of the foreign exchange market. When deemed necessary, we may utilize Islamic derivative instruments, subject to GUTF, to hedge currency risk. If the Fund utilizes Islamic derivative for hedging against the base currency of the Fund, you should note that as a result of hedging, the Fund will not be able to enjoy the full benefits of currency movement in the event of a favourable movement of currency.

Credit and default risk

The Fund will be exposed to a certain degree of credit and default risk of issuers or counterparties when the Fund invests in Sukuk, Islamic money market instruments and/or places in Islamic Deposits. Credit risk relates to the creditworthiness of the securities issuers or counterparties and their expected ability to make timely payment of profit and/or principal. Any adverse situations faced by the issuer or counterparties may impact the value as well as liquidity of the investments. In the case of rated Sukuk, this may lead to a credit downgrade. Default risk relates to the risk that a securities issuer or counterparties either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the investments. This could adversely affect the value of the Fund. We aim to mitigate this risk by performing bottom-up and top-down credit research and analysis to determine the creditworthiness of the issuers or counterparties, and impose investment limits on exposures for issuers or counterparties with different credit profiles as a precautionary step to limit any loss that may arise directly or indirectly as a result of a defaulted transaction.

Interest rate risk

Interest rate risk refers to the impact of interest rate changes on the valuation of Sukuk and Islamic money market instruments. When interest rates rise, Sukuk and Islamic money market instruments prices generally decline and this may lower the market value of the Fund's investment in Sukuk and Islamic money market instruments. In managing the Sukuk, we take into account the coupon rate and time to maturity of the Sukuk with an aim to mitigate the interest rate risk. As for Islamic money market instruments, the typical tenor of these instruments are less than 12-month maturity and unlike Sukuk, any change to interest rate will only have a minor impact to the prices of these instruments.

Please note that although Sukuk is a non-interest bearing instrument, its price movement is correlated to the movement in the interest rates. As such, investment in Sukuk will have an exposure to the movement of the interest rates. Even though the Fund does not invest in interest bearing instruments, the interest rate referred herein is to the general interest rate of the country, which may affect the value of the investment of the Fund.

Risk associated with investing in Islamic CIS

Since the Fund may invest into Islamic CIS, there is a risk of concentration into Islamic CIS, in which the Islamic CIS's management company has absolute discretion over the Islamic CIS's investment technique and knowledge, operational controls and management. In the event of mismanagement of the Islamic CIS and/or the management company, the NAV of the Fund, which invests into those Islamic CIS would be affected negatively. Should the situation arise, we will seek for another Islamic CIS that is consistent with the objective of the Fund.

Risk associated with investing in Islamic Gold ETF

Gold is a type of precious metal that is finite in nature. As the supply of gold decreases, the price of gold will increase and vice versa, assuming all other factors remain the same. There is a constant mismatch in the supply and demand space, which makes it difficult to adjust production of gold to meet the changing demand. Gold contains various attributes both for industrial and non-industrial purposes; however as gold becomes more expensive, there may be incentive to seek out other alternatives or substitutes that may be cheaper and/ or more readily available. This will result in decrease in both the price and demand of gold.

1.9.3. RISKS ASSOCIATED WITH INVESTMENT IN CLASS D

Cyber security risk

This is the risk arising from cyber-attack on e-Wallet App. Should the e-Wallet App be compromised, it may result in unauthorised transactions pertaining to the Fund. Further to that, your investment-related information and personal data may be leaked. All transactions through e-Wallet App and/or the Fund may be temporarily suspended, in which you may not be able to transact through e-Wallet App or in the Fund due to cyber-attack.

Functionality risk

This is the risk that the e-Wallet App does not operate as intended due to factors including but not limited to connectivity and interface issues. If the e-Wallet App does not function as expected, your transaction through the e-Wallet App may not be correctly processed and/or completed.

Risk associated with discontinuation risk on e-Wallet Provider

As all the transactions are done through e-Wallet App developed by the e-Wallet Provider, the continuous operation of the e-Wallet Provider is crucial. The discontinuation of services provided by e-Wallet Provider may be due to but not limited to revocation of the license. Should such event happen, withdrawal from the Fund may be delayed.

The above summary of risks does not purport to be an exhaustive list of all the risk factors relating to investments in the Funds and are not set out in any particular order of priority. You should be aware that an investment in a unit trust fund may be exposed to other risks from time to time. If in doubt, you should consult professional advisers for a better understanding of the risks.

2. FEES, CHARGES AND EXPENSES

2.1. CHARGES

The following describes the charges that you may **directly** incur when you buy or withdraw units of the Classes.

2.1.1. Application Fee

When applying for units of a Class, you may be charged an Application Fee based on the NAV per unit of the respective Class. Please refer to the Annexure of the respective Class for further information. If the Fund is an EPF-MIS approved fund and you invest via EPF-MIS, you may be charged an Application Fee of up to 3.00% of the NAV per unit or such other rate as may be determined by the EPF.

Below is an illustration on how the Application Fee is calculated:-

	Class ABC (Denominated in USD)	Class XYZ (Denominated in MYR)
Investment amount	USD 10,000	MYR 10,000
NAV per unit	USD 1.0000	MYR 1.0000
Application Fee (NAV per unit)	5.00%	5.00%
Units issued to Unit holder = $\frac{\text{Investment amount}}{\text{NAV per unit}}$	= $\frac{\text{USD 10,000.00}}{\text{USD 1.0000}}$ = 10,000 units	= $\frac{\text{MYR 10,000.00}}{\text{MYR 1.0000}}$ = 10,000 units
Application Fee per unit = NAV per unit x Application Fee (%)	= USD 1.0000 x 5.00% = USD 0.050	= MYR 1.0000 x 5.00% = MYR 0.050
Total Application Fee	= 10,000 units x USD 0.050 = USD 500.00	= 10,000 units x MYR 0.050 = MYR 500.00

Note: Please note that the above example is for illustration purpose only. Please refer to the Annexure of the respective Class for the Application Fee applicable to the Class. The Application Fee imposed will be rounded to two (2) decimal places.

2.1.2. Withdrawal Penalty

Nil.

2.1.3. Switching Fee

Switching is treated as a withdrawal from a Class and an investment into another Class or Principal Malaysia's fund (or its classes). You may be charged a Switching Fee equal to the difference (if any) between the Application Fee of the Class and the Application Fee of the other Class or Principal Malaysia's fund (or its classes). You will not be charged a Switching Fee, if the Class or Principal Malaysia's fund (or its classes) to be switched into has a lower Application Fee. In addition to the Switching Fee, you may be charged administrative fees for each switching application. Please refer to the Annexure of the respective Class for further information.

Switching from Islamic fund to conventional fund is discouraged for Muslim investors. The term 'discouraged' is not a Shariah ruling imposed by the Shariah Adviser of the Funds to the investor, rather a suggestion for the Muslim investor to continue practicing the Islamic conducts, ie: Shariah investing.

2.1.4. Transfer Fee

A Transfer Fee may be charged for each transfer. Please refer to the Annexure of the respective Class for further information.

2.2. FEES AND EXPENSES

All fees and expenses of the Fund will generally be apportioned to each Class currently available for sale based on the MCR except for those that is related to the specific Class only, such as, the costs and/or benefits from currency hedging of the respective Classes and the cost of Unit holders' meeting held in relation to the respective Class. If in doubt, you should consult professional advisers for a better understanding.

The following describes the fees that you may **indirectly** incur when you invest in a Class.

2.2.1. Management Fee

Please note that the Management Fee is charged to the respective Class at the Class level, based on the NAV of the Class. Please refer to the Annexure of the respective Class for further information. The Management Fee shall be accrued daily and paid monthly.

Below is an illustration on how the Management Fee is calculated, assuming Management Fee of 1.80% per annum and USD 150 million each for both Class ABC and Class XYZ:-

	Class ABC (Denominated in MYR) (USD)	Class XYZ (Denominated in USD) (USD)
Management Fee	1.80% per annum	1.80% per annum
NAV of the Class	USD 150 million	USD 150 million
Management Fee for the day = NAV of the Class x Management Fee rate for the Class (%) /365 days	= USD 150 million x 1.80% / 365 = USD 7,397.26	= USD 150 million x 1.80% / 365 = USD 7,397.26

Note: In the event of a leap year, the computation will be based on 366 calendar days.

2.2.2. Trustee Fee

Please note that the Trustee Fee (including local custodian fee but excluding foreign sub-custodian fee and charges) charged to the Fund is based on the NAV of the Fund. The Trustee Fee shall be accrued daily and paid monthly. The Trustee Fee is up to 0.05% per annum for the Fund.

Below is an illustration on how the Trustee Fee is calculated, assuming the NAV of the Fund is USD 150 million:-

$$\begin{aligned}
 \text{Trustee Fee for the day} &= \text{NAV of the Fund} \times \text{annual Trustee Fee rate for the Fund (\%)} / 365 \text{ days} \\
 &= \text{USD 150 million} \times 0.05\% \text{ per annum} / 365 \text{ days} \\
 &= \text{USD 205.48}
 \end{aligned}$$

Note: In the event of a leap year, the computation will be based on 366 calendar days.

2.2.3. Other Expenses

The Deed also provide for payment of other expenses. The major expenses recoverable directly from the Funds include:

- expenses incurred in the sale, purchase, insurance/takaful, custody and any other dealings of investments including commissions/fees paid to brokers and costs involved with external specialists approved by the Trustee in investigating and evaluating any proposed investment;
- (where the foreign custodial function is delegated by the Trustee), charges/fees paid to the sub-custodian for taking into custody any foreign assets of the Funds;
- expenses incurred in the printing of, the purchasing of stationery and postage for the annual and interim (if any) reports;
- taxes and other duties imposed by the government and other authorities and bank fees;
- Shariah Adviser's fee and expenses;
- tax agent's and auditor's fees and expenses in relation to the Funds;
- fees incurred for the fund valuation and accounting of the Fund performed by a fund valuation agent;
- costs incurred in modifying the Deed for your benefit; and
- cost of convening and holding meetings of Unit holders (other than those meetings convened for our benefit or the benefit of the Trustee);
- all costs, bank charges and expenses related to income distribution of the Funds; for example, postage and printing of all cheques, statements and notices to you; and
- remuneration and out of pocket expenses of the person(s) or members of a committee undertaking the oversight function of the Funds and/or the members of the Shariah committee or advisers (if any) of the Funds, unless we decide to bear the same.

Expenses not authorised by the Deed must be borne by us or the Trustee out of our own funds if incurred for our own benefit.

2.2.4. We and the Trustee are required to ensure that any fees or charges payable are reasonable and in accordance with the Deed which stipulates the maximum rate in percentage terms that can be charged. Should the Fund invest into units of other Islamic CIS that are managed by us or our related corporation, we will ensure that all initial charges are waived and there is no double charging of management fees. All expenses of the Fund will generally be apportioned to each Class currently available for sale based on the MCR except for the Management Fee and those that are related to the specific Class only, such as, the costs and/or benefits from currency hedging of the respective Class and the cost of Unit holders' meeting held in relation to the respective Class. You should consult professional advisers for a better understanding.

Subject always to the provisions of the Deed and GUTF, we reserve our sole and absolute discretion and at any time to amend, vary, waive and/or reduce the fees and charges (except for the Trustee Fee), whether payable by the Fund or Class, payable by you to the Fund or payable by any other investors to the Fund.

We may for any reason and at any time, waive or reduce: (a) any fees (except for the Trustee Fee); (b) other charges payable by you in respect of the Funds; and/or (c) transactional values including but not limited to the units or amount, for any Unit holder and/or investments made via any distribution channels or platform.

2.3. REBATES AND SOFT COMMISSIONS

We and the Trustee will not retain any form of rebate from, or otherwise share in any commission with, any broker or dealer in consideration for directing dealings in the investments of the Funds. Accordingly, any rebate or shared commission will be directed to the account of the Fund.

We may retain goods and services (soft commission) provided by any broker or dealer if the following conditions are met:

- (a) the soft commission bring direct benefit or advantage to the management of the Fund and may include research and advisory related services;
- (b) any dealing with the broker or dealer is executed on terms which are the most favourable for the Funds; and
- (c) the availability of soft commissions is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and we or the fund manager will not enter into unnecessary trades in order to achieve a sufficient volume of transactions to qualify for soft commissions.

There are fees and charges involved and you are advised to consider them before investing in the Funds.

All fees and charges payable by you and/or the Funds are subject to any applicable taxes and/or duties as may be imposed by the government or other authorities (if any) from time to time. As a result of changes in any rule, regulation, directive, notice and/or law issued by the government or relevant authority, there may be additional cost to the fees, expenses, charges and/or taxes payable to and/or by the Funds and/or you as disclosed or illustrated in this Prospectus.

We have the discretion to amend the amount, rate and/or terms and conditions for the above-mentioned fees, charges and/or transaction information from time to time, subject to the requirements stipulated in the Deed. Where necessary, we will notify the Trustee, communicate to you and/or seek your approval on the amendments to the fees, charges and/or transaction information.

3. TRANSACTION INFORMATION

3.1. VALUATION OF INVESTMENTS PERMITTED BY THE FUND

We will carry out the valuation of the Funds in a fair manner in accordance with applicable law and guidelines. The valuation bases for the investments permitted by the Funds are as below:

- **Listed Shariah-compliant securities**
The value of any Shariah-compliant permitted investments, which are quoted on an exchange, shall be calculated daily by reference to the last exchange closing prices. If the last transacted price does not represent the fair value of the Shariah-compliant securities, then the Shariah-compliant securities should be valued at fair price as determined in good faith by us, based on the methods or bases approved by the Trustee after appropriate technical consultation, such as the mean of bid and offer prices at the close of trading. Suspended Shariah-compliant securities will be valued at their last done price unless there is conclusive evidence to show that the value has gone below the suspended price or where the quotation of the Shariah-compliant securities has been suspended for a period exceeding fourteen (14) days or such shorter period as agreed by the Trustee, then the Shariah-compliant securities should be valued at fair value as determined in good faith by us based on the methods or bases approved by the Trustee after appropriate technical consultation.
- **Unlisted Shariah-compliant securities**
The valuation of Shariah-compliant equities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing or quotation and are offered directly to the Fund by the issuer shall be valued daily at the issue price of such Shariah-compliant equities. The value will be determined by the issuer that issued the instrument.
- **Unlisted Sukuk**
The value of any unlisted MYR-denominated Sukuk shall be calculated on a daily basis using prices quoted by a bond pricing agency (BPA) registered with the SC. Where such prices are not available or where we are of the view that the price quoted by the BPA for a specific Sukuk differs from the market price by more than 20 basis points, we may use the market price by reference to the last available quote provided such quote was obtained within the previous thirty (30) days and we record our basis for using a non-BPA price, obtain necessary internal approvals to use the non-BPA price and keep an audit trail of all decisions and basis for adopting the market yield.

The value of any unlisted non MYR-denominated Sukuk shall be calculated daily using prices quoted by ICE, Refinitiv, IHS Markit or Bloomberg, dependent on asset class and market using their proprietary methodology. The Sukuk prices are calculated using prices contributed by financial institutions and other market inputs, including benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data (e.g. corporate action announcements and ratings). Where the prices are not available on any Business Day, these Sukuk will be valued by reference to the average indicative yield quoted by three (3) independent and reputable financial institutions. However, where quotations are still not available, such unlisted non-MYR-denominated Sukuk will be valued daily at a fair price determined in good faith by us, based on the methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

- **Islamic CIS**
The value of any investment in Islamic CIS which is quoted on an exchange shall be calculated daily in the same manner as other listed Shariah-compliant securities described above. When investing in unlisted Islamic CIS, the value shall be determined by reference to the last published repurchase/redemption net asset value per unit for that Islamic CIS.
- **Islamic money market instruments**
Investments in Islamic money market instruments such as negotiable certificate of deposits are valued each day by reference to the value of such investments and the profits accrued thereon for the relevant period. Instruments such as MYR-denominated Islamic commercial papers are valued on a daily basis using the fair value prices quoted by a BPA registered with the SC.
- **Islamic Deposit**
The value of Islamic Deposit shall be determined each day by reference to the principal value of such Islamic Deposit and the accrued profit thereon for the relevant period.
- **Unlisted Islamic derivative instruments**
For unlisted Islamic derivative instruments, we shall ensure that the valuation of the investment is valued daily at a fair value as determined in good faith by us, on methods and bases which have been verified by the auditor of the Fund and approved by the Trustee.

If the value of the Fund's asset is denominated in a currency other than USD, the assets are translated on a daily basis to USD based on the bid foreign exchange rate quoted by either Bloomberg or Refinitiv at UK time 4:00 p.m. on the same day (Malaysian time 11:00 p.m. or 12:00 a.m.), or such other time as stipulated in the IMS.

3.2. UNIT PRICING

We adopt a single pricing method for any transactions (i.e. applications, withdrawals, switches and/or transfers) based on forward prices. This means that we will process your transactions request based on the NAV per unit at the next valuation point after we receive the completed application from you.

If the transactions are made by 4:00 p.m. on a Business Day, we will process the transactions using the NAV per unit on the same Business Day. For transactions made after 4:00 p.m. on a Business Day, we will process the transactions using the NAV per unit on the next Business Day.

For Class D

If the transactions are made by 1:00 p.m. on a Business Day, we will process the transactions using the NAV per unit on the same Business Day. For transactions made after 1:00 p.m. on a Business Day, we will process the transactions using the NAV per unit on the next Business Day.

We will carry out the valuation for the Classes for a Business Day on the next Business Day (T+1) by 4:00 p.m. This is to cater for the currency translation of the foreign Shariah-compliant securities and/or Shariah-compliant instruments to the Fund's base currency based on the bid exchange rate quoted by Bloomberg or Refinitiv at UK time 4:00 p.m. on the same day (Malaysian time 11:00 p.m. or 12:00 a.m.), or such other time as stipulated in the IMS. The NAV per unit for a Business Day is available on our website at www.principal.com.my after 5:30 p.m. on the following Business Day (T+1).

Illustration:

For transaction request received by us by 4:00 p.m. on a Business Day

At the end of the Business Day on 4 April 2022, your units will be based on the NAV per unit on 4 April 2022, which will be calculated on 5 April 2022. The NAV per unit will be made known on our website after 5:30 p.m. on 5 April 2022.

For transaction request received by us after 4:00 p.m. on a Business Day

At the end of the Business Day on 4 April 2022, your units will be based on the NAV per unit on 5 April 2022, which will be calculated on 6 April 2022. The NAV per unit will be made known on our website after 5:30 p.m. on 6 April 2022.

Illustration for Class D:

For transaction request received by us by 1:00 p.m. on a Business Day

At the end of the Business Day on 4 April 2022, your units will be based on the NAV per unit on 4 April 2022, which will be calculated on 5 April 2022. The NAV per unit will be made known on our website after 5:30 p.m. on 5 April 2022.

For transaction request received by us after 1:00 p.m. on a Business Day

At the end of the Business Day on 4 April 2022, your units will be based on the NAV per unit on 5 April 2022, which will be calculated on 6 April 2022. The NAV per unit will be made known on our website after 5:30 p.m. on 6 April 2022.

The Funds must be valued at least once every Business Day except during the initial offer period. The method of determining the NAV per unit of the Class is calculated as follows:

$$\text{NAV per unit of the Class} = \frac{\text{NAV of the Class}}{\text{Number of units in issue of the Class}}$$

The NAV of the Fund is the sum of the value of all investments and cash held by the Fund (calculated in accordance with the Deed) including income derived by the Fund which has not been distributed to you, less all amounts owing or payable in respect of the Fund which also includes any provisions that may be made by us and the Trustee. For example, a provision may be made for possible future losses on an investment which cannot be fairly determined.

The valuation of the Fund is in the base currency i.e. USD. As such, all the assets and liabilities of each Class will be translated into USD for valuation purposes. The foreign exchange rate used for this purpose shall be the bid exchange rate quoted by Bloomberg or Refinitiv at UK time 4:00 p.m. (Malaysian time 11:00 p.m. or 12:00 a.m.), or such other time as stipulated in the IMS. The NAV per unit of each Class will be the NAV of the Fund attributable to each Class divided by the number of units in circulation of that Class, at the same valuation point.

3.2.1. Multi-class Ratio (MCR)

MCR is the apportionment of the NAV of each Class over the Fund's NAV based on the size of each Class. The MCR is calculated by dividing the NAV (in USD) of the respective Class by the NAV of the Fund before income and expenses for the day. The apportionment is expressed as a ratio and calculated as a percentage.

Below is an illustration on computation of the NAV of the Fund:

	Fund (USD)	Class ABC (Denominated in USD) (USD)	Class XYZ (Denominated in MYR) (USD)

3.2.2. Calculation of investment amount and units entitlement

The calculation below is for illustration only and does not represent the actual percentage or amount that you may incur for each Class. Please refer to the Annexure of the respective Class for the actual percentage or amount of charges.

Illustrations:

Calculation of number of units received, Application Fee and total amount payable by you

NAV per unit of Class XYZ denominated in MYR = MYR 1.0000 (truncated to 4 decimal places)

Application Fee = 5.00%

An investor wishes to invest MYR 10,000 in the Fund through an IUTA.

Calculation of number of units that you will receive*

= Investment amount / NAV per unit of Class XYZ

= MYR 10,000.00 / MYR 1.0000

= 10,000.00 units

Calculation of Application Fee that you will incur (to be payable in addition to the investment amount)

= NAV per unit of Class XYZ x number of units received x Application Fee rate

= MYR 1.0000 x 10,000.00 units x 5.00%

= MYR 500.00

Calculation of total amount that you will have to pay

= Investment amount + Application Fee paid

= MYR 10,000.00 + MYR 500.00*

= MYR 10,500.00

*The number of units that you will receive will be rounded to two (2) decimal places

Calculation of investment value

Assuming you have 40,000 units of Class XYZ of the Fund and the NAV per unit of Class XYZ for the day (which will be made known on the following Business Day) is MYR 1.2630 (truncated to 4 decimal places).

Calculation of investment value

= Number of units x NAV per unit of Class XYZ

= 40,000.00 x MYR 1.2630

= MYR 50,520.00

Calculation of withdrawal value and amount payable to you

Assuming you request for a 10,000 units withdrawal. Your withdrawal request is received by us by 4:00 p.m. or 1:00 p.m. (for Class D) on a Business Day. The NAV per unit of Class XYZ for that Business Day (which will be made known on the following Business Day) is MYR 1.2686 (truncated to 4 decimal places).

Calculation of amount payable to you

= Number of units withdrawn x NAV per unit of Class XYZ

= 10,000 units x MYR 1.2686

= MYR 12,686.00

* There is no Withdrawal Fee for Class XYZ of the Fund. Hence, the amount payable to you is the withdrawal value.

3.3. INCORRECT PRICING

We shall take immediate remedial action to rectify any incorrect valuation and/or pricing of the Class. Where such error has occurred, we shall reimburse the money in the following manner:

- (a) in the event of over valuation and/or pricing, we shall reimburse:
 - (i) the Class for any withdrawal of units; and/or
 - (ii) you, if you have purchased units of the Class at a higher price; or
- (b) in the event of under valuation and/or pricing, we shall reimburse:
 - (i) the Class for any subscription of units; and/or
 - (ii) you, if you have withdrawn units of the Class at a lower price.

Notwithstanding the above, unless the Trustee otherwise directs, we shall make the reimbursement only where an incorrect pricing:

- (i) is equal to or more than 0.50% of the NAV per unit; and
- (ii) results in a sum total of MYR10.00 (or in the case of a foreign currency Class, 10.00 denominated in the foreign currency denomination of the Class) or more to be reimbursed to a Unit holder for each sale or withdrawal transaction.

We shall have the right to amend, vary or revise the abovesaid limits from time to time subject to any regulatory or governing body's requirements.

3.4. INVESTING

3.4.1. Who can invest?

You are eligible to invest in the Funds if you are:

- an individual who is at least eighteen (18) years of age and not an undischarged bankrupt with a bank account or a foreign currency bank account, as the case may be, in the currency of the Class applied for (e.g. Class USD investors are required to have a USD bank account). As an individual investor, you may also opt to invest in joint names (i.e. as a joint Unit holder and both applicants must be at least eighteen (18) years of age).
- an institution including but not limited to a company, corporation, co-operative, trust or pension fund with a bank account or foreign currency bank account, as the case may be, in the currency of the Class applied for (e.g. Class USD investors are required to have a USD bank account).

Notwithstanding the above, we reserve the right to accept or reject any application in whole or in part thereof without assigning any reason in respect thereof.

Further, if we are aware of a USA person (i.e. someone who has a USA address (permanent or mailing) or USA entity (i.e. a corporation, trust, partnership or other entity created or organised in or under the laws of the USA or any state thereof or any estate or trust the income of which is subject to United States Federal Income Tax regardless of source)) holding units in the Fund, we may issue a notice to that person requiring him/her to, within thirty (30) days, either withdraw his/her units or transfer his/her units to a non-USA person or non-USA entity.

We also have the right to withdraw all units held by you in the event we are of the opinion that such withdrawal is necessary to ensure that we comply with any relevant laws, regulations and guidelines. We will first notify you before making any such compulsory withdrawal of your units.

Please note that some Classes are only eligible for certain type of investors. Please refer to the Annexure of the Class for further information.

3.4.2. How to invest?

You may invest through any of our Distributors, Principal Malaysia's office, e-Wallet App or such other method as we may advise from time to time after completing the relevant application and attaching a copy of your identity card, passport or any other identification document (where applicable). We may request for additional supporting document(s) or information from you. Your application should indicate clearly the amount you wish to invest in the Fund. We may introduce other mode of investment from time to time, subject to the approval of the relevant authorities.

You may make a payment:

- by crossed cheque, banker's draft, or cashier's order (made payable as advised by us or our Distributors as the case may be). You will have to bear the applicable bank fees and charges, if any; or
- directly from your bank account (or foreign currency bank account, as the case may be) held with us or our Distributors, where applicable; or
- directly with your monies in the e-Wallet App. Kindly ensure that your e-Wallet has enough balance for your investment. Please also note that there may be a limit to your e-Wallet balances; or
- directly from your bank account through wire transfer facility offered in the e-Wallet App (subject to any limit prescribed by the wire transfer facility provider); or

- by such other mode of payment that we and/or the relevant authorities may approve from time to time. Any charges, fees and expenses incurred in facilitating such mode of payment shall be borne by you. Such mode of payment is subject to further limit(s), restriction(s) and/or terms and conditions that we and/or the relevant authorities may impose from time to time.

3.4.3. Regular Savings Plan

RSP may be made available for certain Class. Please refer to the Annexure of the respective Class for further information. Where available, the RSP allows you to make regular monthly investments, directly from your account held with a bank approved by us or our Distributors. We will process the monthly investments made via the RSP when we receive your application and/or your monthly contribution. You can also arrange a standing instruction with us or our Distributors to invest a pre-determined amount in the Fund each month. You can cancel your RSP at any time by providing written instructions to us or the relevant Distributors to cancel your standing instruction.

3.4.4. Can the units be registered in the name of more than one (1) Unit holder?

We may register units in the name of more than one (1) Unit holder but we have the discretion not to allow registration of more than two (2) joint Unit holders. Joint account is not available for Class D. All applicants must be at least eighteen (18) years of age.

In the event of the demise of a joint Unit holder, whether Muslim or non-Muslim, only the surviving joint Unit holder will be recognized by the Trustee and the Manager as having ownership to such unit. The Manager or Trustee may require such necessary evidence proving the death of the Unit holder. His/her units will be dealt with in accordance with the Deed and applicable laws and regulations.

3.4.5. Who is distributing these Funds?

The Funds may be distributed via the following channels:

- Principal Malaysia's offices;
- Principal Distributors;
- IUTA; and
- such other channels as we may decide from time to time.

You may invest into the Funds via us or any of our Distributors or such other channels (where available). Please refer to the "Distributors of the Funds" chapter for further details. Please note that we have the discretion in determining the Distributors of the Funds, including its appointment and/or termination from time to time. You may contact our Customer Care Centre under the "Corporate Directory" section or refer to our website at www.principal.com.my for more information.

You should not make payment in cash to any individual agent or employee of Principal Malaysia or issue a cheque in the name of any individual agent or employee of Principal Malaysia when purchasing units of a fund.

- 3.4.6. Please take note that if your investments are made through an IUTA via a nominee system of ownership, you would not be deemed to be a Unit holder under the Deed and as a result, you may not exercise all the rights ordinarily conferred to a Unit holder (e.g. the right to call for Unit holders' meetings and the right to vote at a Unit holders' meeting).

3.5. MINIMUM INVESTMENTS

The minimum initial and additional investment for each Class may differ and may be determined by us from time to time. Please refer to the Annexure of the respective Class for further information.

3.5.1. Processing an application

If we receive and accepted a complete application by 4:00 p.m. or 1:00 p.m. (for Class D) on a Business Day, we will process it using the NAV per unit on the same Business Day. If we receive and accepted the application after 4:00 p.m. or 1:00 p.m. (for Class D) on a Business Day, we will process it using the NAV per unit for the next Business Day. We will only process the complete applications, i.e. when we have received all the necessary and required information and/or documentations. The number of units you receive will be rounded to two (2) decimal places.

For transaction through e-Wallet App, the processing of your application request is subject to you providing all required information to us through the e-Wallet App and the transfer of monies into the Fund's account. Failure to complete the application process in the e-Wallet App by you or non-receipt of the application request by us will cause the application request to be cancelled automatically. We will pay back your monies on the next Business Day on a best effort basis, subject to system availability. If you wish to re-apply, you will have to re-initiate the application process through the e-Wallet App.

3.6. MINIMUM WITHDRAWALS

The minimum withdrawal for each Class may differ and may be determined by us from time to time, unless you are withdrawing your entire investment. Please refer to the Annexure of the respective Class for further information. You may withdraw by completing a withdrawal application and submit it to the relevant Distributor, Principal Malaysia's offices, e-Wallet App or such other channel (where available). There is no restriction on the frequency of withdrawals. We will transfer the withdrawal proceeds

to your bank account or foreign currency bank account, as the case may be, provided by you or through e-wallet with the e-Wallet Provider (where available). If the Fund is an EPF-MIS approved fund and you have invested via EPF-MIS, your withdrawal proceeds will be paid to EPF.

3.6.1. Processing a withdrawal

If we receive a complete withdrawal request by 4:00 p.m. or 1:00 p.m. (for Class D) on a Business Day, we will process it using the NAV per unit on the same Business Day. If we receive the withdrawal request after 4:00 p.m. or 1:00 p.m. (for Class D) on a Business Day, we will process it using the NAV per unit for the next Business Day (T+1). The amount that you will receive is calculated by the withdrawal value less the Withdrawal Penalty, if any. You will be paid in the currency of the Class (e.g. Class USD Unit holders will be paid in USD) within seven (7) Business Days upon our receipt of the complete withdrawal request. You will have to bear the applicable bank fees and charges, if any.

For more information on Class D, you may refer to the frequently asked questions and terms and conditions which are available on the e-Wallet App. Alternatively, you may contact our Customer Care Centre under the “Corporate Directory” section or the e-Wallet Provider to understand the service and their terms and conditions.

3.7. MINIMUM BALANCE

The minimum balance that must be maintained in your account for each Class may differ and may be determined by us from time to time. Please refer to the Annexure of the respective Class for further information. If the balance (i.e. number of units) of an investment drops below the minimum balance units, further investment will be required until the balance of the investment is restored to at least the stipulated minimum balance. Otherwise, we can withdraw your entire investment and forward the proceeds to you.

3.8. COOLING-OFF PERIOD

For first time individual investor investing with us, you have six (6) Business Days after your initial investment (i.e. from the date the complete application is received and accepted by us or any of our Distributors) to reconsider its appropriateness and suitability for your investment needs. Within this period, you may withdraw your investment at the same NAV per unit when the units were purchased or prevailing NAV per unit at the point of cooling-off (whichever is lower) (“Refund Amount”). We will pay the Refund Amount including the Application Fee (if any) to you in the currency of the respective Class within seven (7) Business Days from the day we receive the complete documentations. Please note that the cooling-off right is only given to first time investor investing with us or any of our Distributors. However, Principal Malaysia’s staff and person(s) registered with a body approved by the SC to deal in unit trust funds are not entitled to the cooling-off right.

For transaction through e-Wallet App, cooling-off right is not applicable if you have withdrawn all or parts of your investment from Class D either to your e-Wallet or your bank account. Request for cooling-off can made directly through Principal Malaysia and/or through the e-Wallet App (where available).

If the Fund is an EPF-MIS approved fund and you have invested via EPF-MIS, your cooling-off right is subject to EPF’s terms and conditions.

3.9. SWITCHING

Where available, we process a switch between the Classes of the Fund or between a Class and other Principal Malaysia’s funds (or its classes) which should be denominated in the same currency. You may contact our **Customer Care Centre** under the “Corporate Directory” section for more information on the availability of switching. For information on the availability of switching, please refer to the Annexure of the respective Class.

To switch, simply complete a switch application and send to our Distributors, Principal Malaysia’s offices, e-Wallet App (where available), or such other channel. Currently, there is no restriction on the frequency of switches. However, we have the discretion to allow or to reject any switching into (or out of) the Fund or Class and other Principal Malaysia’s funds (or its classes).

For more information on Class D, you may refer to the frequently asked questions and terms and conditions which are available on the e-Wallet App. Alternatively, you may contact our Customer Care Centre under the “Corporate Directory” section or the e-Wallet Provider to understand the service and their terms and conditions.

3.9.1. Processing a switch

Where available, we process a switch as a withdrawal from one fund or class and an investment into another fund or class within Principal Malaysia’s fund. If we receive a complete switch request by 4:00 p.m. or 1:00 p.m. (for Class D) on a Business Day, we will process the switch-out using the NAV per unit for that Business Day. If we receive the request after 4:00 p.m. or 1:00 p.m. (for Class D) on a Business Day, the switch-out will be processed using the NAV per unit for the next Business Day.

However, you should note that switch-in may be processed at a later Business Day, generally within one (1) Business Day to four (4) Business Days.

3.10. TRANSFER FACILITY

Where available, you may transfer your units to another investor subject to such terms and conditions stipulated in the Deed. You may be charged a Transfer Fee for each transfer. However, we may refuse to register any transfer of unit at our absolute discretion. Please refer to the Annexure of the respective Class for further information.

3.11. TEMPORARY SUSPENSION

Subject to the requirements in the GUTF and/or the Deed, we and the Trustee may temporarily suspend the dealing in units of the Class or Fund when there is good and sufficient reason to do so.

To avoid suspension of the Fund, the Fund will hold adequate liquid assets and if the liquid assets are insufficient to meet redemption requests, we will either liquidate the investments of the Fund or seek temporary financing, considering which is in the best interests of Unit Holders. Before carrying out any suspension of the Fund after we have taken all considerations under liquidity risk management framework, we will ensure that we have exhausted all possible avenues to avoid a suspension of the Fund, and only as a last resort, and in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the sale (if applicable) and repurchase of Units where it is impractical for us to calculate the NAV of the Fund due to but not limited to when material portion of the asset of the Fund is affected by any of the following:

- (i) the closure of a securities exchange or trading restrictions in the securities exchange; or
- (ii) an emergency or other state of affairs; or
- (iii) the declaration of a moratorium in a country where that Fund has assets; or
- (iv) for the purpose of conversion of any currency, a closure or restrictions on trading in the relevant foreign market exchange; or
- (v) the realisation of the assets of the Fund not being able to be effected at prices which are fair to the Fund and/or within a reasonable period in a stable market.

Please note that during the suspension period, there will be no NAV per unit available and hence, we will not accept any transactions for the applications, withdrawals, switches and/or transfers of units. If we have earlier accepted your request for applications, withdrawals, switches and/or transfers of units before the suspension is declared, please note that your request will only be processed on the next Business Day after the cessation of suspension of the Fund. You will be notified of the suspension and when the suspension is lifted.

3.12. DISTRIBUTION PAYMENT

Depending on the distribution policy of the respective Class, distribution (if any) will be made at the end of each distribution period to the Class(es) according to its distribution policy. Each unit of the Class will receive the same distribution for a distribution period regardless of when those units were purchased. The distribution amount you will receive is calculated by multiplying the total number of units held by you in the Class with distribution amount in cent per unit. Once a distribution has been paid, the NAV per unit will adjust accordingly. For more information on the distribution policy of each Class, please see Annexure of the respective Class.

All distributions (if any) will be automatically reinvested into additional units in the Class at the NAV per unit of the Class on the distribution date (the number of units will be rounded to two (2) decimal places), unless written instructions to the contrary are communicated to us and in which case you shall have first furnished to us with details of your valid and active bank account in the currency denomination of that Class into which all distribution payment shall be paid (the cost and expense will be borne by you). No Application Fee is payable for the reinvestment.

If units are issued as a result of the reinvestment of a distribution or other circumstance after you have withdrawn your investment from the Class, those additional units will then be withdrawn, and the proceeds will be paid to you.

You should note that distribution payments, if any, will be made in the respective currency for that Class. As such for each Class, the distribution amount may be different as a result of exchange rate movement between the base currency of the Fund and the denominated currency of each Class. Then the distribution will be paid into your bank account (which shall be in the currency of that specific Class) in our records (at your cost and expense).

Note: Please note that for Class(es) that provide distribution, we have the right to make provisions for reserves in respect of distribution of the Class. If the income available is too small or insignificant, any distribution may not be of benefit to you as the total cost to be incurred in any such distribution may be higher than the amount for distribution. We have the discretion to decide on the amount to be distributed to you. We also have the discretion to make income distribution on an ad-hoc basis, taking into consideration the level of its realised income and/or realised gains, as well as the performance of the Fund.

3.13. UNCLAIMED MONEYS

Any moneys payable to you which remain unclaimed after twelve (12) months as prescribed by Unclaimed Moneys Act 1965 ("UMA"), will be surrendered to the Registrar of Unclaimed Moneys by us in accordance with the requirements of the UMA. Thereafter, all claims need to be made by you with the Registrar of Unclaimed Moneys.

For income distribution payout to you by cheque, if any, which remains unclaimed for six (6) months will be reinvested into the Class within thirty (30) Business Days after the expiry of the cheque's validity period based on the prevailing NAV per unit on the day of the reinvestment provided that you still hold units of the Class. As for income distribution payout to you by bank transfer, if any which remained unsuccessful and unclaimed for six (6) months, it will be reinvested into the Class within thirty (30) Business Days after the six (6) months period based on the prevailing NAV per unit on the day of the reinvestment provided that you still hold units of the Class. No Application Fee is payable for the reinvestment. In the event that you no longer hold any unit in the Class, the distribution money would be subject to the same treatment mentioned in the above paragraph as prescribed by the UMA.

Unit prices and distributions payable, if any, may go down as well as up.

We have the discretion to amend the amount, rate and/or terms and conditions of the transaction information herein, subject to the requirements stipulated in the Deed. Where necessary, we will notify the Trustee and communicate to you on the amendments to the transaction information.

All investments are registered in the name of the Trustee for the Fund or to the order of the Trustee. The custodian acts only in accordance with instructions from the Trustee. The Trustee shall be responsible for the acts and omissions of its delegate as though they were its own acts and omissions.

However, the Trustee is not liable for the acts, omissions or failure of any third party depository such as central securities depositories, or clearing and/or settlement systems and/or authorised depository institutions, where the law or regulation of the relevant jurisdiction requires the Trustee to deal or hold any asset of the Fund through such third parties.

7.1.3 Trustee's Disclosure of Material Litigation

As at LPD, the Trustee is not engaged in any material litigation and arbitration, including those pending or threatened, and is not aware of any facts likely to give rise to any proceedings which might materially affect the business/financial position of the Trustee.

7.1.4 Trustee's Statement of Responsibility

The Trustee has given its willingness to assume the position as trustee of the Fund and all the obligations in accordance with the Deed, all relevant laws and rules of law. The Trustee shall be entitled to be indemnified out of the Fund against all losses, damages or expenses incurred by the Trustee in performing any of its duties or exercising any of its powers under the Deed. The right to indemnity shall not extend to loss occasioned by breach of trust, wilful default, negligence, fraud or failure to show the degree of care and diligence required of the Trustee having regard to the provisions of the Deed.

We shall retire under the following circumstances:

- if a Special Resolution is duly passed by the Unit holders that the Manager be removed; or
- if we cease to be approved by the SC to be the management company of unit trust schemes.

We may be removed by the Trustee under certain circumstances outlined in the Deed. These include:

- if we have gone into liquidation (except for the purpose of reconstruction or some similar purpose) or if a receiver shall be appointed in respect of the undertaking or assets of the Manager or if any encumbrances shall take possession of any of its assets; or
- if we cease to carry on business; or

- if a petition has been presented for the winding up against us (other than for the purpose of and followed by a reconstruction, unless during or following such reconstruction, we become or is declared insolvent).

8.4. RETIREMENT, REMOVAL OR REPLACEMENT OF THE TRUSTEE

We and the Trustee may agree, and may by Deed appoint in its stead a new trustee approved by the SC.

The Trustee must retire as trustee of the Fund when required to retire by law. The Trustee may retire by giving twelve (12) months' notice to us or any shorter notice we accept.

We may remove the Trustee and the Trustee covenants that it will retire or be removed from the Fund constituted by or pursuant to the Deed if and when requested so to do by us if:

Additionally, we are legislatively empowered under Section 299 of the CMSA to remove the Trustee under specific circumstances set out therein.

The Trustee may be replaced by another corporation appointed as trustee by a Special Resolution of the Unit holders at a Unit holders' meeting convened in accordance with the Deed either by us or the Unit holders.

8.5. TERMINATION OF THE FUNDS AND/OR CLASSES

The Funds and/or any of the Classes may be terminated or wound-up upon the occurrence of any of the following events:

- (a) the SC's approval is revoked under Section 256E of the CMSA;
- (b) a Special Resolution is passed at a Unit holders' meeting of all the Unit holders of the Fund or the relevant Class to terminate or wind-up the Fund or that Class as the case may be, following the occurrence of events stipulated under Section 301(1) of the CMSA and the court has confirmed the resolution, as required under Section 301(2) of the CMSA;
- (c) a Special Resolution is passed at a Unit holders' meeting of all the Unit holders of the Fund or the relevant Class to terminate or wind-up the Fund or that Class as the case may be;

- (e) the effective date of an approved transfer scheme, as defined under the GUTF, has resulted in the Fund, which is the subject of the transfer scheme, being left with no asset/property.

A Class may be terminated if a Special Resolution is passed at a Unit holders' meeting of that Class to terminate or wind-up that Class provided always that such termination or winding-up of that Class does not materially prejudice the interest of any other Class in that Fund.

Notwithstanding the above, the Fund and/or any of the Class may be terminated or wound-up, without the need to seek Unit holders' prior approval, as proposed by the Manager with the consent of the Trustee (which consent shall not be unreasonably withheld) upon the occurrence of any of the following events, by giving a notice in writing to the Unit holders of such period not less than that specified in the GUTF as hereinafter provided (i) if any law shall be passed which renders it illegal or (ii) if in the reasonable opinion of the Manager it is impracticable or inadvisable to continue the Fund and/or the Class, and the termination of the Fund and/or Class is in the best interest of the Unit holders.

8.6. MEETINGS OF UNIT HOLDERS

A Unit holders' meeting may be called by us, the Trustee and/or Unit holders.

Where we or the Trustee convenes a meeting, the notice of the time and place of the meeting and terms of resolution to be proposed shall be given to the Unit holders of a Fund or of a particular Class, as the case may be, by sending by post, or where allowed by any relevant law and/or authority, digitally or electronically a notice of the proposed meeting at least fourteen (14) days before the date of the proposed meeting, to each Unit holder of the Fund or of a particular Class, as the case may be, at the Unit holder's last known address or, in the case of joint Unit holders whose name stands first in our record at the joint Unit holder's last known address.

for the purpose of considering the most recent financial statements of the relevant Fund, or for the purpose of requiring the retirement or removal of the Manager or the Trustee, or for the purpose of giving to the Trustee such directions as the meeting thinks proper, or for the purpose of considering any other matter in relation to the Deed.

The quorum for a meeting of Unit holders of a Fund is five (5) Unit holders of the Fund (irrespective of the Class) present in person or by proxy, provided that for a meeting which requires a Special Resolution the quorum for that meeting shall be five (5) Unit holders of the Fund (irrespective of the Class), whether present in person or by proxy, holding in aggregate at least twenty five per centum (25%) of the units in issue of the Fund (irrespective of the Class) at the time of the meeting. If the Fund (irrespective of the Class) has five (5) or less Unit holders, the quorum required shall be two (2) Unit holders of the Fund (irrespective of the Class), whether present in person or by proxy and if the meeting requires a Special Resolution the quorum for that meeting shall be two (2) Unit holders of the Fund (irrespective of the Class), whether present in person or by proxy, holding in aggregate at least twenty five per centum (25%) of the units in issue for the Fund (irrespective of the Class) at the time of the meeting. Dear Sirs

Taxation of the unit trust fund and unit holders

This letter has been prepared for inclusion in this Replacement Prospectus Issue No. 2 in connection with the offer of units in the unit trust known as Principal Islamic Global Selection Series which consists of Principal Islamic Global Selection Moderate Conservative Fund, Principal Islamic Global Selection Moderate Fund and Principal Islamic Global Selection Aggressive Fund (hereinafter referred to as “the Funds”).

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Funds and the unit holders.

Taxation of the Funds

The taxation of the Funds is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Funds comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Under Section 2(7) of the MITA, any reference to interest shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*.

The effect of this is that any gains or profits received (hereinafter referred to as “profits”) and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*, will be accorded the same tax treatment as if they were interest.

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as ‘permitted expenses’) not directly related to the production of income, as explained below.

“Permitted expenses” refer to the following expenses incurred by the Funds which are not deductible under Section 33(1) of the MITA:

- the manager's remuneration,
- maintenance of the register of unit holders,
- share registration expenses,
- secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

where A is the total of the permitted expenses incurred for that basis period;
B is gross income consisting of dividend¹, interest and rent chargeable to tax for that basis period; and

¹ Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

- C is the aggregate of the gross income consisting of dividend¹ and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period,

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

Exempt income

The following income of the Funds is exempt from income tax:

Malaysian sourced dividends

All Malaysian-sourced dividends should be exempt from income tax.

Malaysian sourced interest

interest from securities or bonds issued or guaranteed by the Government of Malaysia;
interest from debentures or *sukuk*, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission;
interest from Bon Simpanan Malaysia issued by Bank Negara Malaysia;
interest derived from Malaysia and paid or credited by banks licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013²;
interest derived from Malaysia and paid or credited by any development financial institution prescribed under the Development Financial Institutions Act 2002;
interest from *sukuk* originating from Malaysia, other than convertible loan stock, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority (LFSA)³; and
interest which is specifically exempted by way of statutory orders or any other specific exemption provided by the Minister.

Discount

Tax exemption is given on discount paid or credited to any unit trust in respect of investments as specified in items (i), (ii) and (iii) above.

Foreign-sourced income

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempt from tax.

The Guidelines issued by the Malaysian Inland Revenue Board on 29 September 2022 define the term “received in Malaysia” to mean transferred or brought into Malaysia, either by way of cash⁴ or electronic funds transfer⁵.

Foreign-sourced income (FSI) received in Malaysia during the transitional period from 1 January 2022 to 30 June 2022 will be taxed at 3% of gross. From 1 July 2022 onwards, FSI received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax, and where relevant conditions are met.

Income Tax (Exemption) (No. 6) Order 2022 has been issued to exempt a “qualifying person”⁶ from the payment of income tax in respect of dividend income which is received in Malaysia from outside Malaysia, effective from 1 January 2022 to 31 December 2026. The exemption will however not apply to a person carrying on the business of banking, insurance or sea or air transport. As the definition of “qualifying person” does not include unit trust funds, it would mean that resident unit trust funds would technically not qualify for the exemption, unless there are further updates thereto.

Gains from the realisation of investments

Pursuant to Section 61(1) (b) of the MITA, gains from the realisation of investments will not be treated as income of the Fund and hence, are not subject to income tax. Such gains may be subject to real property gains tax (RPGT) under the Real Property Gains Tax Act 1976 (RPGT Act), if the gains are derived from the disposal of chargeable assets, as defined in the RPGT Act.

Implementation of Sales and Service Tax (“SST”)

² Effective from 1 January 2019, the income tax exemption for a unit trust fund, pursuant to Paragraph 35A, Schedule 6 of the Income Tax Act, 1967 shall not apply to a wholesale fund which is a money market fund.

³ Effective from the year of assessment 2017, the exemption shall not apply to interest paid or credited to a company in the same group or interest paid or credited to a bank licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013; or a development financial institution prescribed under the Development Financial Institutions Act 2002.

⁴ “Cash” in this context is defined as banknotes, coins and cheques.

⁵ “Electronic funds transfer” means bank transfers (e.g., credit or debit transfers), payment cards (debit card, credit card and charge card), electronic money, privately-issued digital assets (e.g., crypto-assets, stablecoins) and central bank digital currency.

⁶ “Qualifying person” in this context means a person resident in Malaysia who is:

- (a) An individual who has dividend income received in Malaysia from outside Malaysia in relation to a partnership business in Malaysia;
- (b) A limited liability partnership which is registered under the Limited Liability Partnerships Act 2012; or
- (c) A company which is incorporated or registered under the Companies Act 2016.

Sales and Service Tax (“SST”) was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax at the rate of 6% is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration. Where the Fund incurs expenses such as management fees, the management services provided by asset and fund managers who are licensed or registered with Securities Commission Malaysia for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007, are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be subject to 6% service tax provided they fall within the scope of service tax (i.e. are provided by a “taxable person”, who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as “taxable services”).

Taxation of unit holders

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Funds.

The income of unit holders from their investment in the Funds broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

In addition, unit holders may also realise a gain from the sale of units.

The tax implications of each of the above categories are explained below:

1. Taxable distributions

Distributions received from the Funds will have to be grossed up to take into account the underlying tax paid by the Funds and the unit holder will be taxed on the grossed up amount.

Such distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holder.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

2. Non-taxable and exempt distributions

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Funds will not be subject to Malaysian income tax in the hands of the unit holders.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the ITA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

Rates of tax

The Malaysian income tax chargeable on the unit holders would depend on their tax residence status and whether they are individuals, corporations or trust bodies. The relevant income tax rates are as follows:

Unit holders	Malaysian income tax rates
<p>Malaysian tax resident:</p> <ul style="list-style-type: none"> • Individual and non-corporate unit holders (such as associations and societies) • Co-operatives⁷ • Trust bodies • Corporate unit holders <p>(i) A company with paid up capital in respect of ordinary shares of not more than RM2.5 million (at the beginning of the basis period for the year of assessment) and gross income from a source or sources consisting of a business not exceeding RM50 million for the basis period for the year of assessment^{8 9}</p> <p>(ii) Companies other than (i) above</p>	<ul style="list-style-type: none"> • Progressive tax rates ranging from 0% to 30% • Progressive tax rates ranging from 0% to 24% • 24% • First RM600,000 of chargeable income @ 17% • Chargeable income in excess of RM600,000 @ 24% • 24%
