## MEMBERS' LETTER

Dear Valued Members,

Greetings from Principal Asset Management and thank you for investing with us!

We are pleased to bring you a copy of the Unaudited Semi-Annual Fund Report of the Principal Islamic PRS Plus Equity for the six months financial period ended 28 February 2025. You may also download this report from our website at [www.principal.com.my](http://www.principal.com.my).

We are thankful to share that investors like you have helped make our recent recognition at the LSEG Lipper Fund Awards 2025 possible, where Principal Malaysia received nine awards. These acknowledgements reflect the collaborative effort of our entire team to deliver investment solutions that meet your needs.

Building on our recent success, Principal Malaysia also garnered numerous accolades throughout 2024. At the Asia Asset Management 2024 Best of the Best Awards, we were honored with the Best of the Best Performance Award for China A-Share Equity (3 years) and recognized as the Best Institutional House – Malaysia. At the 2024 Global Banking & Finance Awards, our CEO, Munirah Khairuddin, was named Asset Management CEO of the Year Malaysia, and our company was recognized as Asset Management Company of the Year Malaysia. Additionally, we received the Best International Equity Fund Manager for MSCI EM Latin America 2023 at the EPF External Fund Managers Awards 2023.

At the Alpha Southeast Asia Fund Management Awards 2024, we won three awards: Best Absolute Return Strategy, Best Online & Mobile Platform (Asset Manager), and Best Asset Manager (Income-Oriented, Money Market & Alternative Investment Funds). The International Finance Awards honored us with 'Best Asset Management Company – Malaysia 2024' and 'Best Asset Management CEO – Munirah Khairuddin – Malaysia 2024'. At the Triple A Sustainable Investing Awards 2024, we secured the Asset Management Company of the Year (Malaysia) award. The World Business Outlook magazine recognized us with the titles of Best Investment Management and Solutions Provider Malaysia, Best Institutional House Malaysia, and Asset Management CEO (Munirah Khairuddin) of the Year Malaysia. Additionally, we received three awards at the iFast Awards 2024, seven at the LSEG Lipper Fund Awards 2024, ten at the FSMOne Recommended Funds 2023/2024, and two at the Edge ESG Awards 2024.

Digital innovation is central to our strategy, as we use data and technology to develop the right solutions for you. We will continue to advance our digital capabilities to provide easy access to your investment portfolio and enable you to carry out transactions seamlessly. Please continue to check out our website, like our Facebook page (@PrincipalMalaysia), follow us on our Instagram account (@principalmalaysia), and LinkedIn page (Principal Malaysia) for the latest updates, market insights and investment articles.

Yours faithfully,  
for **Principal Asset Management Berhad**

**MARKET REVIEW (1 SEPTEMBER 2024 TO 28 FEBRUARY 2025)**

The FTSE Bursa Malaysia Shariah Index demonstrated notable resilience amidst global economic fluctuations and maintained stability despite external challenges. This period saw a steady performance, driven by sectors such as consumer goods, healthcare, technology, and industrial products.

The technology sector experienced significant activity, with companies focusing on innovation and digital transformation. This sector's growth was supported by Malaysia's push towards a digital economy. Meanwhile, the industrial products sector contributed to stability, driven by infrastructure projects and industrialization efforts.

Regionally, Southeast Asia's dynamic economic environment provided a supportive backdrop. The region's emphasis on sustainable development and ethical finance aligned well with the principles underpinning the FTSE Bursa Malaysia Shariah Index, highlighting the importance of Shariah-compliant investments in fostering economic stability and growth.

## **MARKET OUTLOOK\***

Market volatility and noises are expected to continue in the immediate term. However, over the longer term, the domestic story remains firm as the government pushes through policies that continue to support the economy and local businesses. Key risks include unexpected downside to Malaysia's economic momentum and increased volatility as a result of geopolitical events. The Construction, Property, and Utilities sectors are likely to benefit from these supportive policies, while the Technology sector may see selective growth driven by innovation and digital transformation.

The reassessment of United States (“US”) Artificial intelligence (“AI”) diffusion rules, the introduction of cost-effective AI models, and the trajectory of Federal Reserve (the “Fed”) rates are expected to continue influencing market sentiment. Sectors such as Construction, Utilities, Properties, and Telcos, which have shown resilience, are likely to benefit from these developments. Additionally, the Financials and Healthcare sectors may continue to attract investments, driven by positive market sentiment and ongoing advancements in medical technology.

\* This market outlook does not constitute an offer, invitation, commitment, advice or recommendation to make a purchase of any investment. The information given in this article represents the views of Principal Asset Management Berhad (“Principal Malaysia”) or based on data obtained from sources believed to be reliable by Principal Malaysia. Whilst every care has been taken in preparing this, Principal Malaysia makes no guarantee, representation or warranty and is under no circumstances liable for any loss or damage caused by reliance on, any opinion, advice or statement made in this market outlook.

## **INVESTMENT STRATEGY**

As this is a Feeder Fund under the PRS, the Fund will continue to remain fully invested in the Target Fund with minimal cash kept for liquidity purposes.

## **SOFT COMMISSIONS AND REBATES**

Principal Asset Management Berhad (the “PRS Provider”), the Sub-Manager and the Trustee will not retain any form of rebate from, or otherwise share in any commission with, any broker or dealer in consideration for directing dealings in the investments of the Fund. Accordingly, any rebate or shared commission will be directed to the account of the Principal Malaysia Funds (“Funds”).

The PRS Provider may retain goods and services (soft commission) provided by any broker or dealer if the following conditions are met:

- (a) the soft commission brings direct benefit or advantage to the management of the Fund and may include research and advisory related services;
- (b) any dealings with the broker or dealer is executed on terms which are the most favourable for the Fund; and
- (c) the availability of soft commission is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and The PRS Provider will not enter into unnecessary trades in order to achieve a sufficient volume of transactions to qualify for soft commission.

During the financial period under review, the PRS Provider, the Sub-Manager and Trustee did not receive any rebates from the brokers or dealers, but the PRS Provider has retained soft commission in the form of goods and services such as financial wire services and stock quotations system incidental to investment management of the Funds. The PRS Provider confirms that the goods and services received were for the benefit of the Fund, the trades were made on a best execution basis and there was no churning of trades.

## **SECURITIES FINANCING TRANSACTIONS**

The Fund has not undertaken any securities lending or repurchase transactions during the financial period under review.

**STATE OF AFFAIR OF THE FUND**

Effective 18 November 2024, the Fund has changed Trustee to HSBC (Malaysia) Trustee Berhad following the issuance of the Second Supplemental Disclosure Document dated 25 October 2024.

We are of view that the changes above do not affect the existing Members to stay invested in the Fund and it is not a significant change. Members may refer to Appendix 1 for the detailed list of changes.

There were no significant changes in the state of affairs of the Fund during the financial period and up to the date of PRS Provider's report, not otherwise disclosed in the financial statements.

**CIRCUMSTANCES THAT MATERIALLY AFFECT ANY INTEREST OF MEMBERS**

There were no circumstances that had materially affected the interest of the members during the financial period under review.

**CROSS TRADE**

No cross-trade transactions have been carried out during the financial period under review.

**UNIT SPLIT**

No unit split exercise has been carried out during the financial period under review.

## 2. MATERIAL ACCOUNTING POLICIES

The following accounting policies have been used consistently in dealing with items which are considered material in relation to the financial statements:

### (a) Basis of preparation

The financial statements have been prepared in accordance with the provisions of the MFRS Accounting Standards as issued by the Malaysian Accounting Standards Board (“MASB”) and IFRS Accounting Standards as issued by the International Accounting Standards Board (“IASB”).

The financial statements have been prepared under the historical cost convention, as modified by financial assets at fair value through profit or loss.

The preparation of financial statements in conformity with MFRS Accounting Standards and IFRS Accounting Standards requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period.

It also requires the PRS Provider to exercise their judgement in the process of applying the Fund’s accounting policies. Although these estimates and judgement are based on the PRS Provider’s best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2(i).

There are no other standards, amendments to standards or interpretations effective for financial periods beginning on 1 September 2024 that have a material effect on the financial statements of the Fund.

None of the standards, amendments to standards or interpretations that are effective for the financial period beginning on/after 1 March 2025 are applicable to the Fund.

### (b) Financial assets and financial liabilities

#### Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value through profit or loss, and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund’s business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets’ performance and to make decisions. Investment in Shariah-compliant collective investment scheme has contractual cash flows that do not represent solely payment of principal and interest<sup>1</sup> (“SPPI”), and therefore are classified as fair value through profit or loss.

<sup>1</sup> For the purposes of this Fund, interest refers to profits earned from Shariah-compliant investments.

**2. MATERIAL ACCOUNTING POLICIES (CONTINUED)****(b) Financial assets and financial liabilities (continued)**Classification (continued)

The Fund classifies cash and cash equivalents and amount due from the PRS Provider – Creation of units as financial assets at amortised cost as these financial assets are held to collect contractual cash flows consisting of the amount outstanding.

All of the Fund's financial liabilities are measured at amortised cost.

Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date, the date on which the Fund commits to purchase or sell the asset. Shariah-compliant investments are initially recognised at fair value.

Financial instruments are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the rights to receive cash flows from the Shariah-compliant investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

Financial liabilities are derecognised when it is extinguished, i.e. when the obligation specified in the contract is discharged or cancelled or expired.

Unrealised gains or losses arising from changes in the fair value of the financial assets at fair value through profit or loss are presented in the statement of comprehensive income within net gain or loss on financial assets at fair value through profit or loss in the financial period which they arise.

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income as part of gross dividend income when the Fund's right to receive payments is established.

Shariah-compliant collective investment scheme is valued based on the most recent published NAV per unit or share of such Shariah-compliant collective investment scheme or, if unavailable, on the last published price of such unit or share (excluding any sales charge included in such selling price).

Financial assets at amortised cost and other financial liabilities are subsequently carried at amortised cost using the effective profit method.

Impairment for assets carried at amortised costs

The Fund measures credit risk and expected credit losses ("ECL") using probability of default, exposure at default and loss given default. The PRS Provider consider both historical analysis and forward looking information in determining any ECL. The PRS Provider consider the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12 month ECL as any such impairment would be wholly insignificant to the Fund.

**2. MATERIAL ACCOUNTING POLICIES (CONTINUED)****(b) Financial assets and financial liabilities (continued)**Significant increase in credit risk

A significant increase in credit risk is defined by the PRS Provider as any contractual payment which is more than 30 days past due.

Definition of default and credit-impaired financial assets

Any contractual payment which is more than 90 days past due is considered credit impaired.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount. The Fund may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains. There are no write-offs/recoveries during the financial period.

**(c) Income recognition**

Dividend income is recognised on the ex-dividend date when the right to receive payment is established.

Realised gain or loss on disposal of Shariah-compliant collective investment scheme is accounted for as the difference between net disposal proceeds and the carrying amount of Shariah-compliant investments, determined on a weighted average cost basis.

**(d) Functional and presentation currency**

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in Malaysian Ringgit ("MYR" or "RM"), which is the Fund's functional and presentation currency.

**(e) Members' contributions**

The members' contributions to the Fund meet the definition of puttable instruments classified as financial liability under MFRS 132 "*Financial Instruments: Presentation*".

The Fund issues cancellable units, in three classes of units, known respectively as the Class A, Class C and Class X, which are cancelled at the member's option and do not have identical features subject to restrictions as stipulated in the Disclosure Document and SC Guidelines on PRS. The units are classified as financial liabilities. Cancellable units can be put back to the Fund at any time for cash equal to a proportionate share of the Fund's NAV of respective classes. The outstanding units are carried at the redemption amount that is payable at the date of statement of financial position if the member exercises the right to put back the unit to the Fund.

Units are created and cancelled at the member's option at prices based on the Fund's NAV per unit of respective classes at the close of business on the relevant dealing day.

**2. MATERIAL ACCOUNTING POLICIES (CONTINUED)**

**(e) Members' contributions (continued)**

The Fund's NAV per unit of respective classes is calculated by dividing the net assets attributable to members of respective classes with the total number of outstanding units of respective classes.

**(f) Cash and cash equivalents**

For the purpose of statement of cash flows, cash and cash equivalents comprise bank balances and Shariah-compliant deposits held in highly liquid investments with original maturities of three months or less that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

**(g) Taxation**

Current tax expense is determined according to Malaysian tax laws at the current rate based upon the taxable profit earned during the financial period.

**(h) Realised and unrealised portions of profit or loss after taxation**

The analysis of realised and unrealised portions of profit/loss after taxation as presented on the statement of comprehensive income is prepared in accordance with SC Guidelines on PRS.

**(i) Critical accounting estimates and judgements in applying accounting policies**

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information content of the estimates, certain key variables that are anticipated to have material impact to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

Estimates and judgements are continually evaluated by the PRS Provider and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

In undertaking any of the Fund's Shariah-compliant investment, the PRS Provider will ensure that all assets of the Fund under management will be valued appropriately, that is at fair value and in compliance with the SC Guidelines on PRS.

However, the PRS Provider is of the opinion that in applying these accounting policies, no significant judgement was required.

**3. RISK MANAGEMENT OBJECTIVES AND POLICIES**

The investment objective of the Fund is to provide capital growth over the long-term by investing in a target fund with investment in Malaysian securities that comply with the Shariah principles.

The Fund is exposed to a variety of risks which include market risk (inclusive of price risk), credit risk and liquidity risk.

Financial risk management is carried out through internal control process adopted by the PRS Provider and adherence to the investment restrictions as stipulated in the Deeds and SC Guidelines on PRS.

**3. RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)**

**(a) Market risk**

**(i) Price risk**

This is the risk that the fair value of an investment in Shariah-compliant collective investment scheme will fluctuate because of changes in market prices. The value of investments in a Shariah-compliant collective investment scheme may fluctuate according to the activities of individual companies, sector and overall political and economic conditions. Such fluctuation may cause the Fund's NAV and prices of units to fall as well as rise, and income produced by the Fund may also fluctuate.

The price risk is managed through diversification and selection of Shariah-compliant collective investment scheme and other financial instruments within specified limits according to the Deeds.

**(b) Credit risk**

Credit risk refers to the risk that a counterparty will default on its contractual obligation resulting in financial loss to the Fund.

The credit risk arising from bank balance is managed by ensuring that the Fund will only place Shariah-compliant deposits in reputable licensed Islamic financial institutions.

For amount due from the PRS Provider, the settlement terms of the proceeds from the creation of units receivables from the PRS Provider are governed by the SC Guidelines on PRS.

**(c) Liquidity risk**

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations.

The PRS Provider manages this risk by maintaining sufficient level of liquid assets to meet anticipated payments and cancellations of the units by members. Liquid assets comprise bank balance which are capable of being converted into cash within 7 business days.

The Fund's investments in Shariah-compliant collective investment scheme are realisable which are capable of being converted into cash within 10 business days. This is expected to reduce the risks for the entire portfolio without limiting the Fund's growth potentials.

**(d) Capital risk management**

The capital of the Fund is represented by net assets attributable to members. The amount of capital can change significantly on a daily basis as the Fund is subjected to daily subscriptions and redemptions at the discretion of members. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns to members and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

**3. RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)****(e) Fair value estimation**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

The fair values of financial assets traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the financial year end date. The Fund utilises the last traded market price for financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the PRS Provider will determine the point within the bid-ask spread that is most representative of the fair value. An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques.

**(i) Fair value hierarchy**

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2)
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety.

If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

Shariah-compliant investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, include Shariah-compliant collective investment scheme. The Fund does not adjust the quoted prices for these instruments. The Fund's policies on valuation of these financial assets are stated in Note 2(b).

- (ii) The carrying values of cash and cash equivalents, amount due from the PRS Provider - creation of units and all current liabilities are a reasonable approximation of their fair values due to their short-term nature.

4. MANAGEMENT FEE AND PRIVATE PENSION ADMINISTRATOR ADMINISTRATION FEE

In accordance with the Deeds, the PRS Provider is entitled to a maximum management fee of 3.00% per annum for each unit class, calculated daily based on the NAV of the Fund.

For the six months financial period ended 28 February 2025 and 28 February 2024, the management fee for the respective classes was recognised at the following rates:

Class A	Class C	Class X
1.40%	1.50%	1.40%

Nonetheless, no management fee was charged on the Fund for the financial period ended 28 February 2025 and 29 February 2024 as the management fee has been waived by the PRS Provider.

The Private Pension Administrator administration fee was recognised at a rate of 0.04% per annum (29.02.2024: 0.04% per annum) for each unit class, calculated daily based on the NAV of the Fund.

There was no further liability in respect of management fee and Private Pension Administrator administration fee other than the amount recognised above.

**5. TRUSTEE FEE**

In accordance with the Deeds, the Trustee is entitled to a maximum fee of 0.04% per annum for each unit class, calculated daily based on the NAV of the Fund. The Trustee fee includes local custodian fees and charges but excludes foreign sub-custodian fees and charges.

For the six months financial period ended 28 February 2025, the Trustee fee was recognised at a rate of 0.04% per annum (29.02.2024: 0.04% per annum) for each unit class.

There was no further liability to the Trustee in respect of Trustee fee other than the amount recognised above

$$\text{TER} = \frac{(A + B + C + D + E) \times 100}{F}$$

A	=	Private Pension Administrator administration fee
B	=	Trustee fee
C	=	Audit fee
D	=	Tax agent’s fee
E	=	Other expenses
F	=	Average NAV of the Fund calculated on a daily basis

The average NAV of the Fund for the financial period calculated on a daily basis is RM72,567,924 (29.02.2024: RM56,688,570).

$$\frac{(\text{Total acquisition for the financial period} + \text{total disposal for the financial period}) \div 2}{\text{Average NAV of the Fund for the financial period calculated on a daily basis}}$$

where:

total acquisition for the financial period = RM1,990,000 (29.02.2024: RM810,000)  
total disposal for the financial period = RM340,000 (29.02.2024: Nil)
