MEMBERS' LETTER

Dear Valued Members,

Greetings from Principal Asset Management Berhad ("Principal Malaysia") and thank you for investing with us!

We are pleased to bring you a copy of the Annual Fund Report of the Principal PRS Plus Conservative for the financial year ended 31 January 2025. You may also download this report from our website at www.principal.com.my.

We are thankful to share that investors like you have helped make our recent recognition at the LSEG Lipper Fund Awards 2025 possible, where Principal Malaysia received nine awards. These acknowledgements reflect the collaborative effort of our entire team to deliver investment solutions that meet your needs.

Building on our recent success, Principal Malaysia also garnered numerous accolades throughout 2024. At the Asia Asset Management 2024 Best of the Best Awards, we were honored with the Best of the Best Performance Award for China A-Share Equity (3 years) and recognized as the Best Institutional House – Malaysia. At the 2024 Global Banking & Finance Awards, our CEO, Munirah Khairuddin, was named Asset Management CEO of the Year Malaysia, and our company was recognized as Asset Management Company of the Year Malaysia. Additionally, we received the Best International Equity Fund Manager for MSCI EM Latin America 2023 at the EPF External Fund Managers Awards 2023.

At the Alpha Southeast Asia Fund Management Awards 2024, we won three awards: Best Absolute Return Strategy, Best Online & Mobile Platform (Asset Manager), and Best Asset Manager (Income-Oriented, Money Market & Alternative Investment Funds). The International Finance Awards honored us with 'Best Asset Management Company – Malaysia 2024' and 'Best Asset Management CEO – Munirah Khairuddin – Malaysia 2024'. At the Triple A Sustainable Investing Awards 2024, we secured the Asset Management Company of the Year (Malaysia) award. The World Business Outlook magazine recognized us with the titles of Best Investment Management and Solutions Provider Malaysia, Best Institutional House Malaysia, and Asset Management CEO (Munirah Khairuddin) of the Year Malaysia. Additionally, we received three awards at the iFast Awards 2024, seven at the LSEG Lipper Fund Awards 2024, ten at the FSMOne Recommended Funds 2023/2024, and two at the Edge ESG Awards 2024.

Digital innovation is central to our strategy, as we use data and technology to develop the right solutions for you. We will continue to advance our digital capabilities to provide easy access to your investment portfolio and enable you to carry out transactions seamlessly. Please continue to check out our website, like our Facebook page (@PrincipalMalaysia), follow us on our Instagram account (@principalmalaysia), and LinkedIn page (Principal Malaysia) for the latest updates, market insights and investment articles.

We appreciate your continuous support and the trust you place in us.

Yours faithfully,

PRS PROVIDER'S REPORT**FUND OBJECTIVE AND POLICY****What is the investment objective of the Fund?**

The Fund seeks to provide Members with capital preservation* through investment primarily in fixed income instruments.

*The Fund is neither a capital guaranteed fund nor a capital protected fund.

Has the Fund achieved its objective?

For the financial year under review, the Fund has achieved its objective.

What are the Fund investment policy and principal investment strategy?

The Fund aims to invest in a diversified portfolio of primarily fixed income instruments with some exposure in equities. The fixed income portion will provide capital stability to the Fund whilst the equity portion will provide the added return in a rising market. The Fund may opt to invest in fixed income instruments, money market instruments and equities either directly or via collective investment schemes.

At least 80% of the Fund's Net Asset Value ("NAV") will be invested in fixed income instruments and money market instruments, of which a minimum 20% of the Fund's NAV will be invested in money market instruments, all of which have a minimum credit rating of "BBB3" or "P2" by RAM Ratings ("RAM") or equivalent rating by Malaysian Rating Corporation Berhad ("MARC") or "BBB" or "A-2" by S&P or equivalent rating by any other international rating agencies. Notwithstanding, the Fund may invest up to 5% of its NAV in unrated fixed income instruments. The investments in equities shall not exceed 20% of the Fund's NAV.

The asset allocation strategy for this Fund is as follows:

- At least 80% of the Fund's NAV will be invested in fixed income instruments and money market instruments, of which a minimum 20% of the Fund's NAV will be invested in money market instruments; and up to 5% of the Fund's NAV may be invested in unrated fixed income instruments;
- Up to 20% of the Fund's NAV may be invested in equities; and
- Up to 5% of the Fund's NAV may be invested in liquid assets for liquidity purpose.

MARKET REVIEW (1 FEBRUARY 2024 TO 31 JANUARY 2025)
Equity

For the financial year under review, FBM100 Index (the "Index") gained 6.2% from 10,903.82 points ("pts") to 11,575.90 pts.

In February 2024, the Index by rose 2.33% month on month ("m-o-m"). This was despite the stronger dollar following stronger-than-expected inflation and economic data out of the US, and bets on rate cuts by the Federal Reserve (the "Fed") pushed back. Financials, Utilities, Commodities and Telecommunication topped the gainers list. Within the broader market, Energy did well, and Technology rebounded strongly.

In March 2024, the Index gained 0.53% m-o-m. Bets on rate cuts by the Fed were pushed back given the persistent strong data out of the US, and there was an absence of fresh catalysts domestically. During the month, there were also distortions caused by FTSE rebalancing (as well as Morgan Stanley Capital Index ("MSCI") rebalancing in February 2024) and many index stocks going ex-dividends. Financials, Transport, Utilities and Commodities topped the gainers list while Telecommunication languished. Within the broader market, Property, Construction, Technology, Healthcare and Energy did well.

The Index was up 2.54% m-o-m in April 2024. Local investors remain upbeat despite bets on rate cuts by the Fed pushed back given the persistent strong economic data out of the US and sticky inflation. The run-up was relatively broad-based but Utilities, Industrial, Healthcare and Transport led gains while Energy eased. Within the broader market, Property and Consumer did well.

The Index rose by 2.32% m-o-m in May 2024. Utilities, Financials, Consumer and Industrial (mainly Press Metal Aluminium Holdings Bhd) led gains while Telecommunication and Commodities lagged. Within the broader market, Construction, Property and Technology did well.

MARKET REVIEW (1 FEBRUARY 2024 TO 31 JANUARY 2025) (CONTINUED)**Equity (continued)**

The market saw profit taking and the Index gained 0.24% m-o-m in June 2024. Investors remained relatively upbeat considering recent weakness in US economic data and inflation moderating. Utilities and Healthcare rose while Consumer eased. Within the broader market, Construction and Technology posted strong gains, while other sectors were mixed.

In July 2024, the Index rose by 2.64% m-o-m in line with gains in regional markets and rebounding off the previous month's sell-off, spurred by Federal Open Market Committee ("FOMC") the Fed cut bets considering the recent weakness in US economic data and inflation moderating.

The Index gained 0.65% m-o-m in August 2024 led by the sharp sell-off at the start of the month due to the massive unwinding of the Japanese Yen carry trade. Construction, Property, Technology and Energy sectors languished whilst Banks and Plantations saw gains.

The Index dropped 1.36% m-o-m in September 2024 which was in stark contrast to the stronger US market which recorded new highs following the Fed's 50 basis points ("bps") cut during the month and greater confidence of a soft-landing scenario for the US economy. Most sectors were down except for Construction, Property and Healthcare, with Energy and Technology sold off the most.

In October 2024, the Index fell 1.73% m-o-m October 2024 as investors risk-off ahead of the US elections, despite the Fed very likely to cut another 25bps in the November 2024 FOMC meeting given the recent inflation print and weak jobs data. Utilities and Telecommunication were sold off the most, while Construction, Real Estate Investment Trusts ("REITs") and Healthcare posted modest gains.

The Index remained flattish in November 2024 with 0.08% gains m-o-m as investors continue to risk off due to uncertainties surrounding potential new policies under the new US administration, as well as the trajectory of the Fed rates given the recent economic data. Utilities, Commodities, Telecommunication, Transport and Consumer were sold off the most, while Banks, Healthcare, Property, Construction and Plantation posted modest gains.

In December 2024, the Index rose by 3.74% m-o-m, aided by year-end window dressing and cash redeployment by domestic funds amidst another month of heavy foreign selling due to policy uncertainties under the new United States administration and the trajectory of the Fed rates coupled with rising bond yields. Utilities, Commodities, Telecommunication, Transport and select Financials topped the leaderboard, while within the broader market, Technology, Property and Healthcare did well.

The Index fell 5.63% m-o-m in January 2025. The sell-off was largely caused by the recent United States Artificial Intelligence ("AI") diffusion rules, further exacerbated by the launch of DeepSeek by China which questioned global AI Capital Expenditure and monetization prospects. This was largely concentrated on related plays domestically namely Construction, Utilities, Telecommunication and Properties. Within the broader market, Technology, Consumer and Healthcare also languished.

Fixed Income

For the financial year under review, the central bank maintained the Overnight Policy Rate ("OPR") at 3.00% throughout all the Monetary Policy Committee ("MPC") meetings held. In the statement released for the last meeting of the year in November, the central bank stated that the monetary policy stance remains supportive of the economy and is consistent with the current assessment of inflation and growth prospects.

Inflation started to tick upwards beginning in February 2024 as it registered at 1.8% and continued to register at the same level for the next two consecutive months. It registered higher for the next three consecutive months of May 2024, June 2024 and July 2024 at 2% and then gradually moved lower registering at 1.9% in August 2024, 1.8% in September 2024 and at 1.9% in October 2024. In November 2024 and December 2024, the inflation rate was at 1.8% and 1.7%, respectively.

MARKET REVIEW (1 FEBRUARY 2024 TO 31 JANUARY 2025) (CONTINUED)**Fixed Income (continued)**

The annual inflation rate for 2024 stood at 1.8% for the year, marking a two-year consecutive decline in inflation since 2022. Meanwhile, for the first month of 2025, inflation rate registered at 1.7% with increase for the month being driven by an increase in the main groups of restaurant and accommodation services, personal care, social protection, recreating and education.

The best performers in the month of January 2025 were the BPAM Corporates Sukuk (7year over) Index and Bond Pricing Asset Management ("BPAM") Corporates All Bond (7year over) Index with returns of 0.60% and 0.59% respectively, while the worst performing index was the Quantshop Government Investment Issue ("GII") Short Index with returns of 0.22%. For full year 2024, the BPAM Corporates All Bond (7year over) Index kept its position as the best performer with returns of 5.50%, while the BPAM All Bond Index – MGS – 1Year to 3Year was the worst performer for the year with returns of 3.55%.

Foreign holdings saw an outflow for the last two months of 2024 as it declined by RM1.4 billion in December 2024 and RM1.1 billion in November 2024. Despite the paring down seen in the last two months of the year, full-year foreign inflow remained positive but was reduced to MYR4.8 billion (2023: RM23.6 billion inflow). As at end December 2024, total foreign holdings stood at RM275.2 billion with foreign holdings of MGS at 32.3%.

In January 2025, credit spreads generally narrowed, for GGs, AAA and AA except for the shorter end (3year) and 20year which widened marginally for the AAA and AA rating band. Meanwhile for the single-A rated credits, it widened between 1bps to 3bps for all tenures.

After a muted December 2024, primary issuances in January 2025 picked up as it increased by 13.3% m-o-m to RM3.3 billion (December 2024: RM2.9 billion). Total corporate bond issuance of RM3.3 billion in January 2025 was -24.8% lower than the total corporate bond issuance seen in first month of 2024: (January 2024: RM4.39 billion). For full year 2024, corporate bond issuance swelled to RM124.2 billion in 2024, surpassing the previous year's RM118.3 billion. The financial (RM51.7 billion) and real estate (RM19.9 billion) sectors continued to be the primary drivers of issuance, mirroring trends observed in 2023.

Total gross issuances for 2024 was estimated to be at RM178 billion comprising a total of 36 auctions. In December 2024, there was only one auction as BNM announced changes in this year's auction calendar. BNM rescheduled the 10-year MGS auction to December 2024 from November 2024 and cancelled the 3-year GII auction initially planned for December 2024. With the revised auction schedule, the total government auction for the year was smaller than expected at RM175 billion gross issuance.

In 2024, the MGS yield curve saw flattening in the long-end of the curve as the 20-year 30-year moved lower by 4bps to 6 bps. Meanwhile, the 5year to 10year moved higher by 1bps to 11bps, with the 10-year MGS moving the most as it ended at 3.84% at the end of December 2024. (2023: 3.72%). In the month of January 2025, the MGS yield curve flattened marginally with the 7year and 10year moving the most as it edged lower by 2 basis points for both tenures. However, in contrast, the 30year shifted slightly higher as it closed at 4.21% at the end of the month. Meanwhile, the 5year and 15year MGS remained unchanged for the month.

For the financial year under review, the Fund made a return of 1.88%, 1.79% & 1.87% for the A, C & X classes respectively. The underperformance against benchmark was largely dragged down by the equity portion's performance in the first month of 2025.

Since inception

* Performance of Class A, Class C and Class X are almost the same. Slight variant was due to different timing of units created for each of the class.

MARKET OUTLOOK*
Equity

Malaysia's manufacturing sector remained subdued with a Purchase Managers Index ("PMI") reading of 48.7pts, a marginal increase over the previous month's 48.6pts. Standard & Poor ("S&P") 500 Global observed ongoing moderation in both production and new orders, with manufacturers cutting prices for the first time since June 2023 to stimulate sales, while employment also fell fractionally. Costs also showed a slight uptick during the month. Optimism of a recovery in new orders over the coming 12 months remains solid. The latest PMI data suggests a softer growth momentum into the new year (preliminary. Fourth quarter of 2024 at 4.8%; 2024 5.1%). To recap, Bank Negara Malaysia ("BNM") projects Gross Domestic Product ("GDP") to grow 4.8% to 5.3% in 2024, and the economy to expand by 4.5% to 5.5% in 2025.

MARKET OUTLOOK* (CONTINUED)**Equity (continued)**

We expect BNM to maintain OPR at 3.00% for 2025 given muted inflation and modest economic growth. Inflation rose at a slower pace of 1.7% in December 2024 vs 1.8% in November 2024. There appears to be sufficient headroom to central bank's latest 2.0% to 3.5% Consumer Price Index ("CPI") forecast for 2025 with the impending subsidy rationalization plans.

Malaysia's equity market is now trading at a forward Price to Earnings ("P/E") ratio of 13.5x, which is more than 1 Standard Deviation ("SD") below the 10-year historical mean (-2SD below pre-Coronavirus Disease 2019 ("COVID-19") mean of 16x). Consensus projects earnings growth for FBM30 of 8% to 9% for 2024 and 2025. Sustained strength in domestic investments (both Domestic Direct Investment and Foreign Direct Investment), fiscal consolidation gathering pace (in particular, subsidy rationalisation initiatives) and the strengthening of the Malaysian Ringgit are factors we see supportive of the further narrowing of risk premiums (current yield gap at -350bps; pre-COVID-19 average of 250bps) and consequently higher valuation multiples. The recent change in the US administration and its policy posture have resulted in elevated risk premiums for Malaysia, but we still see the balance of risk tilting favorably.

Fixed Income

Budget 2025 targets 4.5% to 5.5% growth while focusing on fiscal consolidation, subsidy rationalization, and efficient resource management to reduce the fiscal deficit from 4.3% in 2024 to 3.8% in 2025. The Government will continue to enhance fiscal management through broadening of revenue measures, optimal use of resources and continue to pursue subsidy rationalization, particularly RON95. It is expected that the Government will implement the petrol subsidy rationalization programme beginning in mid-2025 and will be similar to the diesel subsidy rationalization mechanism. The implementation of the 15% Global Minimum Tax ("GMT") starting January 2025 is expected to strengthen Malaysia's financial position, targeting multinational companies with global revenues exceeding Euro 750 million. This move aims to attract investments while signaling Malaysia's commitment to global tax compliance.

The central bank believes the outlook for inflation will depend on the implementation of further domestic policy measures on subsidies and price controls, as well as global commodity prices and financial market developments. Ministry of Finance ("MOF") also projects inflation to range between 2.0% to 3.5% for 2025, and unemployment rate to improve further to 3.1%. Generally, we expect some inflationary pressures arising from the execution of subsidy rationalization, particularly on RON95 by mid-2025, which could have an impact on bond yields. In addition, a change in spending patterns due to the hike in civil servants' minimum salary in February 2025 might give a boost to economic growth via a rise in domestic demand.

* This market outlook does not constitute an offer, invitation, commitment or recommendation to make a purchase of any investment. The information given in this article represents the views of Principal Asset Management Berhad ("Principal Malaysia") or based on data obtained from sources believed to be reliable by Principal Malaysia. INVESTMENT STRATEGY**Equity**

We remain constructive on sectors that stand to gain from the National Energy Transition Roadmap, including Utilities, Construction, and Property. We are also optimistic about Financials and Consumer names given the strong investment momentum in Malaysia, as well as Oil and Gas services. We also like sectors that benefit from the stronger Malaysian Ringgit ("MYR/RM"). Additionally, we remain highly selective on Technology favoring those with strong bargaining power. Key risks are the derailment of Malaysia's macroeconomic recovery and corporate earnings growth due to the larger-than-expected impact of rising inflation, slower global economic growth, and heightened geopolitical risks.

INVESTMENT STRATEGY (CONTINUED)**Fixed Income**

We continue to remain positive of the local bond market as we expect it to be strongly supported by strong liquidity and positive market sentiment. Overall, we prefer corporate bonds over government bonds due to the yield pick up and overall better total returns.

SOFT COMMISSIONS AND REBATES

Principal Asset Management Berhad (the “PRS Provider”) and the Trustee will not retain any form of rebate or soft commission from, or otherwise share in any commission with, any broker in consideration for directing dealings in the investments of the Principal Malaysia Funds (“Funds”) unless the soft commission received is retained in the form of goods and services such as research and advisory services that assist in the decision making process relating to the Fund's investments. All dealings with brokers are executed on most favourable terms available for the Fund. Any rebates will be directed to the account of the Fund.

- (a) the soft commission brings direct benefit or advantage to the management of the Fund and may include research and advisory related services;
- (b) any dealings with the broker or dealer is executed on terms which are the most favourable for the Fund; and
- (c) the availability of soft commission is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and we and the fund the PRS Provider will not enter into unnecessary trades in order to achieve a sufficient volume of transactions to qualify for soft commission.

During the financial year under review, the PRS Provider and Trustee did not receive any rebates from the brokers or dealers but the PRS Provider has retained soft commission in the form of goods and services for the benefit of the fund such as financial wire services and stock quotations system incidental to investment management of the Funds and there was no churning of trades.

SECURITIES FINANCING TRANSACTIONS

The Fund has not undertaken any securities lending or repurchase transactions during the financial year under review.

STATE OF AFFAIR OF THE FUND

Effective 2 December 2024, the Fund has changed Trustee to HSBC (Malaysia) Trustee Berhad following the issuance of the Second Supplemental Disclosure Document dated 25 October 2024.

We are of view that the changes above do not affect the existing Members to stay invested in the Fund and it is not a significant change. Members may refer to Appendix 1 for the detailed list of changes.

There were no significant changes in the state of affairs of the Fund during the financial year and up to the date of PRS Provider's report, not otherwise disclosed in the financial statements.

CIRCUMSTANCES THAT MATERIALLY AFFECT ANY INTEREST OF MEMBERS

There were no circumstances that had materially affected the interest of the members during the financial year under review.

CROSS TRADE

No cross-trade transactions have been carried out during the financial year under review.

UNIT SPLIT

No unit split exercise has been carried out during the financial year under review.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
PRINCIPAL PRS PLUS CONSERVATIVE**

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Principal PRS Plus Conservative (the "Fund"), which comprise the statement of financial position of the Fund as at 31 January 2025, and statement of comprehensive income, statement of changes in net assets attributable to members and statement of cash flows of the Fund for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 8 to 32.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 January 2025, and of its financial performance and cash flows for the financial year then ended in accordance with MFRS Accounting Standards and IFRS Accounting Standards.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the financial statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
PRINCIPAL PRS PLUS CONSERVATIVE (CONT'D.)**

Report on the audit of the financial statements (cont'd.)

Information other than the financial statements and auditors' report thereon

The PRS Provider of the Fund (the "PRS Provider") is responsible for the other information. The other information comprises the information included in the annual report of the Fund, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the PRS Provider and the Trustee for the financial statements

The PRS Provider is responsible for the preparation of financial statements of the Fund that give a true and fair view in accordance with MFRS Accounting Standards and IFRS Accounting Standards. The PRS Provider is also responsible for such internal control as the PRS Provider determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the PRS Provider is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the PRS Provider either intends to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial reporting process. The Trustee is also responsible for ensuring that the PRS Provider maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
PRINCIPAL PRS PLUS CONSERVATIVE (CONT'D.)****Report on the audit of the financial statements (cont'd.)***Auditors' responsibilities for the audit of the financial statements*

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the PRS Provider.
- Conclude on the appropriateness of the PRS Provider's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the PRS Provider regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 JANUARY 2025**

1. THE FUND, THE PRS PROVIDER AND ITS PRINCIPAL ACTIVITIES

Principal PRS Plus Conservative (the “Fund”) is governed by a Deed dated 8 November 2012, a First Supplemental Deed dated 2 January 2014, a Second Supplemental Deed dated 25 November 2014, a Third Supplemental Deed dated 3 February 2020, a Fourth Supplemental Deed dated 17 December 2021, a Fifth Supplemental Deed dated 12 July 2022 and a Sixth Supplemental Deed dated 14 June 2023 (collectively referred to as the “Deeds”) made between Principal Asset Management Berhad (the “PRS Provider”) and Deutsche Trustees Malaysia Berhad (the “Previous Trustee”) and a Seventh Supplemental Master Deed dated 31 July 2024 (collectively referred to as the “Deeds”) between the Manager and HSBC (Malaysia) Trustee Berhad (the “Trustee”).

The Fund offers three classes of units known respectively as Class A, Class C and Class X. In accordance with the Disclosure Document, subject to the PRS Provider’s absolute discretion, Class A and Class C are for an individual who has attained the age 18 years as of the date of opening a private pension account while Class X is for Member who participates via his/her employer. Class A and Class C have different Sales Charge and Management Fee while Class X has no Sales Charge. The Fund aims to invest in a diversified portfolio of primarily fixed income instruments with some exposure in equities. The fixed income portion will provide capital stability to the Fund whilst the equity portion will provide the added return in a rising market. The Fund may opt to invest in fixed income instruments, money market instruments and equities either directly or via collective investment schemes.

At least 80% of the Fund’s NAV will be invested in fixed income instruments and money market instruments, of which a minimum 20% of the Fund’s NAV will be invested in money market instruments, all of which have a minimum credit rating of “BBB3” or “P2” by RAM or equivalent rating by or “BBB” or “A-2” by S&P or equivalent rating by any other international rating agencies. Notwithstanding, the Fund may invest up to 5% of its NAV in unrated fixed income instruments. The investments in equities shall not exceed 20% of the Fund’s NAV.

The asset allocation strategy for this Fund is as follows:

- At least 80% of the Fund’s NAV will be invested in fixed income instruments and money market instruments, of which a minimum 20% of the Fund’s NAV will be invested in money market instruments; and up to 5% of the Fund’s NAV may be invested in unrated fixed income instruments;
- Up to 20% of the Fund’s NAV may be invested in equities; and
- Up to 5% of the Fund’s NAV may be invested in liquid assets for liquidity purpose.

With effect from 1 June 2020, Principal Asset Management (S) Pte Ltd (“Principal Singapore”) has been appointed as the Sub-Adviser of the Fund. Principal Singapore will provide investment research and recommendation to us in accordance with the investment objective and within the investment restrictions of the Fund.

All investments will be subjected to the Securities Commission Malaysia (“SC”) Guidelines on PRS, SC requirements, the Deeds, except where exemptions or variations have been approved by the SC, internal policies and procedures and the Fund’s objective.

The Fund had issued the Second Supplemental Disclosure Document is dated 25 October 2024.

The PRS Provider, is a joint venture between Principal Financial Group®, a member of the FORTUNE 500® and a Nasdaq-listed global financial services and CIMB Group Holdings Berhad, one of Southeast Asia’s leading universal banking groups. The principal activities of the PRS Provider are the establishment and management of unit trust funds and fund management activities.

2. MATERIAL ACCOUNTING POLICY INFORMATION

The following accounting policies have been used consistently in dealing with items which are considered material in relation to the financial statements:

(a) Basis of preparation

The financial statements have been prepared in accordance with the provisions of the MFRS Accounting Standards as issued by the Malaysian Accounting Standards Board ("MASB") and IFRS Accounting Standards as issued by the International Accounting Standards Board ("IASB").

The financial statements have been prepared under the historical cost convention, as modified by financial assets at fair value through profit or loss.

The preparation of financial statements in conformity with MFRS Accounting Standards and IFRS Accounting Standards requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported year.

It also requires the PRS Provider to exercise their judgement in the process of applying the Fund's accounting policies. Although these estimates and assumptions are based on the PRS Provider's best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2(j).

There are no other standards, amendments to standards or interpretations that are effective for financial year beginning on 1 February 2024 that have a material effect on the financial statements of the Fund.

None of the standards, amendments to standards or interpretations that are effective for the financial year beginning on/after 1 February 2025 are applicable to the Fund.

(b) Financial assets and financial liabilities

Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value through profit or loss, and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed, and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions.

The contractual cash flows of the Fund's debt securities are solely payment of principal and interest ("SPPI"). However, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, all investments are measured at fair value through profit or loss.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

(b) Financial assets and financial liabilities (continued)

Classification (continued)

The Fund classifies cash and cash equivalents and amount due from the PRS Provider - creation of units as financial assets at amortised cost as these financial assets are held to collect contractual cash flows consisting of the amount outstanding.

All of the Fund's financial liabilities are measured at amortised cost.

Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date, the date on which the Fund commits to purchase or sell the asset. Investments are initially recognised at fair value. Transaction costs are expensed in the statement of comprehensive income.

Financial instruments are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

Financial liabilities are derecognised when it is extinguished, i.e. when the obligation specified in the contract is discharged or cancelled or expired.

Unrealised gains or losses arising from changes in the fair value of the financial assets at fair value through profit or loss are presented in the statement of comprehensive income within net gain or loss on financial assets at fair value through profit or loss in the financial year which they arise.

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income as part of gross dividend income when the Fund's right to receive payments is established.

Unquoted fixed income securities denominated in MYR/RM are revalued on a daily basis based on fair value prices quoted by a Bond Pricing Agency ("BPA") registered with the SC as per the SC Guidelines on PRS. Refer to Note 2(j) for further explanation.

Deposits with licensed financial institution are stated at cost plus accrued interest calculated on the effective interest method over the period from the date of placement to the date of maturity of the respective deposits.

Financial assets at amortised cost and other financial liabilities are subsequently carried at amortised cost using the effective interest method.

Impairment for assets carried at amortised costs

The Fund measures credit risk and expected credit losses ("ECL") using probability of default, exposure at default and loss given default. The PRS Provider considers both historical analysis and forward-looking information in determining any ECL. The PRS Provider considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

(b) Financial assets and financial liabilities (continued)

Impairment for assets carried at amortised costs (continued)

As a result, no loss allowance has been recognised based on 12-month ECL as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by the PRS Provider as any contractual payment which is more than 30 days past due.

Definition of default and credit-impaired financial assets

Any contractual payment which is more than 90 days past due is considered credit impaired.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount. The Fund may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains. There are no write-offs/recoveries during the financial year.

(c) Income recognition

Interest income from deposits with licensed financial institution and unquoted fixed income securities are recognised on a time proportionate basis using the effective interest rate method on an accrual basis.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Realised gain or loss on disposal of unquoted fixed income securities is accounted for as the difference between the net disposal proceeds and the carrying amount of unquoted fixed income securities, determined on cost adjusted for accretion of discount or amortisation of premium.

(d) Functional and presentation currency

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in Malaysian Ringgit ("MYR" or "RM"), which is the Fund's functional and presentation currency.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

(e) Members' contributions

The members' contributions to the Fund meet the definition of puttable instruments classified as financial liability under MFRS 132 "Financial Instruments: Presentation".

The Fund issues cancellable units, in three classes of units, known respectively as the Class A, Class C and Class X, which are cancelled at the member's option and do not have identical features subject to restrictions as stipulated in the Disclosure Document and SC Guidelines on PRS. The units are classified as financial liabilities. Cancellable units can be reinvested to the Fund at any time for cash equal to a proportionate share of the Fund's NAV of respective classes.

The outstanding units are carried at the redemption amount that is payable at the date of the statement of financial position if the member exercises the right to reinvest the unit to the Fund.

Units are created and cancelled at the member's option at prices based on the Fund's NAV per unit of respective classes at the close of business on the relevant dealing day. The Fund's NAV per unit of respective classes is calculated by dividing the net assets attributable to members of respective classes with the total number of outstanding units of respective classes.

(f) Transactions costs

Transaction costs are costs incurred to acquire or dispose financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, advisors, brokers and dealers. Transaction costs, when incurred, are immediately recognised in the statement of comprehensive income as expenses.

(g) Cash and cash equivalents

For the purpose of statement of cash flows, cash and cash equivalents comprise bank balance and deposits with licensed financial institution held in highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(h) Taxation

Current tax expense is determined according to Malaysian tax laws at the current rate based upon the taxable profit earned during the financial year.

(i) Realised and unrealised portions of profit or loss after taxation

The analysis of realised and unrealised portions of profit or loss after taxation as presented on the statement of comprehensive income is prepared in accordance with SC Guidelines on PRS.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

(j) Critical accounting estimates and judgements in applying accounting policies

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information content of the estimates, certain key variables that are anticipated to have material impact to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

Estimates and judgements are continually evaluated by the PRS Provider and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Estimate of fair value of unquoted fixed income securities

In undertaking any of the Fund's investment, the PRS Provider will ensure that all assets of the Fund under management will be valued appropriately, that is at fair value and in compliance with the SC Guidelines on PRS.

MYR-denominated unquoted fixed income securities are valued using fair value prices quoted by a BPA. Where the PRS Provider is of the view that the price quoted by BPA for a specific unquoted fixed income securities differs from the market price by more than 20 bps, the PRS Provider may use market price, provided that the PRS Provider records its basis for using a non-BPA price, obtains necessary internal approvals to use the non-BPA price, and keeps an audit trail of all decisions and basis for adoption the use of non-BPA price.

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES

Financial instruments of the Fund are as follows:

	Financial assets at fair value through profit or loss RM	Financial assets at amortised cost RM	Total RM
2025			
Cash and cash equivalents (Note 8)	-	1,141,479	1,141,479

	<u>23,657,260</u>	<u>1,017,469</u>	<u>24,674,729</u>

All liabilities are financial liabilities which are carried at amortised cost.

The investment objective of the Fund is to provide Members with capital preservation through investment primarily in fixed income instruments.

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

The Fund is exposed to a variety of risks which include market risk (inclusive of price risk and interest rate risk), credit risk and liquidity risk.

Financial risk management is carried out through internal control process adopted by the PRS Provider and adherence to the investment restrictions as stipulated in the Deeds and SC Guidelines on PRS.

(a) Market risk

(i) Price risk

This is the risk that the fair value of the Fund's investment in quoted securities and unquoted fixed income securities will fluctuate because of changes in market prices. The value of investments may fluctuate according to the activities of individual companies, sector and overall political and economic conditions. Such fluctuation may cause the Fund's NAV and prices of units to fall as well as rise, and income produced by the Fund may also fluctuate.

The price risk is managed through diversification and selection of investments and other financial instruments within specified limits according to the Deeds.

The Fund's overall exposure to price risk was as follows:

	2025 RM	2024 RM
Financial assets at fair value through profit or loss:		
- Quoted securities	3,662,761	-
- Unquoted fixed income securities*	21,153,209	23,657,260
	<u>24,815,970</u>	<u>23,657,260</u>

* Includes interest receivables of RM211,975 (2024: RM248,898).

The table below summarises the sensitivity of the Fund's profit or loss and NAV to movements in prices of quoted securities at the end of each financial year. The analysis is based on the assumptions that the price of the quoted securities fluctuates by 5% with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the quoted securities, having regard to the historical volatility of the prices.

% Change in price of quoted securities	Market value RM	Impact on profit or loss and NAV RM
2025		
-5%	3,479,623	(183,138)
0%	3,662,761	-
+5%	<u>3,845,899</u>	<u>183,138</u>

The Fund is exposed to price risk arising from interest rate fluctuation in relation to its investments of RM21,153,209 (2024: RM23,657,260) in unquoted fixed income securities. The Fund's exposure to price risk arising from interest rate fluctuation and the related sensitivity analysis are disclosed in "interest rate risk" below.

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(a) Market risk (continued)

(ii) Interest rate risk

In general, when interest rates rise, unquoted fixed income securities prices will tend to fall and vice versa. Therefore, the NAV of the Fund may also tend to fall when interest rates rise or are expected to rise. However, investors should be aware that should the Fund holds an unquoted fixed income securities till maturity, such price fluctuations would dissipate as it approaches maturity, and thus the growth of the NAV shall not be affected at maturity. In order to mitigate interest rates exposure of the Fund, the PRS Provider will manage the duration of the portfolio via shorter or longer tenured assets depending on the view of the future interest rate trend of the PRS Provider, which is based on its continuous fundamental research and analysis.

Investors should note that movement in prices of unquoted fixed income securities and money market instruments are benchmarked against interest rates. As such, the investments are exposed to the movement of the interest rates.

This risk is crucial since unquoted fixed income securities portfolio management depends on forecasting interest rate movements. Prices of unquoted fixed income securities move inversely to interest rate movements, therefore as interest rates rise, the prices of unquoted fixed income securities decrease and vice versa. Furthermore, unquoted fixed income securities with longer maturity and lower yield coupon rates are more susceptible to interest rate movements.

Such investments may be subject to unanticipated rise in interest rates which may impair the ability of the issuers to meet the obligation under the instrument, especially if the issuers are highly leveraged. An increase in interest rates may therefore increase the potential for default by an issuer.

The table below summarises the sensitivity of the Fund's profit or loss and NAV to movements in prices of unquoted fixed income securities held by the Fund as a result of movement in interest rate. The analysis is based on the assumptions that the interest rate changed by 1% with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the interest rate, having regard to the historical volatility of the interest rate.

% Change in interest rate	Impact on profit or loss/NAV	
	2025 RM	2024 RM
+1%	(24,558)	(19,699)
-1%	24,664	19,727

The Fund's exposure to interest rate risk associated with deposits with licensed financial institution is not material as the deposits are held on short-term basis.

The weighted average effective interest rate per annum is as follows:

	2025 %	2024 %
Deposits with licensed financial institution	3.20	3.20

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(b) Credit risk

Credit risk refers to the risk that a counter party will default on its contractual obligation resulting in financial loss to the Fund.

Investment in unquoted fixed income securities may involve a certain degree of credit/default risk with regards to the issuers. Generally, credit risk or default risk is the risk of loss due to the issuer's non-payment or untimely payment of the investment amount as well as the returns on investment. This will cause a decline in value of the defaulted unquoted fixed income securities and subsequently depress the NAV of the Fund. Usually credit risk is more apparent for an investment with a longer tenure, i.e. the longer the duration, the higher the credit risk.

Credit risk can be managed by performing continuous fundamental credit research and analysis to ascertain the creditworthiness of its issuer. In addition, the PRS Provider imposes a minimum rating requirement as rated by either local and/or foreign rating agencies and manages the duration of the investment in accordance with the objective of the Fund. For this Fund, the unquoted fixed income securities must satisfy a minimum rating requirement of at least "BBB3" or "P2" by RAM or equivalent rating by MARC.

The credit risk arising from bank balance and placements of deposits with licensed financial institution is managed by ensuring that the Fund will only place deposits in reputable licensed financial institution.

For amount due from the PRS Providers, the settlement terms of the proceeds from the creation of units receivable from the PRS Providers are governed by the SC Guidelines on PRS.

The following table sets out the credit risk concentration of the Fund:

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(b) Credit risk (continued)

All deposits with licensed financial institution of the Fund have an average remaining maturity of 2 days (2024: 1 day).

(c) Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations.

The PRS Provider manages this risk by maintaining sufficient level of liquid assets to meet anticipated payments and cancellations of the units by members. Liquid assets comprise bank balance and deposits with licensed financial institution, which are capable of being converted into cash within 7 business days. Generally, all investments are subject to a certain degree of liquidity risk depending on the nature of the investment instruments, market, sector and other factors. For the purpose of the Fund, the PRS Provider will attempt to balance the entire portfolio by investing in a mix of assets with satisfactory trading volume and those that occasionally could encounter poor liquidity. This is expected to reduce the risks for the entire portfolio without limiting the Fund's growth potentials.

The table below summarises the Fund's financial liabilities into relevant maturity groupings based on the remaining period as at the statement of financial position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(c) Liquidity risk (continued)

* Outstanding units are redeemed on demand at the member's option. However, the PRS Provider does not envisage that the contractual maturity disclosed in the table above will be representative of the actual cash outflows, as holders of these instruments typically retain them for the medium to long term.

(d) Capital risk management

The capital of the Fund is represented by net assets attributable to members of RM25,900,214 (2024: RM24,531,052). The amount of net assets attributable to member can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of members. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns to members and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

(e) Fair value estimation

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

The fair values of financial assets traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the financial year-end date. The Fund utilises the last traded market price for financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the PRS Provider will determine the point within the bid-ask spread that is most representative of the fair value.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques.

(i) Fair value hierarchy

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2)
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety.

3. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(e) Fair value estimation (continued)

(i) Fair value hierarchy (continued)

If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

	<u>-</u>	<u>23,657,260</u>	<u>-</u>	<u>23,657,260</u>

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include unquoted fixed income securities.

As Level 2 instruments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information. The Fund's policies on valuation of these financial assets are stated in Note 2(b).

- (ii) The carrying values of cash and cash equivalents, amount due from the PRS Provider - creation of units and all current liabilities are a reasonable approximation of their fair values due to their short term nature.

4. MANAGEMENT FEE AND PRIVATE PENSION ADMINISTRATOR ADMINISTRATION FEE

In accordance with the Deeds, the PRS Provider is entitled to a maximum management fee of 3.00% per annum for each unit class, calculated daily based on the NAV of the Fund.

For the financial year ended 31 January 2025 and 31 January 2024, the management fee for the respective classes is recognised at the following rates:

Class A	Class C	Class X
1.40%	1.50%	1.40%

The Private Pension Administrator administration fee is recognised at a rate of 0.04% per annum (2024: 0.04% per annum) for each unit class, calculated daily based on the NAV of the Fund.

There was no further liability in respect of management fee and Private Pension Administrator administration fee other than the amount recognised above.

5. TRUSTEE FEE

In accordance with the Deeds, the Trustee is entitled to a maximum fee of 0.04% per annum for each unit class, calculated daily based on the NAV of the Fund. The Trustee fee includes local custodian fees and charges but excluding foreign sub-custodian fees and charges (if any).

For the financial year ended 31 January 2025, the Trustee fee is recognised at a rate of 0.04% per annum (2024: 0.04% per annum) for each unit class.

There was no further liability to the Trustee in respect of Trustee fee other than the amount recognised above.

10. TOTAL EXPENSE RATIO ("TER")

	2025	2024
	%	%
TER	1.57	1.57

TER is derived from the following calculation:

$$\text{TER} = \frac{(A + B + C + D + E + F) \times 100}{G}$$

A	=	Management fee
B	=	Private Pension Administrator administration fee
C	=	Trustee fee
D	=	Audit fee
E	=	Tax agent's fee
F	=	Other expenses excluding withholding tax
G	=	Average NAV of the Fund calculated on a daily basis

The average NAV of the Fund for the financial year calculated on a daily basis is RM25,066,873 (2024: RM23,737,902).

11. PORTFOLIO TURNOVER RATIO (“PTR”)

	2025	2024
PTR (times)	0.34	0.24

PTR is derived based on the following calculation:

$$\frac{(\text{Total acquisition for the financial year} + \text{total disposal for the financial year}) \div 2}{\text{Average NAV of the Fund for the financial year calculated on a daily basis}}$$

where:

total acquisition for the financial year	= RM11,659,942 (2024: RM11,289,163)
total disposal for the financial year	= RM5,525,569 (2024: RM214,100)
