

Principal China Multi Asset Income Fund - Class MYR-Hedged

31 March 2025

Fund Objective

The Fund aims to provide income and moderate capital growth through investments in one collective investment scheme, which invests primarily in a diversified portfolio of securities related to China. In order to achieve its investment objective, the Fund will invest at least 95% of its NAV in Class AM2-USD of the HSBC China Multi-Asset Income Fund (Target Fund). The Target Fund aims to provide income and moderate capital growth, through an active asset allocation in a diversified portfolio of a minimum of 70% of its NAV in fixed income and equity securities as well as money market and cash instruments that are related to China.

^Based on the fund's portfolio returns as at 15 March 2025, the Volatility Factor (VF) for this fund is 20.95 and is classified as "Very High" (source: FIMM). The VF means there is a possibility for the fund in generating an upside return or downside return around this VF. The Volatility Class (VC) is assigned by FIMM based on quintile ranks of VF for qualified funds. VF is subject to monthly revision and VC will be revised every six months. The fund's portfolio may have changed since this date and there is no guarantee that the fund will continue to have the same VF or VC in the future. Presently, only funds launched in the market for at least 36 months will display the VF and its VC. We recommend that you read and understand the contents of the Principal China Multi Asset Income Fund Information Memorandum No.2 dated 31 December 2019, which have been deposited with Securities Commission Malaysia before investing and that you keep the said Information Memorandum for your record. Any issue of units to which the Information Memorandum relates will only be made upon receipt of the completed application form referred to in and accompanying the Information Memorandum, subject to the terms and conditions therein. The principal risks are returns not guaranteed, market risk, inflation risk and loan financing risk. The specific risks of the Target Fund are currency risk, Fund manager's risk and country risk. You can obtain a copy of the Information Memorandum from the head office of Principal Asset Management Berhad or from any of our approved distributors. We suggest that you consider these fees and charges carefully prior to making an investment. Unit prices and income distributions, if any, may fall or rise. Past performance is not reflective of future performance and income distributions are not guaranteed. Product Highlight Sheet ("PHS") is available and that investors have the right to request for a PHS; and the PHS and any other product disclosure document should be read and understood before making any investment decision. There are fees and charges involved in investing in the funds. We suggest that you consider these fees and charges carefully prior to making an investment. Unit prices and income distributions, if any, may fall or rise. Past performance is not reflective of future performance and income distributions are not guaranteed. You are also advised to read and understand the contents of the Financing for Investment in Unit Trust Risk Disclosure Statement/Unit Trust Loan Financing Risk Disclosure Statement before deciding to borrow to purchase units. All performance figures have been extracted from Lipper. Where a unit split/distribution is declared, investors are advised that following the issue of additional units/distribution, the NAV per unit will be reduced from pre-unit split NAV/cum-distribution NAV to post-unit split NAV/ex-distribution NAV; and where a unit split is declared, the value of your investment will remain unchanged after the distribution of the additional units.

Carefully consider a fund's objective, risks, charges and expenses.
