Investment policy and Strategy

The Fund will invest in Deposits and debt securities primarily in bonds. Debt securities includes but not limited to bonds, fixed rate and floating rate debt securities and/or commercial papers issued by the government, statutory authorities and/or companies. The debt securities that are issued in Malaysia are required to have a short-term credit rating of "P2" or a long-term credit rating of "A" issued by RAM or MARC equivalent, or if issued outside of Malaysia, requires a short-term credit rating of "A-2" or a long-term credit rating of "BBB" issued by S&P or equivalent rating by other international rating agencies.

At least 70% of the Fund's NAV will be invested in Malaysia; and up to 30% of the Fund's NAV may be invested in the Asia Pacific region (excluding Malaysia) in the Eligible Market which includes but not limited to Australia, New Zealand, South Korea, Hong Kong SAR, Indonesia, the Philippines, Thailand, Singapore, Taiwan and India.

- At least 60% of the Fund's NAV will be invested in debt securities primarily in bonds; and
- Up to 40% of the Fund's NAV will be invested in liquid assets such as Deposits and/or money market instruments.

We will manage the portfolio actively with trading frequency that will depend on the view of the global economy, future interest rates and yield curve. For example, the tenure of the debt securities could vary depending on the view of future yield curve. We will also decide on the credit risk that is worth taking. Further, the debt securities may also be swapped with another debt securities of similar credit and tenure if they offer higher yield and also as part of managing duration especially in anticipation of a change in interest rate or credit upgrades.

We may take a temporary defensive position when we believe the markets or the economies are experiencing excessive volatility, a prolonged general decline or when other adverse conditions may exist. Under these circumstances, the Fund may be unable to pursue its investment goal. In response to such adverse conditions or as part of risk management strategy, we may reduce holdings in longer tenured assets and channel these monies into shorter-term interest-bearing Deposits. We may also invest in liquid assets such as Deposits and/or money market instruments to safeguard the investment portfolio of the Fund. When deemed necessary, we may also utilize derivative instruments, subject to the GUTF, for the purpose of hedging. In the event of a downgrade of a counter-party of an OTC derivative below the minimum long-term rating as per the GUTF, we reserve the right to deal with the OTC derivative in the best interest of the Unit holders.

In the event of a credit rating downgrade, we reserve the right to deal with the debt securities in your best interest. As an active fund manager, we have in place flexible tolerance limits to cater to such situations. We can for example, continue to hold the downgraded debt securities if the immediate disposal of the debt securities would not be in your best interest.

Further, risk management is at the core of our investment process. Every proposed decision made by the investment team is considered in the context of the overall portfolio risk-return trade-off.

The Fund adopts a liquidity risk management framework which sets out the governance standards, methodology and process for the oversight and management of liquidity risk. The framework outlines the responsibilities to assess and monitor liquidity risk of the Fund, and to ensure appropriate measures are taken to mitigate the risk. The liquidity risk management framework that we have put in place is as follows:

- Regular review by the designated fund manager on the Fund's investment portfolio including its liquidity profile.
- Periodic assessments are carried out on the Fund's liquidity profile (under both normal and stress market conditions) and on the concentration of Unit holders. These assessments allow the Fund to be proactively managed to mitigate liquidity concerns that may arise in the ordinary course of portfolio management as well as in relation to the Fund's ability to meet Unit holders' withdrawal requests.
- Suspension of withdrawal requests due to exceptional circumstances. During the suspension period, withdrawal requests will not be accepted and in the event we have earlier accepted the withdrawal requests prior to the suspension is declared, the

withdrawal requests will be dealt on the next Business Day once the suspension is lifted. The action to suspend withdrawal requests from Unit holders shall be exercised only as a last resort by the Manager.

Note: Please refer to Section 3.12 for more information.

Our investment committee review the counterparties or the issuers of debt securities on a regular basis to ensure that the Fund is prudently managed. Hence, the Fund is constructed to be managed within the pre-determined guidelines such as risk-return trade-off, which will be monitored and reviewed regularly by the investment team.

Equities: The Fund does not invest in equities.

Debt securities: the Fund will invest at least 60% of the Fund's NAV in debt securities primarily in bonds.

CISs: Investments in CISs may be made in such situations where it is either practical or desirable for us to gain exposure to a particular asset class by investing in another CISs.

Where the Fund invests in other CISs managed by us or related party, we will ensure that all initial charges are waived and that there is no double charging of management fees.

Derivatives and their use in the Fund: The term 'derivative' is used to describe any financial instrument whose value depends on, or is 'derived' from assets or liabilities or indices (the 'underlying' asset). The most commonly used derivatives include futures contract, options and forward rate agreements.

Derivatives can provide a similar exposure to an investment as the purchase or sale of the underlying physical asset. They can also be used in risk management to protect the Fund from detrimental movements in underlying markets or investments.

The GUTF restricts the use of derivatives in the Fund. The participation of the Fund in any derivative instruments such as futures contracts must be for purpose of hedging.

In any case, the Fund's net market exposure of the futures contracts positions must not exceed the Fund's NAV.

In respect of any restrictions and limits, the GUTF provides that any breach of the restrictions and limits due to appreciation or depreciation of the Fund's investments, repurchase of units or payment made out of the Fund, or change in capital of a corporation in which the Fund has invested in, or downgrade in or cessation of a credit rating need not be reported to the SC but we must rectify as soon as practicable within three (3) months from the date breach unless stated otherwise in the GUTF. However, the three-month period may be extended if it is in the best interest of Unit holders and Trustee's consent is obtained. Such extension must be subject to at least a monthly review by the Trustee.

1.4. APPROVALS AND CONDITIONS

There is no exemption and/or variation to the GUTF for this Fund.

1.5. FINANCING

The Fund may not obtain cash financing or borrow other assets in connection with its activities. However, the Fund may obtain financing for the purpose of meeting withdrawal requests for units and for short-term bridging requirements, subject to the requirements of GUTF.

1.6. SECURITIES LENDING

Not applicable for the Fund.

1.7. RISK FACTORS

1.7.1. GENERAL RISKS OF INVESTING IN A UNIT TRUST FUND

Any investment carries with it an element of risk. Therefore, prior to making an investment, you should consider the following risk factors in addition to the other information set out in this Prospectus.

Returns and capital not guaranteed

The investment of the fund is subject to market fluctuations and its inherent risk. There is **NO GUARANTEE** on the investment which includes your investment capital and returns, nor any assurance that the fund's objective will be achieved. You should also note that the fund is neither a capital guaranteed fund nor a capital protected fund. However, we reduce this risk by ensuring diligent management of the assets of the fund based on a structured investment process.

Market risk

This risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the fund's NAV.

Inflation risk

This is the risk that your investment in the fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce your purchasing power even though the value of the investment in monetary terms has increased.

Manager risk

This risk refers to the day-to-day management of the fund by the manager which will impact the performance of the fund. For example, investment decisions undertaken by the manager, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the fund.

Financing risk

This risk occurs when you obtain financing to finance your investment. The inherent risk of investing with money obtained from financing includes you being unable to service the financing payments. In the event units are used as collateral and if the prices of units fall below a certain level due to market conditions, you may be required to pay an additional amount on top of your existing instalment. If you fail to do so within the time prescribed, your units may be sold at an unfavourable price and the proceeds thereof will be used towards the settlement of your financing.

Liquidity risk

Liquidity risk refers to the ease of liquidating an asset without causing market dislocation. This depends on the supply and demand as well as the asset's volume or amount traded in the market. If the fund holds assets that are illiquid, the value of the fund and consequently the value of unit holders' investment in the fund may be negatively affected.

1.7.2. SPECIFIC RISKS ASSOCIATED WITH THE INVESTMENT PORTFOLIO OF THE FUND

There are specific risks associated with the investment portfolio of the Fund. The key ones include but are not limited to the following:

Interest rate risk

Interest rate risk refers to the impact of interest rate changes on the valuation of debt securities and money market instruments. When interest rates rise, debt securities and money market instruments prices generally decline and this may lower the market value of the Fund's investment in debt securities and money market instruments. In managing the debt securities, we take into account the coupon rate and time to maturity of the debt securities with an aim to mitigate the interest rate risk. As for money market instruments, the typical tenor of these instruments are less than 12-month maturity and unlike debt securities, any change to interest rate will only have a minor impact to the prices of these instruments.

Credit and default risk

The Fund will be exposed to a certain degree of credit and default risk of issuers or counterparties when the Fund invests in debt securities, money market instruments and/or places in deposits. Credit risk relates to the creditworthiness of an issuer or counterparty and their expected ability to make timely payment of interest and/or principal. Any adverse situations faced by the issuer or counterparties may impact the value as well as liquidity of the investments. In the case of rated debt securities and money market instruments, this may lead to a credit downgrade. Default risk relates to the risk that an issuer or counterparty either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the investments. This could adversely affect the value of the Fund. We aim to mitigate this risk by performing bottom-up and top-down credit research and analysis to determine the creditworthiness of the issuers or counterparties, and impose investment limits on exposures to issuers or counterparties with different credit profiles as a precautionary step to limit any loss that may arise directly or indirectly as a result of a defaulted exposure.

Country risk

Investments of the Fund in any country may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the NAV of the Fund to fall.

Currency risk

As the investments of the Fund may be denominated in currencies other than the base currency of the Fund, any fluctuation in the exchange rate between the base currency of the Fund and the currencies in which the investments are denominated may have an impact on the value of these investments. You should be aware that if the currencies in which the investments are denominated depreciate against the base currency of the Fund, this will have an adverse effect on the NAV of the Fund and vice versa. You should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

The above summary of risks does not purport to be an exhaustive list of all the risk factors relating to investments in the Fund and are not set out in any particular order of priority. You should be aware that an investment in a unit trust fund may be exposed to other risks from time to time. If in doubt, you should consult professional advisers for a better understanding of the risks.

2. FEES, CHARGES AND EXPENSES

2.1. CHARGES

The following describes the charges that you may **directly** incur when you buy or withdraw units of the Fund.

2.1.1. Application Fee

Nil.

If the Fund is an EPF-MIS approved fund and you have invested via EPF-MIS, you may be charged an Application Fee of up to 3.00% of the NAV per unit, or such other rate as the EPF may determine.

2.1.2. Withdrawal Fee

Nil.

2.1.3. Switching Fee

Not applicable as no switching facility is available for this Fund.

2.1.4. Transfer Fee

Not applicable as no transfer facility is available for this Fund.

2.2. FEES AND EXPENSES

The following describes the fees that you may **indirectly** incur when you invest in the Fund.

2.2.1. Management Fee

The annual Management Fee for the Fund is as follows:

Fund Size (NAV of the Fund)	Management Fee
Up to and including MYR 500 million	0.20% per annum of the NAV of the Fund
Above MYR500 million and up to and including MYR1 billion	0.15% per annum of the NAV of the Fund
Above MYR1 billion and up to and including MYR1.5 billion	0.10% per annum of the NAV of the Fund
Above MYR1.5 billion	0.08% per annum of the NAV of the Fund (subject to maximum of MYR 1.5 million per annum)

The Fund will be charged at a rate based on tier structure according to its current fund size. For example, when the current fund size is MYR800 million, the Fund will be charged a Management Fee at 0.15% per annum of the NAV of the Fund. However, when the current fund size is MYR1.3 billion, the Management Fee will be changed from 0.15% to 0.10% per annum of the NAV of the Fund.

The Management Fee shall be accrued daily based on the NAV of the Fund and paid monthly.

Below is an illustration on how the Management Fee is calculated:

Management Fee for the day = NAV of the Fund x Management Fee rate for the Fund (%) / 365 days

If the NAV of the Fund is MYR500 million, then

Management Fee for the day = MYR500 million x 0.20% / 365
= MYR2,739.73

Note: *In the event of a leap year, the computation will be based on 366 calendar days.*

2.2.2. Trustee Fee

The Trustee is entitled to a fee of the following:

Fund Size (NAV of the Fund)	Trustee Fee (including local custodian fee but excluding foreign sub-custodian fees and charges)
Up to and including MYR 500 million	0.022% per annum of the NAV of the Fund

Above MYR500 million and up to and including MYR1 billion	0.016% per annum of the NAV of the Fund
Above MYR1.0 billion and up to and including MYR1.5 billion	0.011% per annum of the NAV of the Fund
Above MYR1.5 billion	0.009% per annum of the NAV of the Fund

The above fee structure is subject to a maximum Trustee Fee of MYR165,000 per annum in any financial year.

The Fund will be charged at a rate based on tier structure according to its current fund size. For example, when the current fund size is MYR800 million, the Fund will be charged a Trustee Fee at 0.016% per annum of the NAV of the Fund. However, when the current fund size is MYR1.3 billion, the Trustee Fee will be changed from 0.016% to 0.011% per annum of the NAV of the Fund.

The Trustee Fee shall be accrued daily based on the NAV of the Fund and paid monthly.

Below is an illustration on how the Trustee Fee is calculated:

Trustee Fee for the day = NAV of the Fund x Trustee Fee rate for the Fund (%) / 365 days

If the NAV of the Fund is MYR500 million, then

Trustee Fee for the day = MYR500 million x 0.022% / 365
= MYR301.37

Note: In the event of a leap year, the computation will be based on 366 calendar days.

Subject always to the provisions of the Deed and GUTF, we reserve our sole and absolute discretion without providing any reason whatsoever and at any time to amend, vary, waive and/ or reduce the fees and charges (except for Trustee Fee), whether payable by the Fund, payable by you to the Fund or payable by any other investors to the Fund.

All fees and charges payable by you and/or the Fund are subject to any applicable taxes and/or duties as may be imposed by the government or other authorities (if any) from time to time. As a result of changes in any rule, regulation, directive, notice and/or law issued by the government or relevant authority, there may be additional cost to the fees, expenses, charges and/or taxes payable to and/or by the Fund and/or you as disclosed or illustrated in the Prospectus.

We have the discretion to amend the amount, rate and/or terms and conditions for the above-mentioned fees, charges, expenses, and/or transaction information from time to time, subject to the requirements stipulated in the Deed of the Fund and/or GUTF. Where necessary, the amendments will be notified to the Trustee. We will communicate to you if there are any amendments to the fees, charges, and/or transaction information.

3. TRANSACTION INFORMATION

3.1. VALUATION OF INVESTMENTS PERMITTED BY THE FUND

We will carry out the valuation of the Fund in a fair manner in accordance with applicable law and guidelines. The valuation bases for the investments permitted by the Fund are as below:

- **Listed instruments**

The value of any permitted investments, which are quoted on an approved exchange, shall be calculated daily by reference to the last transacted price on that approved exchange. If the last transacted price does not represent the fair value of the instruments, then the instruments should be valued at fair price as determined in good faith by us, based on the methods or bases approved by the Trustee after appropriate technical consultation, such as the mean of bid and offer prices at the close of trading. Suspended instruments will be valued at their last done price unless there is conclusive evidence to show that the value has gone below the suspended price or where the quotation of the instruments have been suspended for a period exceeding fourteen (14) days or such shorter period as agreed by the Trustee, then the securities should be valued at fair value as determined in good faith by us based on the methods or bases approved by the Trustee after appropriate technical consultation.

- **Unlisted instruments**

The value of any unlisted MYR-denominated instruments shall be calculated on a daily basis using prices quoted by a Bond Pricing Agency (“BPA”) registered with the SC. Where such prices are not available or where we are of the view that the price quoted by the BPA for a specific instruments differs from the market price by more than twenty (20) basis points, we may use the market price by reference to the last available quote provided such quote was obtained within the previous thirty (30) days and we will record the basis for using a non-BPA price, obtained necessary internal approvals to use the non-BPA price and keeps an audit trail of all decisions and basis for adopting the market yield.

The value of any unlisted non MYR-denominated bonds shall be calculated at least weekly by reference to the average of bid and offer prices quoted by three (3) independent and reputable financial institutions.

- **CIS**

The value of any investments in CIS which are quoted on an approved exchange shall be calculated daily in the same manner as other listed securities described above. When investing in unlisted CIS, the value shall be determined daily by reference to the last published net asset value per unit for that CIS.

- **Money market instruments**

Money market instruments such as negotiable instrument of deposits and commercial papers shall be valued by reference to the quotes provided by independent and reputable pricing source(s), which is deemed fair value, includes but not limited to BPA registered with the SC. Where the quotes are provided by financial institutions, the valuation of the money market instruments will be based on the average of bid and offer prices quoted by three (3) independent and reputable financial institutions of similar standing at the close of trading, based on the methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

- **Deposits**

The value of Deposits shall be determined each day by reference to the principal value of such Deposit and the profit accrued thereon for the relevant period.

If the value of the assets of the Fund is denominated in a foreign currency, the assets are translated on a daily basis to MYR based on the bid foreign exchange rate quoted by either Refinitiv or Bloomberg, at United Kingdom time 4:00 p.m. on the same day (Malaysian time 11:00 p.m. or 12:00 a.m.), or such other time as stipulated in the IMS.

3.2. UNIT PRICING

We adopt a single pricing method for any transactions (i.e. applications, withdrawals, switches and/or transfers) based on forward prices. This means that we will process your transactions request based on the NAV per unit at the next valuation point after we receive the completed relevant transaction application from you.

The NAV per unit is based on the closing market price of the Fund’s investments as at the end of that Business Day (T). The NAV per unit for a Business Day is available on our website at www.principal.com.my after 10:00 a.m. on the following Business Day (T+1).

If the transactions are made by 4:00 p.m. on a Business Day, we will process the transactions using the NAV per unit for that Business Day. For transactions made after 4:00 p.m. on a Business Day, we will process the transactions using the NAV per unit on the next Business Day.

Illustration:

For a transaction request received by us by 4:00 p.m. on a Business Day

At the end of Business Day on 5 September 2022, your units will be based on the NAV per unit on 5 September 2022, which will be calculated on 5 September 2022. The NAV per unit will be available on our website after 10:00 a.m. on 6 September 2022.

For a transaction request received by us after 4:00 p.m. on a Business Day

At the end of Business Day on 5 September 2022, your units will be based on the NAV per unit on 6 September 2022, which will be calculated on 6 September 2022. The NAV per unit will be available on our website after 10:00 a.m. on 7 September 2022.

The Fund must be valued at least once every Business Day. The method of determining NAV per unit of the Fund is calculated as follows:

$$\text{NAV per unit of the Fund} = \frac{\text{NAV of the Fund}}{\text{Number of units in issue}}$$

The NAV of the Fund is the sum of the value of all investments and cash held by the Fund (calculated in accordance with the Deed) including income derived by the Fund which has not been distributed to you, less all amounts owing or payable in respect of the Fund including any provisions that we and the Trustee consider should be made. For example, a provision may be made for possible future losses on an investment which cannot be fairly determined.

3.2.1. Calculation of investment amount and units entitlement

The number of units that you receive will be rounded to the second decimal place.

Illustrations:

Calculation of number of units received, Application Fee* and total amount payable by you

Assumptions:

NAV per unit of for the Fund denominated in MYR	=	MYR0.5000 (truncated to 4 decimal places)
Application Fee	=	Nil

You wish to invest MYR10,000.00 in the Fund.

Calculation of number of units that you will receive

$$\begin{aligned} &= \text{Investment amount} / \text{NAV per unit} \\ &= \text{MYR}10,000.00 / \text{MYR}0.5000 \\ &= 20,000 \text{ units} \end{aligned}$$

Calculation of Application Fee you will incur (payable in addition to the investment amount)

$$\begin{aligned} &= \text{NAV per unit} \times \text{number of units received} \times \text{Application Fee rate} \\ &= \text{MYR}0.5000 \times 20,000 \text{ units} \times 0\% \\ &= \text{MYR}0 \end{aligned}$$

Calculation of total amount that you will have to pay

$$\begin{aligned} &= \text{Investment amount} + \text{Application Fee paid} \\ &= \text{MYR}10,000.00 + \text{MYR}0.00 \\ &= \text{MYR}10,000.00 \end{aligned}$$

Calculation of investment value

Assuming you have 20,000.00 units of the Fund and the NAV per unit (which will be made known on the following Business Day) is MYR0.5110 (truncated to 4 decimal places)

Calculation of investment value

$$\begin{aligned} &= \text{Number of units} \times \text{NAV per unit} \\ &= 20,000 \text{ units} \times \text{MYR}0.5110 \\ &= \text{MYR}10,220.00 \end{aligned}$$

Calculation of withdrawal value and amount payable to you

Assuming you request for a 50,000 units withdrawal. Your withdrawal request is received by us by 4:00 p.m. on a Business Day (which will be made known on the next Business Day) is MYR0.5230 (truncated to 4 decimal places).

Calculation of amount payable to you

$$\begin{aligned} &= \text{Number of units withdrawn} \times \text{NAV per unit} \\ &= 50,000.00 \text{ units} \times \text{MYR}0.5230 \\ &= \text{MYR}26,150 \end{aligned}$$

* There is no Withdrawal Fee charged for the Fund. Hence, the amount payable to you is the withdrawal value.

3.3. INCORRECT PRICING

We shall take immediate remedial action to rectify any incorrect valuation and/or pricing of the Class. Where such error has occurred, we shall reimburse the money in the following manner:

- (a) in the event of over valuation and/or pricing, we shall reimburse:
 - (i) the Fund for any withdrawal of units; and/or
 - (ii) you, if you have purchased units of the Fund at a higher price;
- (b) in the event of under valuation and/or pricing, we shall reimburse:
 - (i) the Fund for any subscription of units; and/or
 - (ii) you, if you have withdrawn units of the Fund at a lower price.

Notwithstanding the above, unless the Trustee otherwise directs, we shall make the reimbursement only where an incorrect pricing:

- (i) is equal or more than 0.5% of the NAV per unit; and
- (ii) results in a sum total of MYR10.00 or more to be reimbursed to a Unit holder for each sale or withdrawal transaction.

We shall have the right to amend, vary or revise the abovesaid limits or threshold from time to time, subject to any regulatory or governing body's requirements.

You should not make payment in cash to any individual agent or employee of Principal Malaysia or issue a cheque in the name of any individual agent or employee of Principal Malaysia when purchasing units of a fund.

- 3.4.5. Please take note that if your investments are made through an IUTA via a nominee system of ownership, you would not be deemed as a Unit holder under the Deed and as a result, you may not exercise all the rights ordinarily conferred to a Unit holder (e.g. the right to call for Unit holders' meetings and the right to vote at a Unit holders' meeting).

3.5. MINIMUM INVESTMENTS

The minimum initial investment in the Fund is MYR 100,000 and the minimum additional investment in the Fund is MYR 10,000 or such other amount as we may decide from time to time.

The minimum initial investment for EPF-MIS (where available) shall be MYR1,000 or such other amount as may be determined by EPF or as per the amount stated above, whichever is higher. Please note that there may be changes to the status of the eligibility of the Fund under the EPF-MIS from time to time. Please refer to our website at www.principal.com.my or www.kwsp.gov.my for updated information.

Note: We reserve our sole and absolute discretion without providing any reason whatsoever and at any time to accept, reject, amend, vary, waive and/or reduce (as the case maybe) your request for a lower amount when purchasing units (or additional units).

3.5.1. Processing an application

If we receive and accepted a complete application by 4:00 p.m. on a Business Day, we will process it using the NAV per unit for that Business Day. If we receive the application after 4:00 p.m. on a Business Day, we will process it using the NAV per unit for the next Business Day (T+1). We will only process completed applications with all the necessary and required information and/or documentations. The number of units you receive will be rounded to two (2) decimal place.

3.6. MINIMUM WITHDRAWALS

The minimum withdrawal for the Fund is MYR 10,000 subject to a minimum balance of 10,000 units in the account, unless you are withdrawing your entire investment. You may withdraw by completing a withdrawal application and submit it to the relevant Distributor or Principal Malaysia's offices. There is no restriction on the frequency of withdrawals. We will transfer the withdrawal proceeds to the bank account number provided by you. If the Fund is an EPF-MIS approved fund and you have invested via EPF-MIS, your withdrawal proceeds will be paid to EPF.

Note: We reserve our sole and absolute discretion without providing any reason whatsoever and at any time to accept, reject, amend, vary, waive and/or reduce (as the case maybe): (i) your request for a lower amount or number of units when withdrawing units. For increase in the number of units for minimum withdrawal, we will require concurrence from the Trustee and you will be notified of such changes.

3.6.1. Processing a withdrawal

If we receive a complete withdrawal request by 4:00 p.m. on a Business Day, we will process it using the NAV per unit for that Business Day. If we receive the withdrawal request after 4:00 p.m. on a Business Day, we will process it using the NAV per unit for the next Business Day (T+1). The amount that you will receive is calculated by the withdrawal value less the Withdrawal Fee, if any. That amount will be paid in MYR within seven (7) Business Days upon our receipt of the complete withdrawal request. You will have to bear the applicable bank fees and charges, if any.

3.7. MINIMUM BALANCE

The minimum balance that must be maintained in the Fund is 10,000 units. If the balance of an investment drops below 10,000 units due to a withdrawal, distribution or fall in the unit price, further investment will be required until the balance of the

investment is restored to at least 10,000 units. Otherwise, we can withdraw the entire investment and forward the proceeds to you.

Note: We reserve our sole and absolute discretion without providing any reason whatsoever and at any time to accept, reject, amend, vary, waive and/or reduce (as the case maybe) the minimum balance. For increase in the number of units for minimum balance, we will require concurrence from the Trustee and you will be notified of such changes.

3.8. COOLING-OFF PERIOD

For first time individual investor investing with us, you have six (6) Business Days after your initial investment (i.e. the date the complete application is received and accepted by us or any of our Distributors) to reconsider its appropriateness and suitability for your investment needs. Within this period, you may withdraw your investment at the NAV per unit on the day the units when the units were purchased or prevailing NAV per unit at the point of cooling-off (whichever is lower) ("Refund Amount"). We will pay the Refund Amount in MYR within seven (7) Business Day from the date we receive the complete documentation. Please note that the cooling-off right is only given to first time investor investing with us or any of our Distributor. However, Principal Malaysia's staff and person(s) registered with a body approved by the SC to deal in unit trust funds are not entitled to the cooling-off right.

If the Fund is an EPF-MIS approved fund and you have invested via EPF-MIS, your cooling-off right is subject to EPF's terms and conditions.

3.9. SWITCHING

There is no switching facility for this Fund.

3.10. TRANSFER FACILITY

There is no transfer facility for this Fund.

3.11. MINIMUM SIZE FOR CONTINUED OPERATION OF THE FUND

The minimum size for continued operation of the Fund is MYR50 million. We may, subject to the Deed (please refer to the "Salient Terms of Deed" chapter) and the GUTF, terminate the Fund if at any time after the Commencement Date, the NAV of the Fund falls below the minimum fund size of MYR50 million for a continuous period of not less than six (6) months.

3.12. TEMPORARY SUSPENSION

Subject to the requirements in the GUTF and/or the Deed, we and the Trustee may temporarily suspend the dealing in units of the Fund when there is good and sufficient reason to do so.

After we have ensured all available approaches to avoid any suspension of the Fund have been fully deliberated and carried out, we may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the sale (if applicable) and repurchase of Units where it is impractical for us to calculate the NAV of the Fund when material portion of the asset of the Fund is affected due to but not limited to the following:

- (i) the closure of a securities exchange or trading restrictions in the securities exchange; or
- (ii) an emergency or other state of affairs; or
- (iii) the declaration of a moratorium in a country where that Fund has assets; or
- (iv) for the purpose of conversion of any currency, a closure or restrictions on trading in the relevant foreign market exchange; or
- (v) the realisation of the assets of the Fund not being able to be effected at prices which would be realised if the assets of the Fund were realised in an orderly fashion over a reasonable period in a stable market.

Please note that during the suspension period, there will be no NAV per unit available and hence, we will not accept any transactions for the applications, withdrawals, switches and/or transfers of units. If we have earlier accepted your request for applications, withdrawals, switches and/or transfers of units before the suspension is declared, please note that your request will only be processed on the next Business Day after the cessation of suspension of the Fund. You will be notified of the suspension and when the suspension is lifted.

3.13. DISTRIBUTION PAYMENT

Distributions, if any, will be made four (4) times per annum at the end of each quarter of the year, i.e. March, June, September and December. Such distributions will depend on the availability of realised income and/or realised gains and at our discretion. We have the right to make provisions for reserves in respect of distribution of the Fund. If the income available is too small or insignificant, any distribution may not be of benefit to you as the total cost to be incurred in any such distribution may be higher than the amount for distribution. We have the discretion to decide on the amount to be distributed to you. We also have the discretion to make income distribution on an ad-hoc basis, taking into consideration the level of its realised income and/or realised gains, as well as the performance of the Fund.

Each unit of the Fund will receive the same distribution for a particular distribution period regardless of when those units were purchased. The distribution amount you will receive is calculated by multiplying the total number of units held by you in the Fund with the distribution amount in cent per unit. Once a distribution has been paid, the NAV per unit will adjust accordingly.

All distributions (if any) will be automatically reinvested into additional units in the Fund at the NAV per unit of the Fund on the distribution date (the number of units is rounded to two (2) decimal places), unless written instructions to the contrary are communicated by you to us, in which case you shall have first furnished us with details of your valid and active bank account that all distribution payment shall be paid (the cost and expense will be borne by you). There will be no Application Fee for the reinvestment.

If units are issued as a result of the reinvestment of a distribution or other circumstance after you have withdrawn your investment from the Fund, those additional units will then be automatically withdrawn by us if the number of units are below the minimum balance and the proceeds will be paid to you. Distribution payments will be made in MYR.

3.14. UNCLAIMED MONEYS

Any moneys payable to you which remain unclaimed after twelve (12) months as prescribed by the Unclaimed Moneys Act 1965 (“UMA”), will be surrendered to the Registrar of Unclaimed Moneys by us in accordance with the requirements of the UMA. Thereafter, all claims need to be made by you with the Registrar of Unclaimed Moneys.

For income distribution payout to you by cheque, if any, which remain unclaimed for six (6) months will be reinvested into the Fund within thirty (30) Business Days after the expiry of the cheque’s validity period based on the prevailing NAV per unit of the Fund on the day of the reinvestment provided that you still hold units of the Fund. As for income distribution payout to you by bank transfer, if any, remained unsuccessful and unclaimed for six (6) months, it will be reinvested into the Fund within thirty (30) Business Days after the six (6) months period based on the prevailing NAV per unit on the day of the reinvestment provided that you still hold units of the Fund. No Application Fee is payable for the reinvestment. In the event that you no longer hold any unit in the Fund, the distribution money would be subject to the same treatment mentioned in the above paragraph as prescribed by the UMA.

Unit prices and distributions payable, if any, may go down as well as up.

We have the discretion to amend the amount, rate and/or terms and conditions of the transaction information herein, subject to the requirements stipulated in the Deed. Where necessary, we will notify the Trustee and communicate to you on the amendments to the transaction information.

Several holders of the bonds (“Bondholders”) issued by Aldwich Berhad [In Receivership] (“Aldwich”) had sued Aldwich for its failure to settle its indebtedness to the Bondholders following the default of the said bonds in 2010 and named the Trustee as one of 6 co-defendants under Kuala Lumpur High Court Civil Suit No. D-22NCC-1622-11/2012 (“Aldwich Bondholders’ Suit”). The claim against the Trustee is for the sum of MYR177,248,747.31 or any other sum that the Court deems fit and proper. The other co-defendants are the holding company of Aldwich (“Holding Company”), the Chief Executive Officer of the holding company of Aldwich (“CEO”), the Security Agent and the Reporting Accountant. On 16 October 2019, the Trustee had filed its Leave Motion to the Federal Court. The Leave Motion was partially heard on 21 January 2021, 3 September 2021 and 16 February 2022. We shall within twenty-one (21) days after an application is delivered to us at our registered office, being an application by not less than fifty (50), or one-tenth (1/10) in number, whichever is less, of the Unit holders to which the Deed relate, summon a meeting of the Unit holders:

- (i) by sending a notice by post of the proposed meeting at least fourteen (14) days before the date of the proposed meeting to each of those Unit holders at his/her last known address or in the case of joint Unit holder, to the joint Unit holder whose name stands first in our records at the joint Unit holder's last known address; and
- (ii) by publishing at least fourteen (14) days before the date of the proposed meeting, an advertisement giving notice of the meeting in a national language national daily newspaper and in one other newspaper as may be approved by the SC,

for the purpose of considering the most recent financial statements of the Fund, or for the purpose of requiring the retirement or removal of the Manager OR the Trustee, or for the purpose of giving to the Trustee such directions as the meeting thinks proper, or for the purpose of considering any other matter in relation to the Deed.

The quorum for a meeting of Unit holders of the Fund is five (5) Unit holders of the Fund present in person or by proxy, provided that for a meeting which requires a Special Resolution the quorum for that meeting shall be five (5) Unit holders, whether present in person or by proxy, holding in aggregate at least twenty five per centum (25%) of the Units in issue for the Fund at the time of the meeting. time of the meeting. Where a Fund has only one (1) remaining Unit Holder, such Unit Holder, whether present in person or by proxy, at the meeting shall constitute a quorum.

Voting is by a show of hands, unless a poll is duly demanded or the resolution proposed is required by this Deed or by law to be decided by a percentage of all Units. Each Unit holder present in person or by proxy has one (1) vote on a show of hands. On a poll, each Unit holder present in person or by proxy has one (1) vote for each whole fully paid Unit held. In the case of joint Unit holders, any one of such joint Unit holder may vote either personally or by proxy as comprised in the joint holding but if more than one of such Joint Unit holder be present at any meeting either personally or by proxy, only the Joint Unit holder whose name appears first in the register may vote. Units held by the Manager or its nominees shall have no voting rights in any Unit holders' meeting of the Fund.

Nothing herein shall preclude us from convening any Unit Holders' meeting at more than one venue using any communication facility or technology or method available as we shall determine to enable the Unit Holders to participate and to exercise their right to speak and vote at that meeting. Where such meeting is convened, any reference to a Unit Holder being "present in person" in the Deed, meetings or resolutions shall include, where permitted by us, to that Unit Holder being present either remotely or virtually and for the avoidance of doubt it is hereby agreed that the participation by a Unit Holder in such meeting using the prescribed communication facility or technology or method shall be deemed as being present at that meeting notwithstanding that the Unit Holder is not physically present at the main venue of that meeting.

Dear Sirs

Taxation of the unit trust fund and unit holders

This letter has been prepared for inclusion in this Replacement Prospectus Issue No. 11 in connection with the offer of units in the unit trust known as Principal Institutional Bond Fund 2 (hereinafter referred to as “the Fund”).

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Fund and the unit holders.

Taxation of the Fund

The taxation of the Fund is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Fund comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as ‘permitted expenses’) not directly related to the production of income, as explained below.

“Permitted expenses” refer to the following expenses incurred by the Fund which are not deductible under Section 33(1) of the MITA:

- the manager's remuneration,
- maintenance of the register of unit holders,
- share registration expenses,
- secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

- where
- A is the total of the permitted expenses incurred for that basis period;
 - B is gross income consisting of dividend¹, interest and rent chargeable to tax for that basis period; and
 - C is the aggregate of the gross income consisting of dividend¹ and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period,

¹ Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

Exempt income

The following income of the Fund is exempt from income tax:

- **Malaysian sourced dividends**

All Malaysian-sourced dividends should be exempt from income tax.

- **Malaysian sourced interest**

- (i) interest from securities or bonds issued or guaranteed by the Government of Malaysia;
- (ii) interest from debentures or *sukuk*, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission;
- (iii) interest from Bon Simpanan Malaysia issued by Bank Negara Malaysia;
- (iv) interest derived from Malaysia and paid or credited by banks licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013²;
- (v) interest derived from Malaysia and paid or credited by any development financial institution prescribed under the Development Financial Institutions Act 2002;
- (vi) interest from *sukuk* originating from Malaysia, other than convertible loan stock, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority (LFSA)³; and
- (vii) interest which is specifically exempted by way of statutory orders or any other specific exemption provided by the Minister.

- **Discount**

Tax exemption is given on discount paid or credited to any unit trust in respect of investments as specified in items (i), (ii) and (iii) above.

Foreign-sourced income

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempt from tax.

The Guidelines issued by the Malaysian Inland Revenue Board on 29 September 2022 define the term “received in Malaysia” to mean transferred or brought into Malaysia, either by way of cash⁴ or electronic funds transfer⁵.

Foreign-sourced income (FSI) received in Malaysia during the transitional period from 1 January 2022 to 30 June 2022 will be taxed at 3% of gross. From 1 July 2022 onwards, FSI received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax, and where relevant conditions are met.

Income Tax (Exemption) (No. 6) Order 2022 has been issued to exempt a “qualifying person”⁶ from the payment of income tax in respect of dividend income which is received in Malaysia from outside Malaysia, effective from 1 January 2022 to 31 December 2026. The exemption will however not apply to a person carrying on the business of banking, insurance or sea or air transport. As the definition of “qualifying person” does not include unit trust funds, it would mean that resident unit trust funds would technically not qualify for the exemption, unless there are further updates thereto.

Gains from the realisation of investments

Pursuant to Section 61(1) (b) of the MITA, gains from the realisation of investments will not be treated as income of the Fund and hence, are not subject to income tax. Such gains may be subject to real property gains tax (RPGT) under the Real Property Gains Tax Act 1976 (RPGT Act), if the gains are derived from the disposal of chargeable assets, as defined in the RPGT Act.

Implementation of Sales and Service Tax (“SST”)

² Effective from 1 January 2019, the income tax exemption for a unit trust fund, pursuant to Paragraph 35A, Schedule 6 of the MITA shall not apply to a wholesale fund which is a money market fund.

³ Effective from the year of assessment 2017, the exemption shall not apply to interest paid or credited to a company in the same group or interest paid or credited to a bank licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013; or a development financial institution prescribed under the Development Financial Institutions Act 2002.

⁴ “Cash” in this context is defined as banknotes, coins and cheques.

⁵ “Electronic funds transfer” means bank transfers (e.g., credit or debit transfers), payment cards (debit card, credit card and charge card), electronic money, privately-issued digital assets (e.g., crypto-assets, stablecoins) and central bank digital currency.

⁶ “Qualifying person” in this context means a person resident in Malaysia who is:

(a) An individual who has dividend income received in Malaysia from outside Malaysia in relation to a partnership business in Malaysia;

(b) A limited liability partnership which is registered under the Limited Liability Partnerships Act 2012; or

(c) A company which is incorporated or registered under the Companies Act 2016.

Sales and Service Tax ("SST") was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax at the rate of 6% is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration. Where the Fund incurs expenses such as management fees, the management services provided by asset and fund managers who are licensed or registered with Securities Commission Malaysia for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007, are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be subject to 6% service tax provided they fall within the scope of service tax (i.e. are provided by a "taxable person", who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as "taxable services").

Taxation of unit holders

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Fund.

The income of unit holders from their investment in the Fund broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

In addition, unit holders may also realise a gain from the sale of units.

The tax implications of each of the above categories are explained below:

1. Taxable distributions

Distributions received from the Fund will have to be grossed up to take into account the underlying tax paid by the Fund and the unit holder will be taxed on the grossed up amount.

Such distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holder.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

2. Non-taxable and exempt distributions

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Fund will not be subject to Malaysian income tax in the hands of the unit holders.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the ITA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

Rates of tax

The Malaysian income tax chargeable on the unit holders would depend on their tax residence status and whether they are individuals, corporations or trust bodies. The relevant income tax rates are as follows:

Unit holders	Malaysian income tax rates
Malaysian tax resident: <ul style="list-style-type: none"> • Individual and non-corporate unit holders (such as associations and societies) • Co-operatives⁷ • Trust bodies 	<ul style="list-style-type: none"> • Progressive tax rates ranging from 0% to 30% • Progressive tax rates ranging from 0% to 24% • 24%
<ul style="list-style-type: none"> • Corporate unit holders <ul style="list-style-type: none"> (i) A company with paid up capital in respect of ordinary shares of not more than RM2.5 million (at the beginning of the basis period for the year of assessment) and gross income from a source or sources consisting of a business not exceeding RM50 million for the basis period for the year of assessment^{8 9} (ii) Companies other than (i) above 	<ul style="list-style-type: none"> • First RM600,000 of chargeable income @ 17% • Chargeable income in excess of RM600,000 @ 24% • 24%
Non-Malaysian tax resident (Note 1): <ul style="list-style-type: none"> • Individual and non-corporate unit holders • Corporate unit holders and trust bodies 	<ul style="list-style-type: none"> • 30% • 24%

Note 1:

Non-resident unit holders may be subject to tax in their respective countries depending on the provisions of the tax legislation in the respective countries and any existing double taxation arrangements with Malaysia.

Gains from sale of units

Gains arising from the realisation of investments will generally not be subject to income tax in the hands of unit holders unless they are insurance companies, financial institutions or traders / dealers in securities.

Unit splits and reinvestment of distributions

Unit holders may also receive new units as a result of unit splits or may choose to reinvest their distributions. The income tax implications of these are as follows:

- Unit splits – new units issued by the Fund pursuant to a unit split will not be subject to income tax in the hands of the unit holders.
- Reinvestment of distributions – unit holders may choose to reinvest their income distribution in new units by informing the Manager. In this event, the unit holder will be deemed to have received the distribution and reinvested it with the Fund.

⁷ Pursuant to Paragraph 12(1), Schedule 6 of the MITA, the income of any co-operative society—
 (a) in respect of a period of five years commencing from the date of registration of such co-operative society; and
 (b) thereafter where the members' funds [as defined in Paragraph 12(2)] of such co-operative society as at the first day of the basis period for the year of assessment is less than seven hundred and fifty thousand ringgit, is exempt from tax.

⁸ A company would not be eligible for the 17% tax rate on the first RM600,000 of chargeable income if:-
 (a) more than 50% of the paid up capital in respect of the ordinary shares of the company is directly or indirectly owned by a related company which has paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment;
 (b) the company owns directly or indirectly more than 50% of the paid up capital in respect of the ordinary shares of a related company which has paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment;
 (c) more than 50% of the paid up capital in respect of the ordinary shares of the company and a related company which has a paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment is directly or indirectly owned by another company.

⁹ The above excludes a business trust and a company which is established for the issuance of asset-backed securities in a securitization transaction approved by the Securities Commission.
