Investment policy and principal investment strategy

The Fund seeks to achieve its objective by investing in a diversified portfolio of Government Securities and corporate bonds. At least 70% of its NAV will be invested in Government Securities and corporate bonds which carry a minimum credit rating of "AA" by RAM or its equivalent rating by MARC. Up to 30% of the Fund's NAV will be invested in liquid asset such as Deposits.

The strategy for the Fund is as follows:

- at least 70% of the Fund's NAV will be invested in Government Securities and corporate bonds; and
- up to 30% of the Fund's NAV will be invested in liquid assets such as Deposits.

For bond investments, we formulate an interest rate outlook by considering factors such as the inflation rate, monetary policies and economic growth. We will adopt an active trading strategy with frequency that will depend on the market conditions and the market outlook. With an interest rate outlook and yield curve analysis, we identify the weighting of the investment tenure and credit for the Fund. In the unlikely event of a credit rating downgrade, we reserve the right to deal with the instrument in the best interest of the Unit holders. As an active fund manager, we have in place tolerance limits to cater to such situations. We can for example, continue to hold the downgraded instrument if the immediate disposal of the instrument would not be in the best interest of the Unit holders.

As part of risk management strategy, the Fund is constructed and managed within pre-determined guidelines. Essentially, we employ an active asset allocation strategy depending upon the market expectations and at the same time monitor the debt instruments portfolio according to three (3) parameters: tenure, credit ratings and sector. The duration of the debt instruments portfolio (i.e. the sensitivity of the portfolio to interest rate changes) is also monitored and modified according to our interest rate outlook.

1.2. PERMITTED INVESTMENTS

Subject to the Deed, the investment policy for the Fund and the requirements of the SC and any other regulatory body, we have absolute discretion, as to how the assets of the Fund are invested. Under the Deed, the Fund can invest in a wide range of securities, including:

- Debentures traded in or under the rules of an Eligible Market;
- Deposits and money market instruments;
- Any other form of investments as may be determined us from time to time that is in line with the Fund's objectives.

The formulation of the investment policies and strategies of the Fund is based on the objectives of the Fund after taking into consideration the regulatory requirements outlined in the SC Guidelines, with such exemptions/variations (if any) as approved by the SC.

1.3. INVESTMENT RESTRICTIONS AND LIMITS

The Fund is subject to the following investment restrictions/limits:

- the value of the Fund's investments in corporate bonds must carry a minimum credit rating of "AA" by RAM or its equivalent rating by MARC;
- at least 70% of the Fund's NAV will be invested in Government Securities and corporate bonds;
- up to 30% of the value of the Fund's investments in liquid asset such as Deposits.

In respect of any restrictions and limits stipulated above, there is an allowance of 5% where such restrictions and limits are breached through appreciation or depreciation of the NAV of the Fund (whether as a result of an appreciation or depreciation in value of the Fund's investments, or as a result of repurchase of units or payment made out of the Fund).

If the Fund ceases to comply with the above limitations on investments, we should not make any further acquisitions to which the relevant limit is breached and must remedy the non-compliance as soon as practicable (maximum three (3) months from the date of the breach).

1.4. APPROVALS AND CONDITIONS

There is no exemption and/or variation to the SC Guidelines for the Fund.

1.5. BORROWINGS OR FINANCING

The Fund may not obtain cash financing or other assets in connection with its activities. However, the Fund may obtain cash financing for the purpose of meeting withdrawal requests for units and for short-term bridging requirements.

1.6. SECURITIES LENDING

Not applicable for the Fund.

1.7. RISK FACTORS

1.7.1. GENERAL RISKS OF INVESTING IN A COLLECTIVE INVESTMENT SCHEME

Any investment carries with it an element of risk. Therefore, prior to making an investment, you should consider the following risk factors in addition to the other information set out in this Information Memorandum.

Returns not guaranteed

The investment of the fund is subject to market fluctuations and its inherent risk. There is **NO GUARANTEE** on the investment returns, nor any assurance that the fund's investment objective will be achieved.

Market risk

Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the fund's NAV.

Inflation risk

This is the risk that your investment in the fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce your purchasing power even though the value of the investment in monetary terms has increased.

Manager's risk

This risk refers to the day-to-day management of the fund by the manager which will impact the performance of the fund. For example, investment decisions undertaken by the manager, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the fund.

Financing risk

This risk occurs when you obtain financing to finance your investment. The inherent risk of investing with money obtained from financing includes you being unable to service the financing payments. In the event units are used as collateral, you may be required to top-up your existing instalment if the prices of units fall below a certain level due to market conditions. Failing which, the units may be sold at a lower NAV per unit as compared to the NAV per unit at the point of purchase towards settling the loan.

1.7.2. SPECIFIC RISK RELATED TO THE FUND

There are specific risks associated with the investment portfolio of the Fund, which include but are not limited to the following:

Credit and default risk

The Fund will be exposed to a certain degree of credit and default risk of issuers or counterparties when the Fund invests in debt securities, money market instruments and/or place Deposits. Credit risk relates to the creditworthiness of the securities issuers or counterparties and their expected ability to make timely payment of interest and/or principal. Any adverse situations faced by the issuer or counterparties may impact the value as well as liquidity of the investments. In the case of rated debt securities, this may lead to a credit downgrade. Default risk relates to the risk that a securities issuer or counterparties either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the investments. This could adversely affect the value of the Fund. We aim to mitigate this risk by performing bottom-up and top-down credit research and analysis to determine the creditworthiness of its issuers or counterparties, and impose investment limits on exposures for issuers or counterparties with different credit profiles as a precautionary step to limit any loss that may arise directly or indirectly as a result of a defaulted transaction.

Interest rate risk

Interest rate risk is the risk that an investment's value will be affected due to a change in the level of interest rates. Such changes usually affect the investments inversely and can be reduced by managing the duration of the portfolio via shorter or longer tenured assets depending on our view of the future interest rate trend, which is based on our continuous fundamental research and analysis.

Liquidity risk

Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.

Company specific risk

The investments of the Fund in companies may be affected by any company-specific changes such as the company's business situation, unforeseen entry of a new competitor into the market or the company's credit rating being downgraded. This may cause the price of any issuance by that company to fall and in turn may cause the NAV of the Fund to fall.

Reinvestment risk

Reinvestment risk is incurred when the investments* are not reinvested at the interest rate when the bond was initially purchased. This risk is more evident during periods of declining interest rate. If these investments* are reinvested at a lower interest rate, the returns generated from the reinvestment will be lower than the returns initially expected.

* Investments in this context refer to:

- coupons earned from holding a bond;
- principal payments returned to the bondholder upon maturity of the bond; and/or
- prevailing market price of the bond if the bond is sold prior to its maturity.

The above summary of risks does not purport to be an exhaustive list of all the risk factors relating to investments in the Fund and are not set out in any particular order of priority. You should be aware that investments in the Fund may be exposed to other risks from time to time. If in doubt, please consult your professional advisers for a better understanding of the risks.

2. FEES, CHARGES AND EXPENSES

2.1. CHARGES

The following describes the charges that you may **directly** incur when you buy or withdraw units of the Fund.

2.1.1. Application Fee

Nil.

2.1.2. Withdrawal Fee

Nil.

2.1.3. Switching Fee

Since switching is treated as a withdrawal from one (1) fund and an investment into another Principal Malaysia's fund, you will be charged a Switching Fee equal to the difference (if any) between the Application Fees of these two (2) funds.

For example, you have invested in a fund with an Application Fee of 2.00% on the NAV per unit and now wish to switch to another fund which has an Application Fee of 5.50% on the NAV per unit. Hence, you will be charged a Switching Fee of 3.50% on the NAV per unit on the amount switched.

In addition, we may impose a RM100 administrative fee for every switch. However, we have the discretion to waive the Switching Fee and/or administrative fees.

2.1.4. Transfer Fee

A Transfer Fee of not more than RM50.00 may be charged for each transfer. However, we have the discretion to waive the Transfer Fee.

2.2. FEES AND EXPENSES

The following describes the fees that you may **indirectly** incur when you invest in the Fund.

2.2.1. Management Fee

The Management Fee for the Fund is up to 0.20% per annum of the Fund's NAV. The Management Fee shall be accrued daily and paid monthly.

Below is an illustration on how the Management Fee is calculated:

Management Fee for the day = NAV of the Fund x Management Fee rate for the Fund (%) / 365 days

If the NAV of the Fund is RM150 million, then

*Management Fee for the day = RM 150 million x 0.20% / 365 days
= RM 821.90*

Note: *In the event of a leap year, the computation will be based on 366 calendar days.*

2.2.2. Trustee Fee

The Trustee is entitled to a fee of up to 0.02% per annum of the Fund's NAV. The Trustee Fee shall be accrued daily and paid monthly.

Below is an illustration on how the Trustee Fee is calculated:

Trustee Fee for the day = NAV of the Fund x Trustee Fee rate for the Fund (%) / 365 days

If the NAV of the Fund is RM150 million, then

*Trustee Fee for the day = RM 150 million x 0.02% / 365 days
= RM 82.19*

Note: *In the event of a leap year, the computation will be based on 366 calendar days.*

2.2.3. Other expenses

The Deed also provides for payment of other expenses. The major expenses recoverable directly from the Fund include:

- expenses incurred in the sale, purchase, insurance, custody and any other dealings of investments including commissions/fees paid to brokers and costs involved with external specialists approved by the Trustee in investigating and evaluating any proposed investment;

- (where the foreign custodial function is delegated by the Trustee), all costs associated with the custody of investment and charges/fees paid to the sub-custodian;
- expenses incurred in the printing of, purchasing of stationery and postage for the annual and interim (if any) reports;
- remuneration and out of pocket expenses of the independent members of the investment committee unless we decide to bear the same;
- tax and other duties imposed by the government and other authorities, and bank fees;
- tax agent's and auditor's fees, and expenses;
- valuation fees paid to independent valuers for the benefit of the Fund;
- costs incurred in modifying the Deed for the benefit of Unit holders;
- costs of convening and holding meetings of Unit holders (other than those meetings convened for the benefit of ours or the Trustee's); and
- all costs, bank charges and expenses related to income distribution of the Fund; for example, postage and printing of all cheques, statements and notices to Unit holder of the Fund.

Expenses not authorised by the Deed must be paid by us or the Trustee out of our own funds, if incurred for our own benefits.

- 2.2.4.** We and the Trustee are required to ensure that any fees or charges payable are reasonable and in accordance with the Deed which stipulates the maximum rate in percentage terms that can be charged.

You should note that we may alter the fees and charges (other than the Trustee Fee) within such limits, and subject to such provisions, as set out in the Deed and SC Guidelines.

You should note that we may, for any reason at any time, waive or reduce the amount of any fees (except the Trustee Fee) or other charges payable by you in respect of the Fund, either generally (for all Sophisticated Investors) or specifically (for any particular Sophisticated Investor, a group of Sophisticated Investors or investments made via any digital platform) and for any period or periods of time at our absolute discretion.

2.3. REBATES AND SOFT COMMISSIONS

We and the Trustee will not retain any form of rebate or soft commission from, or otherwise share in any commission with, any broker in consideration for directing dealings in the investments of the Fund unless the soft commission received is retained in the form of goods and services such as research and advisory services that assist in the decision making process relating to the Fund's investments. All dealings with brokers are executed on most favourable terms available for the Fund. Any rebates will be directed to the account of the Fund.

There are fees and charges involved and you are advised to consider them before investing in the Fund.

All fees and charges payable by you and/or the Fund are subject to any applicable taxes and/or duties as may be imposed by the government or other authorities (if any) from time to time. As a result of changes in any rule, regulation, directive, notice and/or law issued by the government or relevant authority, there may be additional cost to the fees, expenses, charges and/or taxes payable to and/or by the Fund or you as disclosed or illustrated in the Information Memorandum.

We have the discretion to amend the amount, rate and/or terms and conditions for the above-mentioned fees, charges and expenses from time to time, subject to the requirements stipulated in the Deed. Where necessary, we will notify the Trustee and communicate to you on the amendments to the fees and charges.

3. TRANSACTION INFORMATION

3.1. VALUATION OF INVESTMENTS PERMITTED BY THE FUND

We will carry out the valuation of the Fund in a fair manner in accordance with applicable law and guidelines. The valuation bases for the investments permitted by the Fund are as below:

- **Listed securities**
The value of any permitted investments, which are quoted on an approved exchange, shall be calculated daily by reference to the last transacted price on that approved exchange. If the last transacted price does not represent the fair value of the securities, then the securities should be valued at fair price as determined in good faith by the Manager, based on the methods or bases approved by the Trustee after appropriate technical consultation, such as the mean of bid and offer prices at the close of trading. Suspended securities will be valued at their last done price unless there is conclusive evidence to show that the value has gone below the suspended price or where the quotation of the securities has been suspended for a period exceeding fourteen (14) days or such shorter period as determined by the Trustee, whereupon their fair value will be determined in good faith by the Manager based on the methods or bases approved by the Trustee after appropriate technical consultation.

- **Unlisted securities**
The valuation of equities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing or quotation and are offered directly to the Fund by the issuer shall be valued at the issue price of such equities. The value will be determined by the financial institution that issued the instrument.

The value of any unlisted RM-denominated debt securities shall be calculated on a daily basis using prices quoted by a bond pricing agency (BPA) registered with the SC. Where such prices are not available or where the Manager is of the view that the price quoted by the BPA for a specific debt security differs from the market price by more than 20 basis points, the Manager may use the market price by reference to the last available quote provided such quote was obtained within the previous thirty (30) days and the Manager records its basis for using a non-BPA price, obtained necessary internal approvals to use the non-BPA price and keeps an audit trail of all decisions and basis for adopting the market yield.

- **Money market instruments**
Money market instruments such as negotiable instrument of deposits and commercial papers shall be valued by reference to the quotes provided by independent and reputable pricing source(s), which is deemed fair value, includes but not limited to Bond Pricing Agency (“BPA”) registered by the Securities Commission. Where the quotes are provided by financial institutions, the valuation of the money market instruments will be based on the average of bid and offer prices quoted by three (3) independent and reputable financial institutions of similar standing at the close of trading, based on the methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

- **Deposits**
The value of any Deposits shall be determined each day by reference to the principal value of such permitted investments and the accrued income thereon for the relevant period.

3.2. UNIT PRICING

We adopt the single pricing method for any transactions (i.e. applications, switches, transfers and/or withdrawals) based on forward prices. This means that we will process your transactions request based on the NAV per unit at the next valuation point after we receive the completed relevant transaction forms from you.

If the transactions are made by 4:00 p.m., we will process the transactions using the NAV per unit for that Business Day. For transactions made after 4:00 p.m., we will process the transactions using the NAV per unit on the next Business Day.

We will carry out the valuation for a Business Day at the end of that Business Day (T). The NAV per unit for a Business Day is available on our website at <http://www.principal.com.my> after 1:30 p.m. on the following Business Day (T+1).

The Fund must be valued at least once every Business Day.

The method of determining NAV per unit is calculated as follows:

$$\text{NAV per unit} = \frac{\text{NAV}}{\text{Number of units in issue}}$$

The NAV of the Fund is the sum of the value of all investments and cash held by the Fund (calculated in accordance with the Deed) including income derived by the Fund which has not been distributed to Unit holders, less all amounts owing or payable in respect of the Fund including any provisions that we and the Trustee consider should be made. For example, a provision may be made for possible future losses on an investment which cannot be fairly determined.

3.3. INCORRECT PRICING

We shall take immediate remedial action to rectify any incorrect valuation and/or pricing of the Fund or units of the Fund. Where such error has occurred, we shall reimburse the money in the following manner:

- (a) in the event of over valuation and/or pricing, we shall reimburse:
 - (i) the Fund for any withdrawal of units; and/or
 - (ii) you, if you have purchased units of the Fund at a higher price; or
- (b) in the event of under valuation and/or pricing, we shall reimburse:
 - (i) the Fund for any subscription of units; and/or
 - (ii) you, if you have withdrawn units of the Fund at a lower price.

Notwithstanding the above, unless the Trustee otherwise directs, we shall make the reimbursement only where an incorrect pricing:

- (i) is equal to or more than 0.50% of the NAV per unit; and
- (ii) results in a sum total of RM10.00 or more to be reimbursed to a Unit holder for each sale or withdrawal transaction.

We shall have the right to amend, vary or revise the aforesaid limits or threshold from time to time.

3.4. INVESTING

3.4.1. Who can invest?

The Fund shall only be offered or marketed to the Sophisticated Investor that is corporate client such as company, corporation or co-operative. However, we have the right to reject an application on reasonable grounds.

Further, if we become aware of any US entity (i.e. a corporation, trust, partnership or other entity created or organised in or under the laws of the United States or any state thereof or any estate or trust the income of which is subject to United States Federal Income Tax regardless of source) holding units in the Fund, a notice may be issued to that Unit holder requiring the Unit holder to, within thirty (30) days, either withdraw the units or transfer the units to a non-US entity.

We also have the right to withdraw all units held by you in the event we are of the opinion that such withdrawal is necessary to ensure that we comply with any relevant laws, regulations and guidelines. We will first notify you before making any such compulsory withdrawal of your units.

3.4.2. How to invest?

You may invest through our head office (Corporate & Institutional Business) after completing the relevant application forms and attaching a copy of your identity card, passport or any other identification document. We may request for additional supporting document(s) or information from you. On the application form, please indicate clearly the amount you wish to invest in the Fund. We may introduce other mode of investment from time to time, subject to the approval of the relevant authorities.

You may invest:

- by crossed cheque, banker's draft, money order or cashier's order (made payable as advised by us as the case may be). You will have to bear the applicable bank fees and charges, if any;
- directly from your bank account, where applicable;
- by such other mode of payment that we and/or the relevant authorities approve from time to time. Any charges, fees and expenses incurred in facilitating such mode of payment shall be borne by you. Such mode of payment is subject to further limit(s), restriction(s) and/or terms and conditions that we and/or the relevant authorities may impose from time to time.

You are advised not to make payment in cash to any individual agent when purchasing units of a fund.

3.5. MINIMUM INVESTMENTS

The minimum initial investment in the Fund is RM1 million or such other amount as we may decide from time to time.

The minimum additional investment in the Fund is RM1 million or such other amount as we may decide from time to time.

Note: You may request for a lower amount when purchasing units (or additional units), which will be at our sole and absolute discretion. However, you should note that we may, for any reason at any time, where applicable, accept or reject a lower amount and without having to assign any reason, either generally (for all Sophisticated Investors) or specifically (for any particular Sophisticated Investor, a group of Sophisticated Investors or investments made via any digital platform) without prior notice to you.

3.5.1. Processing an application

If we receive a complete application by 4:00 p.m., we will process it using the NAV per unit for that Business Day. If we receive the complete application after 4:00 p.m., we will process it using the NAV per unit for the next Business Day. We will only process the completed applications with all the necessary information. The number of units you receive will be rounded down to two (2) decimal places.

3.6. MINIMUM WITHDRAWALS

The minimum withdrawal for the Fund is 1 million units or such other amount as we may decide from time to time, unless you are withdrawing your entire investment. Withdrawals can be made from the Fund by completing a withdrawal form and sending it to us. There is no restriction on the frequency of withdrawals.

Note: *You may request for a lower amount when withdrawing units, which will be at our sole and absolute discretion. However, you should note that we may, for any reason at any time, where applicable, accept or reject a lower amount and without having to assign any reason, either generally (for all Sophisticated Investors) or specifically (for any particular Sophisticated Investor, a group of Sophisticated Investors or investments made via any digital platform) without prior notice to you. For increase in the amount for minimum withdrawal, we will require concurrence from the Trustee and you will be notified of such changes before implementation.*

3.6.1. Processing a withdrawal

If we receive a complete withdrawal request by 4:00 p.m., we will process it using the NAV per unit for that Business Day, which will only be known on the following Business Day. If we receive the complete withdrawal request after 4:00 p.m., we will process it using the NAV per unit for the next Business Day. The amount that you will receive is calculated by the withdrawal value less the Withdrawal Fee, if any. You will be paid in RM within ten (10) calendar days of receipt of the complete withdrawal request. You will have to bear the applicable bank fees and charges, if any.

3.7. MINIMUM BALANCE

The minimum balance that must be retained in the Fund is 1 million units or such other units as we may decide from time to time. If the number of units of an investment drops below 1 million units, further investment will be required until the balance of the investment is restored to at least the stipulated minimum balance. Otherwise, we can withdraw the entire investment and forward the proceeds to you.

Note: *We may, for any reason at any time, where applicable, reduce the minimum balance, either generally (for all Sophisticated Investors) or specifically (for any particular Sophisticated Investor, a group of Sophisticated Investors or investments made via any digital platform) without prior notice to you. For increase in the number units for minimum balance, we will require concurrence from the Trustee and you will be notified of such changes before implementation.*

3.8. SWITCHING

You have the option to switch into any of Principal Malaysia's funds that allow switching of units. The switching is based on the value of your investments in the Fund, at the point of exercising the switch.

Switching will be conducted based on the value of your investment in the Fund. The minimum amount for a switch is subject to:

 - the minimum withdrawal amount applicable to the Fund;
 - the minimum balance required (after the switch) for the Fund, unless you are withdrawing from the Fund in entirety; and
 - the Withdrawal Fee of the Fund (if any).
- For switching into the Fund:
 - the minimum initial investment amount or the minimum additional investment amount (as the case may be) applicable to the Fund; and
 - the Switching Fee applicable for the proposed switch (if any).

To switch, simply complete a switch request form and send to our head office. Currently, there is no restriction on the frequency of switches. 3.10. COOLING-OFF PERIOD

Not applicable for corporations/institutions.

3.11. TEMPORARY SUSPENSION

We and the Trustee may temporarily suspend the dealing in units of the Fund, subject to the SC Guidelines and/or the Deed. Please note that during the suspension period, there will be no NAV per unit available and hence, we will not accept any

transactions for the applications, withdrawals, switches and/or transfers of units. If we have earlier accepted your request for withdrawals and switches of units, please note that there may be delay in processing those transactions and you will be notified accordingly. You will also be notified once the suspension is lifted.

3.12. DISTRIBUTION PAYMENT

Distributions (if any) will be made at the end of each distribution period. Each unit of the Fund will receive the same distribution for a distribution period regardless of when those units were purchased. The distribution amount you will receive is calculated by multiplying the total number of units held by you in the Fund with the distribution amount in cent per unit. On the distribution date, the NAV per unit will adjust accordingly. For more information on the distribution policy of the Fund, please see the “Fund information” chapter.

All distributions (if any) will be automatically reinvested into additional units in the Fund at the NAV per unit on the distribution date (the number of units is rounded down to two (2) decimal places), unless written instructions to the contrary are communicated to us. No Application Fee is payable for the reinvestment.

If units are issued as a result of the reinvestment of a distribution or other circumstance after you have withdrawn your investment from the Fund, those additional units will then be withdrawn and the proceeds will be paid to you. Distribution payments will be made in RM.

***Note:** Please note that we have the right to make provisions for reserves in respect of distribution of the Fund. If the income available is too small or insignificant, any distribution may not be of benefit to you as the total cost to be incurred in any such distribution may be higher than the amount for distribution. We have the discretion to decide on the amount to be distributed to you. We also have the discretion to make income distribution on an ad-hoc basis, taking into consideration the level of its realised income and/or realised gains, as well as the performance of the Fund.*

If the bank transfer remained unsuccessful and unclaimed for six (6) months, it will be reinvested into the Fund within thirty (30) Business Days after the six (6) months period based on the prevailing NAV per unit on the day of the reinvestment in circumstances where you still holds units of the Fund. No Application Fee is payable for the reinvestment. In the event that you no longer hold any unit in the Fund, the distribution money would be subject to the treatment mentioned in the above paragraph as prescribed by the UMA.

Unit prices and distributions payable, if any, may go down as well as up.

We have the discretion to amend the amount, rate and/or terms and conditions of the transaction information herein, subject to the requirements stipulated in the Deed. Where necessary, we will notify the Trustee and communicate to you on the amendments to the transaction information.
