4.0. FUND INFORMATION

- 4.1. The information under the section 1.1 of “**Principal Islamic Deposit Fund**” at page 1 to 2 has been replaced and read as below:

Investment Policy and Strategy

The Fund seeks to achieve its objective by investing at least 95% of the Fund's NAV in Islamic Deposits, which have a remaining maturity period of less than 397 days. Up to 5% of the Fund's NAV may be maintained in cash. The investment policy is to invest in liquid and low risk short-term investments for capital preservation*.

**The Fund is neither a capital guaranteed fund nor a capital protected fund.*

The Fund will be actively managed by undertaking duration strategies (i.e. placing in short-term versus long-term deposits) according to our assessment of the interest rate outlook and market conditions at that point in time. In addition, we also analyze the Fund injection and redemption patterns to actively manage the liquidity of the Fund.

Asset Allocation

The asset allocation strategy for this Fund is as follows:

- at least 95% of the Fund's NAV will be invested in Islamic Deposits; and
- up to 5% of the Fund's NAV in cash.

We formulate an interest rate outlook by considering factors such as the Malaysian inflation rate, monetary policies and economic growth. With an interest rate outlook and yield curve analysis, we identify the weighting of the investment tenure and credit for the Fund.

Risk management is at the core of our investment process. Every proposed decision made by the investment team is considered in the context of the overall portfolio risk-return trade-off. Our investment committee reviews the counterparties on a regular basis to ensure that the Fund invests in accordance with the Fund's objective. Hence, the Fund is constructed to be managed within the internal guidelines such as risk-return trade-off, which will be monitored regularly by the investment team.

The Fund adopts a liquidity risk management framework which sets out the governance standards, methodology and process for the oversight and management of liquidity risk. The framework outlines the responsibilities to assess and monitor liquidity risk of the Fund, and to ensure appropriate measures are taken to mitigate the risk. The liquidity risk management framework that we have put in place is as follows:

- Regular review by the designated fund manager on the Fund's investment portfolio including its liquidity level.
- Periodic assessments are carried out on the Fund's liquidity profile (under both normal and stress market conditions) and on the concentration of unitholders. These assessments allow the Fund to be proactively managed to mitigate liquidity concerns that may arise in the ordinary course of portfolio management as well as in relation to the Fund's ability to meet unitholders' withdrawal requests.
- Suspension of withdrawal requests due to exceptional circumstances where a material portion of the Fund's asset value cannot be determined (for example financial distress of banks resulting in the suspension of bank withdrawal). During the suspension period, withdrawal requests will not be accepted and in the event we have earlier accepted the withdrawal requests prior to the suspension is declared, the withdrawal requests will be dealt on the next Business Day once the suspension is lifted. The action to suspend withdrawal requests from Unit holders shall be exercised only as a last resort by the Manager.

Note: Please refer to “Temporary Suspension” for more information.

If the Fund is an EPF-MIS approved fund, the investments made by the Fund will be subject to EPF's requirements. Please note there may be changes to the status of the Fund, you may refer to our website at www.principal.com.my or www.kwsp.gov.my for updated information.

- 4.2. The information for “Exposure Limits” under the section 1.3 of “**Investment Restrictions and Limits**” for at page 2 has been replaced and read as below:

The Fund is subject to the following investment restrictions/limits:

Exposure limits

- The value of the Fund's investments in Shariah-compliant permitted investments which have a remaining maturity period of not more than 397 days must not be less than 90% of the Fund's NAV;
- The value of the Fund's investments in Shariah-compliant permitted investments which have a remaining maturity period of more than 397 days but fewer than 732 days must not exceed 10% of the Fund's NAV.

5.0. FEES, CHARGES AND EXPENSES

- 5.1. The section 2.3 **"Rebates and Soft Commissions"** at page 6 has been replaced and read as below:

We and the Trustee will not retain any form of rebate from, or otherwise share in any commission with, any broker or dealer in consideration for directing dealings in the investments of the Fund. Accordingly, any rebate or shared commission will be directed to the account of the Fund.

We may retain goods and services (soft commission) provided by any broker or dealer if the following conditions are met:

- (b) any dealing with the broker or dealer is executed on terms which are the most favourable for the Fund; and

6.0. TRANSACTION INFORMATION

- 6.1. The section 3.8 **"Cooling-Off Period"** at page 13 has been replaced and read as below:

Individual investors have six (6) Business Days after your initial investment (i.e. the date the complete application is received and accepted by us or our Distributors) to reconsider its appropriateness and suitability for your investment needs. Within this period, you may withdraw your investment at the same NAV per unit when the units were purchased or prevailing NAV per unit at the point of cooling-off (whichever is lower) ("Refund amount"). We will pay the Refund amount including the Application Fee (if any) to you in the currency of the respective Class within seven (7) Business Days, from the date we receive the complete documentations. Please note that the cooling-off right is only given to first time investor investing with us or our Distributors. However, Principal Malaysia's staff or a person(s) registered with a body approved by the SC to deal in unit trust funds are not entitled to the cooling-off right.

In addition, if you have invested via the EPF-MIS (where available), your cooling-off right is subject to the EPF's terms and conditions.

- 6.2. The section 3.11 **"Temporary Suspension"** at page 13 has been replaced and read as below:

We and/or the Trustee may temporarily suspend the dealing in units of the Class or Fund, subject to the GUTF and/or the Deed. Please note that during the suspension period, there will be no NAV per unit available and hence, we will not accept any transactions for the applications, withdrawals, switches and/or transfers of units. If we have earlier accepted your request for withdrawals and switches of units, please note that there may be delay in processing those transactions and you will be notified accordingly. You will also be notified once the suspension is lifted. In such case, you will not be able to redeem your units and will be compelled to remain invested in the Fund for a longer period of time than original timeline and until the suspension is lifted. Hence, your investments will continue to be subjected to the risk inherent to the Fund (please refer to the "Risk Factors" section in the Prospectus)

Dear Sirs

Taxation of the unit trust fund and unit holders

This letter has been prepared for inclusion in this First Supplemental Prospectus in connection with the offer of units in the unit trust fund known as Principal Islamic Deposit Fund (hereinafter referred to as “the Fund”).

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Fund and the unit holders.

Taxation of the Fund

The taxation of the Fund is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Fund comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Under Section 2(7) of the MITA, any reference to interest shall apply, mutatis mutandis, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Syariah.

The effect of this is that any gains or profits received (hereinafter referred to as “profits”) and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Syariah, will be accorded the same tax treatment as if they were interest.

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as ‘permitted expenses’) not directly related to the production of income, as explained below.

THIS IS A FIRST SUPPLEMENTAL PROSPECTUS WHICH HAS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS

"Permitted expenses" refer to the following expenses incurred by the Fund which are not deductible under Section 33(1) of the MITA:

- the manager's remuneration,
- maintenance of the register of unit holders,
- share registration expenses,
- secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

| | | |
|-------|---|---|
| where | A | is the total of the permitted expenses incurred for that basis period; |
| | B | is gross income consisting of dividend I, interest and rent chargeable to tax for that basis period; and |
| | C | is the aggregate of the gross income consisting of dividend ¹ and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period, |

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

Exempt income

The following income of the Fund is exempt from income tax:

- **Malaysian sourced dividends**

All Malaysian-sourced dividends should be exempt from income tax.

- **Malaysian sourced interest (profits)**

- interest from securities or bonds issued or guaranteed by the Government of Malaysia;
- interest from debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission;
- interest from Bon Simpanan Malaysia issued by Bank Negara Malaysia;
- interest derived from Malaysia and paid or credited by banks licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013²;
- interest derived from Malaysia and paid or credited by any development financial institution prescribed under the Development Financial Institutions Act 2002³;
- interest from sukuk originating from Malaysia, other than convertible loan stock, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority (LFSA)³; and
- interest which is specifically exempted by way of statutory orders or any other specific exemption provided by the Minister.

- **Discount**

Tax exemption is given on discount paid or credited to any unit trust in respect of investments as specified in items (i), (ii) and (iii) above.

¹ Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

² Effective from 1 January 2019, the income tax exemption for a unit trust fund, pursuant to Paragraph 35A, Schedule 6 of the Income Tax Act, 1967 shall not apply to a wholesale fund which is a money market fund.

³ Effective from the year of assessment 2017, the exemption shall not apply to interest paid or credited to a company in the same group or interest paid or credited to a bank licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013; or a development financial institution prescribed under the Development Financial Institutions Act 2002.

THIS IS A FIRST SUPPLEMENTAL PROSPECTUS WHICH HAS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS

Foreign sourced income

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempt from tax.

The Guidelines issued by the Malaysian Inland Revenue Board on 29 September 2022 define the term “received in Malaysia” to mean transferred or brought into Malaysia, either by way of cash⁴ or electronic funds transfer⁵.

Foreign-sourced income (FSI) received in Malaysia during the transitional period from 1 January 2022 to 30 June 2022 will be taxed at 3% of gross. From 1 July 2022 onwards, FSI received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax, and where relevant conditions are met.

Income Tax (Exemption) (No. 6) Order 2022 has been issued to exempt a “qualifying person”⁶ from the payment of income tax in respect of dividend income which is received in Malaysia from outside Malaysia, effective from 1 January 2022 to 31 December 2026. The exemption will however not apply to a person carrying on the business of banking, insurance or sea or air transport. As the definition of “qualifying person” does not include unit trust funds, it would mean that resident unit trust funds would technically not qualify for the exemption, unless there are further updates thereto.

Gains from the realisation of investments

Pursuant to Section 61(1) (b) of the MITA, gains from the realisation of investments will not be treated as income of the Fund and hence, are not subject to income tax. Such gains may be subject to real property gains tax (RPGT) under the Real Property Gains Tax Act 1976 (RPGT Act), if the gains are derived from the disposal of chargeable assets, as defined in the RPGT Act.

Implementation of Sales and Service Tax (“SST”)

Sales and Service Tax (“SST”) was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax at the rate of 6% is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration. Where the Fund incurs expenses such as management fees, the management services provided by asset and fund managers who are licensed or registered with Securities Commission Malaysia for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007, are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be subject to 6% service tax provided they fall within the scope of service tax (i.e. are provided by a “taxable person”, who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as “taxable services”).

Taxation of unit holders

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Fund.

The income of unit holders from their investment in the Fund broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

In addition, unit holders may also realise a gain from the sale of units.

⁴ “Cash” in this context is defined as banknotes, coins and cheques.

⁵ “Electronic funds transfer” means bank transfers (e.g., credit or debit transfers), payment cards (debit card, credit card and charge card), electronic money, privately-issued digital assets (e.g., crypto-assets, stablecoins) and central bank digital currency.

⁶ “Qualifying person” in this context means a person resident in Malaysia who is:

- (a) An individual who has dividend income received in Malaysia from outside Malaysia in relation to a partnership business in Malaysia;
- (b) A limited liability partnership which is registered under the Limited Liability Partnerships Act 2012; or
- (c) A company which is incorporated or registered under the Companies Act 2016.

THIS IS A FIRST SUPPLEMENTAL PROSPECTUS WHICH HAS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS

The tax implications of each of the above categories are explained below:

1. Taxable distributions

Distributions received from the Fund will have to be grossed up to take into account the underlying tax paid by the Fund and the unit holder will be taxed on the grossed up amount.

Such distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holder.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

2. Non-taxable and exempt distributions

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Fund will not be subject to Malaysian income tax in the hands of the unit holders.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the ITA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

Rates of tax

The Malaysian income tax chargeable on the unit holders would depend on their tax residence status and whether they are individuals, corporations or trust bodies. The relevant income tax rates are as follows:

| Unit holders | Malaysian income tax rates |
|---|---|
| Malaysian tax resident: <ul style="list-style-type: none">• Individual and non-corporate unit holders (such as associations and societies)• Co-operatives⁷• Trust bodies | <ul style="list-style-type: none">• Progressive tax rates ranging from 0% to 30%• Progressive tax rates ranging from 0% to 24%• 24% |

⁷ Pursuant to Paragraph 12(1), Schedule 6 of the MITA, the income of any co-operative society—

(a) in respect of a period of five years commencing from the date of registration of such co-operative society; and

(b) thereafter where the members' funds [as defined in Paragraph 12(2)] of such co-operative society as at the first day of the basis period for the year of assessment is less than seven hundred and fifty thousand ringgit, is exempt from tax.

Note 1:

Non-resident unit holders may be subject to tax in their respective countries depending on the provisions of the tax legislation in the respective countries and any existing double taxation arrangements with Malaysia.

Gains from sale of units

Gains arising from the realisation of investments will generally not be subject to income tax in the hands of unit holders unless they are insurance companies, financial institutions or traders / dealers in securities.

Unit splits and reinvestment of distributions

Unit holders may also receive new units as a result of unit splits or may choose to reinvest their distributions. The income tax implications of these are as follows:

- Unit splits – new units issued by the Fund pursuant to a unit split will not be subject to income tax in the hands of the unit holders.
- Reinvestment of distributions – unit holders may choose to reinvest their income distribution in new units by informing the Manager. In this event, the unit holder will be deemed to have received the distribution and reinvested it with the Fund.

We hereby confirm that, as at the date of this letter, the statements made in this letter correctly reflect our understanding of the tax position under current Malaysian tax legislation and the related interpretation and practice thereof, all of which are subject to change, possibly on a retrospective basis.
