Investment policy and strategy

The Fund seeks to achieve its Fund objective by investing up to 98% of its NAV primarily in Malaysian government Sukuk which includes but not limited to Government Investment Issue (“GII”) and Government Guaranteed Issuances (“GG”). At least 2% of its NAV will be invested in Islamic liquid assets such as Islamic money market instruments and/or Islamic Deposits for liquidity purposes.

We will formulate an interest rate outlook through examining factors such as the Malaysian inflation rate, monetary policy and economic growth. With an interest rate outlook and yield curve analysis, we will identify the weighting of the investment tenure, credit and sector for the Fund.

We will adopt a buy-and-hold strategy for the Fund where Malaysian government Sukuk purchased will be held until its maturity. However, we reserve the right to deal with the Malaysian government Sukuk in the best interest of the Unit holders including but not limited to circumstances where there is a change in the laws, rules, regulations, policies and/ or market/economic outlook, which may affect the investment of the Fund, or simply to meet withdrawal requests.

Asset Allocation

- Up to 98% of its NAV in Malaysian government Sukuk; and
- At least 2% of its NAV in Islamic liquid assets such as Islamic money market instruments and/or Islamic Deposits.

Risk management is at the core of our investment process. Every proposed decision made by the investment team is considered in the context of the overall portfolio risk-return trade-off.

The Fund will only invest in Malaysian government Sukuk, Islamic Deposits and Islamic money market instruments. Our investment committee reviews the counterparties on a regular basis to ensure that the Fund invests in accordance with the Fund's

objective. Hence, the Fund is constructed to be managed within the internal guidelines such as risk-return trade-off, which will be monitored regularly by the investment team.

In response to adverse conditions and as part of the risk management strategy, we may reduce holdings in longer tenured assets and channel these monies into shorter-term Islamic Deposits. We may also from time to time invest in Islamic liquid assets to safeguard the investment portfolio of the Fund provided that such investments are within the objective of the Fund.

a. Shariah non-compliant investments

The said investment will be disposed of or withdrawn with immediate effect or within a month of knowing the status of the investment. If the investment resulted in gain (through capital gain and/or profit), the gain is to be channelled to baitulmal or any other charitable bodies as advised by the Shariah Adviser. If the disposal of the investment resulted in losses to the Fund, the losses are to be borne by the Manager.

The Shariah Adviser is of the view that, given the prevailing circumstances, the Fund and its respective investments as disclosed and presented in this Information Memorandum are acceptable and within the principles of Shariah, subject to proper execution of the legal documents and other transactions related to the Fund.

1.9. RISK FACTORS

1.9.1. GENERAL RISKS OF INVESTING IN A FUND

Before investing, you should consider the following risk factors in addition to the other information set out in this Information Memorandum.

Returns not guaranteed

The investment of the Fund is subject to market fluctuations and its inherent risk. There is **NO GUARANTEE** on the investment returns, nor any assurance that the Fund's investment objective will be achieved.

Market risk

Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the fund's NAV.

Inflation risk

This is the risk that your investment in the fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce your purchasing power even though the value of the investment in monetary terms has increased.

Manager risk

This risk refers to the day-to-day management of the fund by the manager which will impact the performance of the fund. For example, an incorrect view by the manager of the market, non-compliance with internal policies, investment mandate, the deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the fund.

Financing risk

This risk occurs when you obtain loan/financing to finance your investment. The inherent risk of investing with money obtained from borrowing/financing includes you being unable to service the loan/financing payments. In the event units are used as collateral and if the prices of units fall below a certain level due to market conditions, you may be required to pay additional amounts on top of your normal installment. If you fail to comply within the time prescribed, your units may be sold at an unfavourable price and the proceeds thereof will be used towards the settlement of your loan/financing.

Shariah non-compliance risk

This is the risk of the fund not conforming to Shariah Investment Guidelines. The appointed Shariah Adviser for the Fund would be responsible for ensuring that the Fund is managed and administered in accordance with Shariah Investment Guidelines. Note that as the Fund can only invest in Shariah compliant instruments, non-compliance may adversely affect the NAV of the Fund when the rectification of non-compliance results in losses.

If the non-compliance due to active breach by the Manager (i.e: buying a Shariah non-compliant instrument), then any gain received arising from the disposal of the Shariah non-complaint instrument shall be purified and channelled to charitable bodies; however, if there is a loss arising from such disposal, the Manager shall bear the loss, subject to the consultation with the Shariah Adviser. Please refer to page 2 for more information on Shariah Investment Guidelines.

1.9.2. SPECIFIC RISK RELATED TO THE FUND

There are specific risks associated with the investment portfolio of the Fund, which include but are not limited to the following:

Interest rate risk

Interest rate risk refers to the impact of interest rate changes on the valuation of debt instruments and money market instruments. When interest rates rise, debt instruments and money market instruments prices generally decline and this may lower the market value of the Fund's investment in debt instruments and money market instruments. In managing the debt instruments, we take into account the coupon rate and time to maturity of the debt instruments with an aim to mitigate the interest rate risk. As for money market instruments, the typical tenor of these instruments are less than 12-month maturity and unlike debt instrument, any change to interest rate will only have a minor impact to the prices of these instruments.

Please note that although Malaysian government Sukuk is a non-interest bearing instrument, its price movement is correlated to the movement in the interest rates. As such, investment in Malaysian government Sukuk will have an exposure to the movement of the interest rates. Even though the Fund does not invest in interest bearing instruments, the interest rate referred herein is to the general interest rate of the country which may affect the value of the investment of the Fund.

Credit and default risk

The Fund will be exposed to a certain degree of credit and default risk of issuers or counterparties when the Fund invests in Malaysian government Sukuk, Islamic money market instruments and/or place Islamic Deposits. Credit risk relates to the creditworthiness of the securities issuers or counterparties and their expected ability to make timely payment of profit and/or principal. Any adverse situations faced by the issuer or counterparties may impact the value as well as liquidity of the investments. In the case of rated Malaysian government Sukuk or issuer, this may lead to a credit downgrade. Default risk relates to the risk that a securities issuer or counterparties either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the investments. This could adversely affect the value of the Fund. We aim to mitigate this risk by performing bottom-up and top-down credit research and analysis to determine the creditworthiness of its issuers or counterparties, and impose investment limits on exposures for issuers or counterparties with different credit profiles as a precautionary step to limit any loss that may arise directly or indirectly as a result of a defaulted transaction.

The above summary of risks does not purport to be an exhaustive list of all the risk factors relating to investments in the Fund and are not set out in any particular order of priority. You should be aware that investments in the Fund may be exposed to other risks from time to time. Please consult your professional advisers for a better understanding of the risks.

Management Fee	0.15% per annum	0.20% per annum
NAV of the Class	MYR 150 million	MYR 150 million
Management Fee for the day = NAV of the Class x Management Fee rate for the Class (%) / 365 days	= MYR 150 million x 0.15%/365 = MYR 616.44	= MYR 150 million x 0.20%/365 = MYR 821.92

We will carry out the valuation of the Fund in a fair manner in accordance with applicable law and guidelines. The valuation bases for the investments permitted by the Fund are as below:

- **Listed Shariah-compliant instruments**
The value of any Shariah-compliant permitted investments, which are quoted on an approved exchange, shall be calculated daily by reference to the last transacted price on that approved exchange. If the last transacted price does not represent the fair value of the securities, then the securities should be valued at fair price as determined in good faith by us, based on the methods or bases approved by the Trustee after appropriate technical consultation, such as the mean of bid and offer prices at the close of trading. Suspended securities will be valued at their last done price unless there is conclusive evidence to show that the value has gone below the suspended price or where the quotation of the securities has been suspended for a period exceeding fourteen (14) days or such shorter period as determined by the Trustee, whereupon their fair value will be determined in good faith by us based on the methods or bases approved by the Trustee after appropriate technical consultation.
- **Unlisted Shariah-compliant instruments**
The value of any unlisted MYR-denominated Malaysian Government Sukuk shall be calculated on a daily basis using prices quoted by a Bond Pricing Agency (“BPA”) registered with the SC. Where such prices are not available or where we are of the view that the price quoted by the BPA for a specific Malaysian Government Sukuk differs from the market price by more than twenty (20) basis points, we may use the market price by reference to the last available quote provided such quote was obtained within the previous thirty (30) days and we will record the basis for using a non-BPA price, obtained necessary internal approvals to use the non-BPA price and keeps an audit trail of all decisions and basis for adopting the market yield.
- **Islamic money market instruments**
Islamic money market instruments such as negotiable instrument of deposits and commercial papers shall be valued by reference to the quotes provided by independent and reputable pricing source(s), which is deemed fair value, includes but not limited to BPA registered with the SC. Where the quotes are provided by financial institutions, the valuation of the Islamic money market instruments will be based on the average of bid and offer prices quoted by three (3) independent and reputable financial institutions of similar standing at the close of trading, based on the methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.
- **Islamic Deposits**
The value of Islamic Deposits shall be determined each day by reference to the principal value of such permitted investments and the profit accrued thereon for the relevant period.

3.2. UNIT PRICING

We adopt a single pricing method for any transactions (i.e. applications, withdrawals, switches and/or transfers) based on forward prices. This means that we will process your transactions request based on the NAV per unit at the next valuation point after we receive the completed relevant transaction forms from you.

If the transactions are made by 4:00 p.m. on a Business Day, we will process the transactions using the NAV per unit for that Business Day. For transactions made after 4:00 p.m. on a Business Day, we will process the transactions using the NAV per unit on the next Business Day.

We will carry out the valuation point for the Classes for a Business Day at the end of that Business Day (T). The NAV per unit for a Business Day is available on our website at www.principal.com.my after 10:00 a.m. on the following Business Day (T+1).

Illustration:

For transaction request received by us by 4:00 p.m. on a Business Day

At the end of Business Day on 15 June 2021, your units will be calculated based on the NAV per unit on 15 June 2021, which will be calculated on 15 January 2020. The NAV per unit will be available on our website after 10:00 a.m. on 16 June 2021.

For transaction request received by us after 4:00 p.m. on a Business Day

At the end of Business Day on 15 June 2021, your units will be calculated based on the NAV per unit on 16 June 2021, which will be calculated on 16 June 2021. The NAV per unit will be available on our website after 10:00 a.m. on 17 June 2021.

The Fund must be valued at least once every Business Day. The method of determining NAV per unit of the Class is calculated as follows:

$$\text{NAV per unit of the Class} = \frac{\text{NAV of the Class}}{\text{Number of units in issue of the Class}}$$

The NAV of the Fund is the sum of the value of all investments and cash held by the Fund (calculated in accordance with the Deed) including income derived by the Fund which has not been distributed to you, less all amounts owing or payable in respect of the Fund including any provisions that we and the Trustee consider should be made. For example, a provision may be made for possible future losses on an investment which cannot be fairly determined.

The valuation of the Fund is in the base currency i.e. MYR. The NAV per unit of each Class will be the NAV of the Fund attributable for each Class divided by the number of units in circulation of that Class, at the same valuation point.

Note: We will ensure the accuracy of the prices submitted to the Federation of Investment Managers Malaysia - Funds Malaysia System.

3.2.1. Multi-class Ratio (MCR)

MCR is the apportionment of the NAV of each Class over the Fund's NAV based on the size of each Class. The MCR is calculated by dividing the NAV of the respective Class by the NAV of the Fund before income and expenses for the day. The apportionment is expressed as a ratio and calculated as a percentage.

Below is an illustration on computation of the NAV of the Fund:

	Fund (MYR)	Class ABC (Denominated in MYR) (MYR)	Class XYZ (Denominated in MYR) (MYR)
NAV of the Fund before income and expenses	185,942,897	173,342,897	12,600,000

Less: Expenses	(10,000)	MCR x Expenses = Expenses for Class ABC = 93.22% x MYR 10,000 = MYR 9,322	MCR x Expenses = Expenses for Class XYZ = 6.78% x MYR 10,000 = MYR 678

Note: Please note that the above is for illustration purpose only. NAV per unit is truncated to four (4) decimal places.

3.2.2. Calculation of investment amount and units entitlement

The calculation below is for illustration only and does not represent the actual percentage or amount that you may incur for in each Class. Please refer to the Annexure of the respective Class for the actual percentage or amount of charges.

Illustrations:

Calculation of number of units received, Application Fee and total amount payable by you

Assumptions:

NAV per unit of Class ABC denominated in MYR = MYR 0.5000 (truncated to 4 decimal places)
 Application Fee = Nil
 You wish to invest MYR 10,000 in the Class ABC.

Calculation of number of units that you will receive*

= Investment amount / NAV per unit of Class ABC
 = MYR 10,000.00 / MYR 0.5000
 = 20,000 units

Calculation of Application Fee that you will incur (payable in addition to the amount invested)

= NAV per unit of Class ABC x number of units received x Application Fee rate
 = MYR 0.5000 x 20,000 units x 0%
 = MYR 0

Calculation of total amount that you will have to pay

= Investment amount + Application Fee paid
 = MYR 10,000.00 + MYR 0.00
 = MYR 10,000.00

* The number of units that you receive will be rounded down to two (2) decimal places.

Calculation of investment value

Assuming you have 40,000 units of Class ABC of the Fund and the NAV per unit of Class ABC for the day (which will be made known on the following Business Day) is MYR 0.5110 (truncated to 4 decimal places).

Calculation of investment value

= Number of units x NAV per unit of Class ABC
 = 40,000.00 units x MYR 0.5110
 = MYR 20,440.00

Calculation of withdrawal value and amount payable to you

Assuming you have 50,000 units Class ABC of the Fund, you wish to withdraw MYR 10,000.00 from your investment. Your withdrawal request is received by us by 4:00 p.m. on a Business Day. The NAV per unit of Class ABC for that Business Day (which will be made known on the following Business Day) is MYR 0.5230 (truncated to 4 decimal places).

Calculation of number of units you withdraw

= Withdrawal value / NAV per unit of Class ABC
= MYR 10,000.00 / MYR 0.5230
= 19,120.45 units

Calculation of number of your remaining units

= Units held before withdrawal - Units withdrawn
= 50,000 - 19,120.45
= 30,879.55 units

Calculation of amount payable to you

= Withdrawal value - withdrawal penalty paid
= MYR 10,000.00 - MYR 0.00
= MYR 10,000.00

3.3. INCORRECT PRICING

We shall take immediate remedial action to rectify any incorrect valuation and/or pricing of the Fund or units of the Fund. Where such error has occurred, we shall reimburse the money in the following manner:

- (a) in the event of over valuation and/or pricing, we shall reimburse:
 - (i) the Fund for any withdrawal of units; and/or
 - (ii) you, if you have purchased units of the Fund at a higher price; or
- (b) in the event of under valuation and/or pricing, we shall reimburse:
 - (i) the Fund for any subscription of units; and/or
 - (ii) you, if you have withdrawn units of the Fund at a lower price.

Notwithstanding the above, unless the Trustee otherwise directs, we shall make the reimbursement only where an incorrect pricing:

- (i) is equal to or more than 0.50% of the NAV per unit; and
- (ii) results in a sum total of MYR 10.00 or more to be reimbursed to a Unit holder for each sale or withdrawal transaction.

We shall have the right to amend, vary or revise the aforesaid limits from time to time.

3.7. MINIMUM BALANCE

The minimum balance that must be retained in your account for each Class may differ and may be determined by us from time to time. Please refer to the Annexure of the respective Class for further information. If the balance (i.e. number of units) of an investment less than the minimum number of units stipulated, you are required to make additional investment in order to meet the required minimum balance of investment. Otherwise, we have the discretion to switch your units to another Class with lower minimum balance requirement which may subject to higher fees or we can withdraw the entire investment and forward the proceeds to you.

Note: We may, for any reason at any time, where applicable, reduce the minimum balance, either generally (for all Sophisticated Investors) or specifically (for any particular Sophisticated Investor, a group of Sophisticated Investors or investments made via any digital platform) without prior notice to you. 3.8. SWITCHING

You may contact our **Customer Care Centre** at (03) 7718 3000 or **Corporate & Institutional Business** at (03) 2084 8888 for more information on the availability of switching. Please also refer to the Annexure of the respective Class for further information.

To switch, simply complete a switch request form and send to our Distributors or our head office. Currently, there is no restriction on the frequency of switches. However, we have the discretion to allow or to reject any switching into (or out of) the Fund or

Class, either generally (for all Sophisticated Investors) or specifically (for any particular Sophisticated Investor, a group of Sophisticated Investors or investments made via any digital platform).

3.8.1. Processing a switch

We process a switch as a withdrawal from one fund or class and an investment into another fund or class within Principal Malaysia's funds. If we receive a complete switch request by 4:00 p.m. on a Business Day, we will process the switch-out using the NAV per unit of the fund or class for that Business Day. You may transfer your units to other eligible Sophisticated Investors subject to such terms and conditions as may be stipulated in the Deed. You may be charged a Transfer Fee for each transfer. However, we may refuse to register any transfer of a unit at our absolute discretion. Please refer to the Annexure of the respective Class for further information.

3.10. COOLING-OFF PERIOD

You have six (6) Business Days after your initial investment (i.e. from the date the application form is received and accepted by us or any of our Distributors) to reconsider the appropriateness and suitability for your investment needs. Within this period, you may withdraw your investment at the same NAV per unit when the units were purchased. We will refund the investment amount including Application Fee (if any) to you within ten (10) days from the date we receive the complete documentations. Please note that the cooling-off right is only given to first time investor investing with us or our Distributors. However, Principal Malaysia's staff and person(s) registered with a body approved by SC to deal in unit trust are not entitled to the cooling-off right.

3.11. TEMPORARY SUSPENSION

We and the Trustee may temporarily suspend the dealing in units of the Class and/or Fund, subject to the GLOLA and/or the Deed. Please note that during the suspension period, there will be no NAV per unit available and hence, we will not accept any transactions for the applications, withdrawals, switches and/or transfers of units. If we have earlier accepted your request for withdrawals and switches of units, please note that there may be delay in processing those transactions and you will be notified accordingly. You will also be notified once the suspension is lifted.

3.12. DISTRIBUTION PAYMENT

Distribution policy may be different for each Class. Please refer to the Annexure of the respective Class for further information.

Depending on the distribution policy of the respective Class, distribution (if any) will be made at the end of each distribution period to the Classes according to its distribution policy. Each unit of the Class will receive the same distribution for a distribution period regardless of when those units were purchased. The distribution amount you will receive is in turn calculated by multiplying the total number of units held by a Unit holder in the Class by the cent per unit distribution amount. On the distribution date, the NAV per unit will adjust accordingly.

All distributions (if any) will be automatically reinvested into additional units in the Class at the NAV per unit on the distribution date (the number of units is rounded down to two (2) decimal places), unless written instructions to the contrary are communicated to us, in which you should have first furnished us with details of your bank account, that all distribution payment shall be paid into (the cost and expense will be borne by you). No Application Fee is payable for the reinvestment.

If units are issued as a result of the reinvestment of a distribution or other circumstance after you have withdrawn your investment from the Class, those additional units will then be withdrawn and the proceeds will be paid to you. Distribution payments will be made in MYR.

Note: Please note that we have the right to make provisions for reserves in respect of distribution of the Fund. If the income available is too small or insignificant, any distribution may not be of benefit to you as the total cost to be incurred in any such distribution may be higher than the amount for distribution. We have the discretion to decide on the amount to be distributed to you. We also have the discretion to make income distribution on an ad-hoc basis, taking into consideration the level of its realised income and/or realised gains, as well as the performance of the Fund.

3.13. UNCLAIMED MONEYS

Any moneys payable to you which remain unclaimed after twelve (12) months as prescribed by Unclaimed Moneys Act, 1965 ("UMA"), will be surrendered to the Registrar of Unclaimed Moneys by us in accordance with the requirements of the UMA. Thereafter, all claims need to be made by you with the Registrar of Unclaimed Moneys.

However, for income distribution payout to you by cheque, if any, which remain unclaimed for six (6) months will be reinvested into the Fund within thirty (30) Business Days after the expiry of the cheque's validity period based on the prevailing NAV per unit of the Fund on the day of the reinvestment in circumstances where you still holds units of the Fund. As for income distribution payout by bank transfer, if any, shall be transmitted to your valid and active bank account. If the bank transfer remained unsuccessful and unclaimed for six (6) months, it will be reinvested into the Fund within thirty (30) Business Days after the six (6) months period based on the prevailing NAV per unit on the day of the reinvestment in circumstances where you still holds units of the Fund. No Application Fee is payable for the reinvestment. In the event that you no longer hold any unit in the Fund, the distribution money would be subject to the treatment mentioned in the above paragraph as prescribed by the UMA.

Unit prices and distributions payable, if any, may go down as well as up.

We have the discretion to amend the amount, rate and/or terms and conditions of the transaction information herein, subject to the requirements stipulated in the Deed. Where necessary, we will notify the Trustee and communicate to you on the amendments to the transaction information.
